Attention : Mr C Ramaphosa

Dear Honourable Sir.

RE:The KAVNGWANE EDUCATION PROJECT MATTER

On 12-01-1992

We wish to bring to your attention further grave concerns which have recently come to our knowledge and requires both urgent and decisive action. It is with great horror that we have recently

learnt from impeccable sources that serious financial irregularities have occurred in the current

management structure of the project.

We are of the clear understanding that certain members of the Trust are involved and that large

sums have disappeared some in very dubious cross border transactions including a recent telephonic

transfer order of 14 000 US dollars to a destination in Botswana. We understand that the transaction

could not be honoured for procedural reasons as well as lack of funds.

This confirms our worst suspicions that funds have been badly mismanaged or misappropriated. We

now wish to urgently request the following actions to be undertaken within a period of 7 days.

representatives and legal advisor, the director, Chris Seoposengwa
Vand an appointed impartial trustee (5) who shall be empowered to act
We humbly await your speedy response.

Yours Respectfully

3. W ..

Dudu Langa
