99 Small exquisitely designed figures of Basuto women carrying Native pots. The work of a young Basuto thought to have had some Bushman blood, Samuel Makoanyane, 1909-1944. Worked at Koalabata, about five miles from Maseru.

99 Klein, pragtig-ontwerpte figure van Basoetovroue wat Bantoeckruike dra. Die werk van 'n jong Basoeto wat vermoedelik Boesmanbloed gehad het, Samuel Makoanyane, 1909-1944. Het gewerk by Koalabata, ongeveer vyf myl van Maseru.

Julia - Steven may be interested - even though not strictly South African. They look beautiful!
