Dear Madam

2ND NOTICE

This letter serves to inform you that since there is no co-operation between yourself and the undersigned and due to the state of the surroundings inside the fence when I passed there on the 11th of this month, I am left with no alternative but to chase you from the house on 31st January 1990.

I want clean, mature and understanding people to occupy the house. I must mention it to you that the house was looking clean at the time when Gibson used to stay there.

Please take this as official notification as no reminder will be served again.

Yours faithfully

I am therefore, bringing it to your attention that this lady moves out of the house by 31st this month as there is no co-operation between her and the undersigned.

I must mention it to you also that I was not impressed by the state of the inside the fence on my last visit on 11.01.90. Let someone else clean and mature enough stay there. I also wish to point out that the surroundings was to my satisfaction at the time of Gibson.
