EMBARGO UNTIL DELIVDTY

---.-----.-.-.-.

Mr. Chairman, Our dignitaries and fellow delegates.

The National Peoplesâ\200\230 Party is proud to be associated with this â\200\224
the greatest event of political iuyortince in the history of ovr
beloved countryo

The journey to Codesa has been a very painful one â\200\224 a few years egoc-
it would have been impoecible to accept that such an event Was eveur
possible.

Tremendous sacrifices were made and much can be said about the
unfortunate chapter in our eountry'a history.

Toâ\200\224lay the race for a truly democratic South Africa has reached th e
home straight â\200\224 when scorn enemies are walking the lest mile in
a spirit of national reconciliation to reach the winning post of a truly
hOh-reciel South ifricnâ\200\230free of apartheid and the shackles of the p\$î-\201\$7

- In a South Africa wheÃe there can be mutuel co-existence in
our divergent Societies similar to thufcof the Soviet Uniono

This is not the time to reflect on the pest although there can be
full justification for being bitter. The future beckons all of us.

Toâ\200\224 day we thank the Almighty thit Codese is a reality â\200\224 for the

become the force of reason, reconciliation and comyrnise.

Our regret toâ\200\224dî-\201y, tr. Ch irman, is that there are empty chairs. Codeen
is being boycotted î-\201n denigraded Ms sell outs. South Africa is a
country of divergment people. It is our task to accept this is a r eulitj
and mediate so that the empty chairs can be filled with people fr h,
the PAC, Azapo, the A.W.DÂ°, the COPÂ° and others. They should know tth
Codesa hasn't a closed ngehlw. Selfâ\200\224determination can form part of
is discussion as will be the question of an interim Government and a
constituent aseambly.
