 Dear Mr. Mafole,
 I am writing as a follow up to my telephone call to
 you to invite you to address the Ad Hoc Committee on
 Apartheid of the National Jewish Community Relations
 Advisory Council on Tuesday, April 23, 1991. Our
 meeting will be .held at our' office at 443 Park
 Avenue South, 11th Floor (corner 30th street)
 beginning at 10:00 a.m..
 If you are able to join us, we would like to address

the group at 12:00 noon. We can adjust the time of your remarks if it is necessary to accommodate your schedule.

Mr. Mafole, as you probably recall, NJCRAC is the national advisory, coordinating body for the field of Jewish community relations. We represent the broadest spectrum of organized American Jewry through our 13 national and 120 community member agencies. Our public policy agenda has for many years considered the elimination of the apartheid regime as one of our priorities. In this regard, I have sent to you copies of our position on this issue and in our last meeting, amplified on that position.

Since some of the leaders in the Jewish community most concerned with this issue have already met with you on several prior occasions, I believe that it would be most fitting for me to continue our dialogue and expand it to the subject in question. Your close proximity to our office is most fortunate, particularly due to the limitations on our travel budget.

The meeting will begin with an update by Steve Davis of IRRC, and author of "Apartheid's Rebels", followed by some discussion. Thereafter we hope to hear from you and Ambassador Harry Schwartz, although we have not yet invited him. As you might expect, there are many in our community who would be interested in hearing from him. I hope to hear from you as soon as possible, so that I can confirm the arrangements for the meeting. Please would you call me at your earliest convenience.

Sincerely,

/

 Dear Hon. Mafole:
 I have not yet had the opportunity to formally wish you
 greetings in the new year. It seems that our attention
 for the last few weeks has been focussed entirely on the

events in the Middle East.

Many of our member agencies were disturbed by the report in the January 22, 1991 copy of the Jewish Telegraphic Agency regarding the response by semthEE_3upportere or members to the current Middle East conflict. In particular I was interested in your comments on the rally reported in the attached article and on Winnie Mandela's comments on the suffering of the Palestinian people.

I would like the opportunity to discuss this issue with you and clarify to Our members the actual position of the ANC vis-a-vis the Persian Gulf war and the position of Israel with respect to this war.

As always, my very best Wishes to you.

Sincerely,
