REGISTRY

Starting Time 09:15 hours

Present:

At the start of the meeting, the chairperson of the meeting proposed that a secretary be appointed by the house so that minutes can be made available at all seatings when required. Then, the house suggested that it should be someone from the Director's office; and the name of Cde Sasha Kani was recommended and that he be assisted by Cde Moffat Monakgotla.

Minutes of the previous meeting were mapped out by Cde Makopo, as there was no proper record, kept of those minutes. But over and above the mapping was passed as true reference by the house and the proceedings became normal.

The discussion related to the above map-up was on the emergency meeting held on the 02 August, 1991.

Cde Pule Tsatsi, distributed minutes taken by him on the 12 August 1991, which were read to the house by the Chairman of the day Cde I. Makopo, and topical issues as per agenda were passed as a true record and further discussion ensued due to their nature, where necessary actions were recommended such as the E.O.C. matters, as whether it should go on as an institution of learning and that now that the Principal, who has been abroad is back should be accorded his position, then the house agreed that he should proceed with his duties as a Principal. A letter was to be arranged from the directorate of both settlements - Dakawa and Mazimbu, to that effect.

The question of E.O.C. was the most important one, it was still requested that the V.T.C. occupation of the E.O.C. premises should be left until repatriation takes place as there is no proper accommodation for those who will have to vacate the premises, and for they are not prepared to part of the institutionalized comrades.

The house nominated the following comrades to head the adult education set-up.

a) Tweed Mathe - Principal; b) Openheimer, c) S. Pitso, d) Fenny Dlamini, e) Ben Sechaba and f) Mompoti were suggested to assist. The ex-officio members are Cdes Isaac Makopo, Kenneth Kotelo and Pule Tsatsi.

People from Charleston, who were said to be the students were actually not forth coming as was said before and that some were not eager to learn.
