In India the struggle against apartheid has proved to be the broadest mobilizer of organised Indian youth in the 75th year of the ANC's foundation. Our organisation of 5 million youth from all-over the country have been in the forefront of the campaign to educate the mass of our people about apartheid and the imperialist interest that has kept it alive beyond its time.

Our arms, Com. Nelson Mandela and the ANC. inspire our full respect and give us hope that in the near future under their leadership the South African people will achieve racial equality, independence and an end to the exploitation of their country by British and US imperialists.

The life-long struggle of Com. Tambo, his comrade
