Dear Comrade

We are in receipt of two application letters for marriage, one signed by you and the other from Comrade Mike Themba.

Zenempi Sihlangu and Evodia Matume

We have discussed this matter with Comrade Eva in line with our decision that applications for marriage ought to reflect the wishes of both parties and she says marriage is still too early for her. Please convey this to comrade Zenempi. She did not know about the application by the Comrade.

Mike Themba and Siziwe Magongo

Although this application was not accompanied by your own letter, we raised the matter with Comrade Mzwai who urged us to grant permission. He says both comrade are good. We therefore grant the requested permission without delay and hope that we have your agreement too.

Amandla Matla!
