DEPARTMENT OF EDUCATION AND CULTURE

6th March, 1980.

Dear Comrade Alex,

We were greatly perturbed upon receipt of your cable announcing the expulsion of thirty-eight students because of unbecoming behaviour. The image of the Organisation has undoubtedly been gravely tarnished and it will take us a bit of doing before we can restore it.

We have also relayed your message to Headquarters. In the meanwhile, it would be helpful if you could kindly send us the names of all the expelees in order to enable us to make timeous arrangements with the Tanzanian authorities to grant them re-entry permission.

May we take this opportunity to introduce to you this group of students who are to study at universities and Institutes of Higher Learning in Cuba. Their names and recommended fields of study are as follows:-

1. TSONGA	Alice	05.09.49	Female	Paediatrics
2. KOLOI	Adelaide	19.01.54	Female	Dermatology
3. MKULA	Thabo	10.07.50	Male	Sociology
