Dear Comrade Kajanoja,

Please accept the ANC's profound gratitude for your Party's total and unswerving support to the ANC and the struggle against apartheid. In particular, we need to place on record the magnificent solidarity festival, marking your 70th anniversary, where 5000 FIM was collected in support of the ANC. This was indeed the first substantial donation to our cause since our recent arrival here in Finland to open the Office.

On behalf of the ANC I wish to extend to you, the Central Committee, and all the party members the ANC's warmest greetings of friendship and solidarity.

The struggle continues.

Mohamed Hussein
Chief Representative
