Dear Comrade Tebogo,

Happy Xmas and New Year. Comrade, this is my second fax in a fortnight re : U.N. Seminar on East Asian Action Against Apartheid to be held 23-25 January in Tokyo, 1990.

The local U.N. office is calling me everyday about re : ANC delegate. But they also alleges that our HQ told the U.N. Special Committee against Apartheid that they have not received any information about the above seminar. If that is the case, it is highly regretable.

Comrade, can you send whatever information available to DIA as soon as possible. PAC and other foreign delegates have already confirmed participation. I will be leaving Japan on January 5 until 19, so it will be better if I know who is coming before my departure. We also wanted to invite the delegates, like Senator Kennedy, Jassie Jackson among others to attend some reception on Jan. 24 our office is planning. Other meetings can be arranged in addition to the participation in the seminar.
