Dear Cde Patricia,

On behalf of the Department of Education, I extend our sincere gratitude to you for

providing us with a 4-week computer training course in February - March 1989.

The five Department members who were able to complete the course are now able to utilise our computers and this has improved the administrative capacity of the Department.

We commend the method and quality of your instruction and wish to express our thanks for the additional help you gave individuals outside the training time-table.

Our appreciation is also extended to your Department for its cooperation.

In the Year of Mass Action for People's Power!
