The General Secretary,

I want to inform you about my brother Sakhekile Peteni who was caught up by the boers in a road block with his friend Mzwandile Madikane in the mission of the ANC with weapons.

The problem is that they left their wives with children and my father passed away last-year in November at the age of 82 years. Mzwandile's wife Nokuzola Boko is staying with my brothers'wife at home.

Now the problem is that they are looking after my home. They do not have anything like assistance and the report I got from people from home is that they are suffering to meet the demands of paying and surviving in that situation they are blaming me on saying its me who involved their husbands in the struggle or underground work so they send me the message to me to assist them in the problem they have.

I am asking for help from you as a member of the ANC. I reported this thing last year and I was told that its going to be taken to people who make assistance financially but that thing never happened up to now. Please assist me so that I can not lose my

home because they are the ones who look after my home.

Your assistance will be greatly appreciated.

The names and address is as follows

Ntombekhaya Peteni and Nokuzola Boko
