Dear Comrades,

This is a somewhat belated acknowledgement of your contribution of 4000 FIM towards the opening of our office.

Be assured of the ANC's gratitude for another act of solidarity from the Finish Peace Committee and its affiliated organisations.

Your solidarity, expressed in so many diverse forms over the years, is a very important contribution to the overall drive in the battle against apartheid here in Finland. We look forward to your continued co-operation now that we have an office in Finland.

Fraternal greetings to all members and functionaries.

AMANDLA !!

Mohamed Hussein
