Dear Friends,

Further to our letter dated May 20, 1987 we hereby acknowledge with thanks receipt of your telex message of 28/07/87 which was from CSS Sezione Ticino and signed by your President Mr. Werner Nussbaumer and Secretary Ms. S. Airoidi-Pirovano.

In response to your telex we hereby inform that as from August 8, until the first week of September I will be away in Africa for routine consultations with my leadership and also to attend our National Youth Conference.

All things considered, it seems to me it would be advantageous for us to meet before I leave possibly in Rome so that we can avoid visa delays that will occur if I were to travel to Lugano. I am sorry my proposal comes rather at short notice however, if you cannot manage to visit Rome within the days ahead we will understand.

We look forward to fruitful cooperation with your group and wish you success in your work.

Yours fraternally,

BENNY NATO DE BRUYN
Chief Representative
