Dear Mohamed,

Enclosed please find the agreement between the Batlagae Trust and the Finnish Library Association about the Fort Hare Archive Project. So as to complete the formalities about this agreement, I hope you will kindly sign the form at your earliest convenience and return it to me as soon as possible. It seems that releasing the funds still depends on signing this paper!

I hope that Mohamed Hussein has already informed you that FLA is still expecting an invoice from you concerning the expenses incurred by John Pampallis. A fax does not seem to suffice, and the matter is a rather urgent one now since the accounts of the project should have been closed by the end of September.

I am still finding out about Ike's salary during his stay at Mazimbu. If the Ministry will agree to paying it I hope the money can be channelled to Ike through your account.

Wishing you all the best,

Marjatta Lahti
