PRESS RELEASE;

The following are texts of a letter and telegram sent to the United National Independence Party (UNIP) and His Excellency President Kenneth D. Kaunda on the occasion of their victory in the first post-independence general election in Zambia:-

Mr* Mainza Chcna, 22nd Dec., 1968;

The Secretary-General,

United National Independence Party,

Freedom House,

Stanley Road,

LUSAKA. Zambia.

Dear Brother,

On the occasion of the re-election of His Excellency President Kenneth D. Kaunda to a second term of office at helm of UNIP Government, we wish to extend to His Excellency, to UNIP and to all members of the Government our SINCERE CONGRATULATIONS.

We have followed the election campaign with deep interest and have drawn inspiration and strength from the consistent and morally upright manner in which President Kaunda and all candidates resolutely stated UNIP's rejection of any form of compromise with the White minority dictatorial regimes of Rhodesia, South Africa, Mozambique, Angola and Namibia.

By championing the liberation struggle of the oppressed people of Southern Africa, UNIP has once more demonstrated to the White racists, to all opportunists and to the entire revolutionary movement in the world that UNIP places moral and ethical values above material gain; that the people of Zambia under the incomparable leadership of President Kaunda and his comrades-in-arms in the Government and Party
sire revolutionaries dedicated to the cause of human freedom and

social justice.

The White racist regimes that surround Zambia will be well-advised to take the re-election of UNIP to power as a massive demonstration of the determination of the Zambian Nation to continue with the progress achieved under UNIP without fear of any threats of war or an invasion from the White racists. This first post-independence general election in Zambia has clearly established the justness of the demand of the oppressed people in Southern Africa that they are ready and capable of governing themselves in a non-racial, democratic, and human manner as UNIP has done since independence. We are sure

that the nation-building started by UNIP will now enter a new and higher phase for the good of all the Zambian people*

We trust that the enemies of Zambia - the White racist regimes

- will heed the lesson of the landslide victory of UNIP and take seriously the resolve and determination of the Zambian people to defend their hard-won freedom.

The achievements of UNIP are a tremendous contribution to the cause of..../2

cause of Africa which has for so many centuries suffered the humiliation of colonial oppression and exploitation. We wish you greater achievements in the struggle that still lies ahead in rebuilding Zambia on the basis of HUMANISM.

Long Live UNIP

Long Live the Cause of FREEDOM AND INDEPENDENCE!

Secretary-General
