a. The meeting for the reviving of the YC-committee still has to be convened.

Cde. Makgothi stresses the imbortence Hf the meeting and a date will be set next week. There is no idea of the YC being a temporarily place to stay.

b. The necessity of reshufflin: teachers to the Units is explained. Cde. Makgothi says that the students were not supervised at all. The whole set-up is meant that teachers should live near the school to as ist the boardingstaff. Also to create a home-feeling as much as possible. The principal will see who will be assigned what duty and how many teachers should be involved.

Cde. Zolani's case is clarified. He is staying temporarily in Ilala. He does not need a residence for his work and is to be moved to the YC.

ort

a. The past 4 weeks non-workers have been moved, evggeas jeoyle from town and kihonda, to Dakawa. The workers from Mazimbu, who were moved to Dakawa will get first preference with accomodation.

b. Area-committees should not make any transfer of peowle without censulting the HO.

6. List of vacant roams: # double-rooms (Ilala 1, Tabora 2, Unit 3-1) and

. 3 singel-rooms (Unit 3, Cepenham and Tabora (upto May))..

1&0 louvres, 136 louvre-frames (lockingsystem breaks), cupboardlocks and outside-doorlocks (keys get lost), gauzewire in CC (damaged by Primary School children), gauzewire in residences (damaged by thieves), Tabora is repainted.

Tabora is repainted to early, this means that people are careless with AKC-prOperty, also seen the other repairs. It should be implemented that peOple are charged for repairs to make them more carefull. Eirst it should be announced.

. In a meeting it was brought forward: - the YC won't close down

- itvis overcrowded, each block should

only have 12 people

- the HO should consult first, before

putting somebody

6 people are there onofficially:

- 2 adult education-teachers who came while deployment was frozen

- 1 who is supposed to be in Dakawa, but says he has TB (so should be in hOSpital)

- 1 must go to Dakawa, because he impregnated a girl. It will be discuSSed with the P0

The facilities are too little for the original amount of people.

A committee has to be elected. What is the policy about unmarried couples, who stay together and of which one is here illegally.

cde. Makgothi answers that the person hho is here illegal has to go back. Mar-ried couples shouldn't be given work, when there is not sufficient accomodation.

Dakawa has to be develOped still and Mazimbu is developed. ,

A new committee has to be set up, but the commissar was not in Mazimbu.

HO says that the duties of the commissar wil be redefined. This on request of the DU-commissar.
