Dear Mr. Idris,

re : ANC/79/001 - CONSULTANCY MISSION

The discussions that we had with you yesterday, were not only exhaustive but extremely encouraging and enlightening. We are indeed thankful.

As indicated in the course of those discussions, we should be pleased to receive travel assistance for a representative of our Movement at Headquarters in Lusaka to enable him to come to participate in the work of the Consultancy Mission in October. For our part, we shall, as is the practice, be responsible for his upkeep during the currency of the mission.

Your recommendation therefore in support of this application, will be most helpful.

Yours fraternally,

M. Msimang

Dear Mr. Merrem,

re : ANC/79/001 - CONSULTANCY MISSION

Following the discussions we have had with you and, subsequently, with the Representative of UNESCO recently, we now wish to request you to send a formal letter of invitation to Habitat to participate in the field visit of the Consultancy Mission due to take place in Morogoro next October.

As the Nairobi-based Representative of Habitat, Mr. Michael Platzer, assured us of his Agency's preparedness to attend at any time and at their own expense, we therefore have no cause to fear that an invitation at this late stage will interfere with the schedule of the mission. Nevertheless, we are to reiterate our concern that the fielding of the mission should under no circumstances be delayed.

A copy of your communication to Habitat will be greatly appreciated.

Yours sincerely,

M. Msimang
