TO ALL SWISS GROUPS AND OTHER INTERESTED PERSONS

- DO NOT PUBLISH FOR THE TIME-BEING

Important Communication:

We request you to communicate the following warning to all members of resistance organisations (particularly the clergy) and to opponents of Southern Africa regimes who are in Switzerland presently (South Africa, Namibia, Mozambique, Angola, Guinea).

Actually, a group composed of at least 3 U.S. Americans and 2 South Africans are actually in Switzerland with the aim of:-

- 1) Organising delivery of arms to South Africa (some days ago a contract on the delivery of armoured cars was concluded);
- 2) Assassinating opponents or members of resistance organisations residing in Switzerland or passing through (i.e. people of Southern African origin or specially working on this region).

Concerning the people in question

The U.S. Americans actually stay at the DOLDER Hotel in Zurich; 1 of the 3 is a former officer (corporal) of the U.S. Army and has the first name of "Jim".

One of the South Africans - Hans, is an important police officer in Johannesburg (in Switzerland for the last 6 months), the second South African is called Janssen, and of German origin and has lived in South Africa since 1930. He has invested capital in Mozambique (fishing). His importance is shown by the fact that he was invited by the South African Embassy in Bonn last week.

The 2 South Africans reside in Hotel SCHAUBLE at Zahringstrasse in Zurich.

They receive money from the US State Department to pay their expenses. Their activities are carried out with the agreement

of the Southern African authorities, this is proved by the fact that they can travel in the countries of this region without getting their passports stamped. They pretend to be members of an "International Movement" with an office in London.

The five people are dangerous, they want to eliminate all resistance movements, particularly active priests. Of their methods, they themselves say:

"We do the same thing they did to Rosa Luzembourg" or, simply "10,000 metres from an aeroplane". Above all, they are fascists - they salute the conclusion of the contract on armoured cars with the Hitlerian salute.

In order not to put the people who informed us in danger, we request you not to publish this information for the time-being (delay more or less 15 days) and warn only the people actually threatened.

Apart from this, we request the groups in the vicinity of Zurich to follow the movements of the 5 suspects and send us other information if possible.

We will have other information in about 2 weeks and we will keep you informed, on the development of the events.

With Solidarity greetings.
