0 near Freya,

We have travessed a long and hard road and have almost an'ived at the point of achieving our ultimate goal. The political process currently underway will climax in a national election for an interim government and constituent assembly. We are working to ensure that this takes place within the next 9 to 12 months.

Whatever the date, we need to be fully prepared for the elections. We have fought a bitter struggle and it will be a tragedy not only for the ANC but for all our people who have suffered and endured so much, if the democratic forces were unable to win this the most important election in the entire history of our country.

A key component of our election campaign is fundraising. Without a considerable levelling of resources, there can be no such thing as a free and fair election in South Africa.

We now require your further support at this most crucial point in our history.

Please can you send your donation to our Election Campaign Fund, postgiro number . 0809 2535003.

Yours sincerely,

xii
