AME etntioi;

The question of Comrade N. Inesemzi: Comrade M reported in one of their meetings that coming of comrade Nememzi was questioned and. before she could account for this aspect comrade Dune! intervened on her behalf and told. the Production Unit that he is in the. position

to explain the behaviour of comrade NM;

Comrade Jew: People have stated their personal experience with comrade Jem- the committee felt that there was a lack of criticism in the Production unit and comrade seem to be afraid. of correcting the fellow colleagues in the Units.

Comrade Dennis added. by saying that comrades who are holding responsibility should must think that they are immune and that comrades have no right to criticise then such an approach or attitude should be discouraged in the unit.

& With this facts at its disposal the Committee & I felt that comrade Doodles should be asked and. be told. of the danger of such tendencies in the educational Unit and

to be made aware of 492.33. how 'M , there after assign: two members of the W.C. including Comrade Doodles to monitor their

task is to explain to the comrades the importance of correcting each other if one of us goes astray;

g2:

Cehade Mefu told. the house that Comrade Sidney has been given site sheet stating that the comrade should not work in the sun, responding to that Comrade Dennis reminded the house of the similar case of which involved comrade Arthur Nkhai'o who used. these site sheets as scape goats.

The .prelident speech in accordance with the complex; more especially the building site';

The President charged us with a. ten of buildigg this project effecientlj. In developing this aspect Comrade Dennis raised. the following factors;

We as a. Commity don't have something or social actittty which bring us together, hence today we are faced. with this question a. glib prevailing between the workers at th e

construction and. all the school students. structural; and. in order te combat this issue we as members of this Commity, should device means of bringing the two closer to etch ether, he then proposed that He could. .

- organise a two hour work on Sundays uhieh could. include all sectors of Complex from the Director to pioneer.

with this we would be in a. position of proving that we can also maintain our buildings and that would have in imports: on our sources;

It turn i will be developing a good. attitude towards labour mengst the mieus members of our cemnitfo

- The Works Cemdttee should be the main drive force of the factor;

- These points were based. of the fact that in one of our centres Comrades ml. to set up a similar pregrame audit the whole thing was maesfullf;

As a fellow up, cemrades proposed. that we should. involve ether fronts, e.g. the youth, Political lmm and. the works committed;

The Cemittee felt in the manner will be in a pesitien of mobilising the .whele Geumnity, for these bodies would. have suggested ways of tuning Unit mttersib

Contribution to i this issue Comrade Spencer proposed that we should analyse this whole ' matter properly in order to be of contributing.

Lastly the 3.0. agreed that this matter should be continued in the next meeting of the Comunity.

Renovatie: team:

It was clearly stated that Comrade Joe Kabetse belongs or is member of the Site Unit and that if member of this team misbehave we have th: 1:21.596 ue intervene on behalf of the mrks Cemitteef.

girder; importance for m. l , Comrade Dennis premised to follow up this matter;

iedm: It m proposed that this question should. be dealt with in a special meeting .f the "OC.
