RE Cde Jackson Pifo

Dear Cde Tim,

We request you to release ode Pifo to the VTC. Ode Pifo has extensive experience in plumbing and pipe fitting. We are fully aware that the ode has not had opportunity for the certification of this knowledge.

Our problem is that we shall only have one ANC plumber returning from Finland when we commence training; in October 1988. With the VSO volunteer expected from the United KingdomIwe shall then have inadequate staffing for the Department of len'bing and pipe fitting. We Would. like cde Fife to assist in this Department with his experience as "technical training assistance".

We then later hope to assist him for further upgrading and certification.
