SOLIDAARISUUSTYO m. Dear Mr Tikly  
\$NTERSOLID

With pleasure I received the report sent by you. It seems to be a comprehensive document. Due to other most urgent engagements I shall prepare our report to FINNIDA by the end of June. However I shall request some clarifications to the report. You prepared a list on trainees. I am sorry I do not know who are girls and who are boys. Should I understand that "secretarial" and "sewing" titles cover girls (13) and the rest are boys?

. How do you describe "standard ten"?  
From where (Johannesburg only or from other parts of the country as well) are these youngsters and what are the foreseen opportunities for them to get their income? Did anyone of them get employed already? I wish you all the best in your work and life in new South Africa.

Yours sincerely
