Dear Comrade Henry :

RE: WITHDRAWAL OF VELAPHI MASIZA

Above is one of the VEC trainees who were sent to Finland for the six (6) months course. Attached is the letter from our Stockholm office giving reasons for his withdrawal. For your information, the above was a student at SOMAFCC from 1980 - 84, known as Mjapane. He had serious learning and disciplinary problems and was still in Form I when he finally left school in 1984.

He was sent to the West in 1984 and his departure was a great relief to the school. When he showed up at the beginning of this year with the group going to Finland, I was so pleased that the West had really rehabilitated him to such an extent that he was now being given this important assignment. But alas, his intrinsic character came to the fore in Finland and what a sour taste his whole conduct has left in our newly established friendship with the Finns.

He has just arrived back in East Africa. I am therefore strongly recommending that he be immediately taken back to the West from where he came. By copy of this letter, I am asking the Chief Representative in Dar to start making arrangements for his withdrawal from Dakawa. Please request the office of the Treasurer General to authorise his ticket.

Dear Cde Lindiwe,

Velaphi "Japan" Masiza.

We thank your office for the report on the above Cde. We regret and deplore in the strongest possible terms, the conduct of Cde Velaphi in Finland. We accept and endorsed the decision taken to withdraw him. He has disappointed us. I as principal take the blame for having failed to detect that the comrade would not represent us well in Finland.

We request you to convey these sentiments, on our behalf, to the authorities concerned in Finland. We sincerely apologise for the unfortunate incident.
