 The Manager,
 In October-November 1990. the African National Congress Deputy-President, Mr. Nelson Mandela paid an official visit to Japan at the invitation of Prime Minister Toshiki Kaifu .
 During his six days stay in Japan, Mr. Mandela, whom our office represent in Japan appeal for public donation to the Japanese people through Television and newspapers. Since then numerous response from the Japanese public have been forthcoming.
 Presently our office have collected additional 925,000,000 deposited at Post office and two Commercial Banks.
 During my discussion With Mr. Mandela in Johannesburg. South Africa in December 1990, -he instructed our office to immediately transfer the money as ex-political prisoners, and
 exiles are due to arrive and therefore their welfare and those of their children need to be urgently attended to. .m
