- It was observed in the meeting that since it is not: .known when this DIA  
meeting will take place and the usual slackness on the part of Head- qmarter  
in responding to some issues and advantage shoald be taken of the presence  
of the treasury committee for Lusaka Viz. R. Mancu, and G. Nalcker,.to add

- It was also obeserved that it was not the reluctance of the Treasury depar-  
but the BIA since the T60 has lsng requested the DIA to submit a list of 11  
external staff, and has not responded thus far.

- A note was made that the question of salaries is an issue to be finalised  
by DIA and therefore the meeting should concentrate on the increamehtcfw  
allcwances and hcw much does the administration think will suffice without
