RE: IRUCK NO. 2

DATE: 22 SEPTEMBER 1993

Since I came back from our tour in the North, I have been thinking of what possible means can I use to make 'the second Truck as successful as the first iruck. Seeing that we have agreed in principle that it be used for Schools i.e. Primary, High Schools, Teachers Training Colleges and Technical Institutions and the communities in the evening, I found that I could still spread wings by inviting people like Mr Paul Rapetsoa of Lebowa S.A.H.U. who has Music, Dance and Drama groups and is well known in Lebowa, even as far as Messina.

The "ASSOCIATION OF COMMUNITY ART CENTRES", which does quite a lot not only for the Communities in Urban areas but involved even with Communities in Rural areas. This association can even be our outreach vanguard, as we have the same motto "ARTS BEING THE ONLY VEHICLE OF BRINGING ALL PEOPLE TOGETHER", and through Arts we can make "PEACE". We could apart from our different Departmental Productions, have Music Festival, Drama festival, and local talents joining forces to make this a well talked about ongoing PROJECT, if we could work jointly with ACAC.

Before starting our tours, I could have interviews with S.A.B.C TV and Radio to notify all people our planned tours and schedules. Find out what the ACAC has in store for the people and combining the two propositions, I compile the Truck Schedule.
