HEADMASTER'S REPORT — 1960

Mr. Vice-Chairman, Mr. President, Mrs. Edmonds,
Members of Council,

Ladies and Gentlemen,—

I can do no more than underline the Vice-Chairman's cordial words of welcome to you, Mr. President, and to your gracious partner who, to our joy and yours, is to share not only this afternoon's happy function but, in greater or lesser measure, all the heavy responsibilities that will devolve on you during your arduous year of office. We are glad to have you back with us and proud to think that perhaps this—somewhat fittingly—is the first school function you are attending in your official capacity. We learn too with delight, sir, that you have found it possible to accept the invitation of the Old Kingswoodian Club to lay the foundation stone of the College Chapel next March. You will have noted that the clearing of the site on the corner of Napier and Burton Streets has commenced—proof positive that at long last a project, to which you lent your aid in the early days of its inception, is within reasonable distance of fulfilment.

Then the thanks of the whole College are due to you, Mr. Vice-Chairman, and your deputy—Mr. Advocate Cloete—for answering the many additional calls that have resulted from the absence of the Chairman overseas. We are glad to learn that he and Mrs. Dold have had an enjoyable vacation and will be returning early next month.

As was done last year, I propose to leave the greater portion of this composite report to be digested at your leisure. There are, however, two or three matters that maybe you would wish brought to your immediate attention.

Firstly, it is my sad duty to report the great loss the College has suffered during the year in the passing of four tried and trusted friends: Mr. Oswald J. Bennett, who was on the Council from 1934 to 1957, when he resigned owing to failing eyesight; Mr. Charles W. Solomon, of Cape Town, a member of Council since 1944 and the most devoted supporter any school could wish to have had; Mrs. Alice M. Jacques (widow of the Rev. G. H. P. Jacques, for 16 years a member of Council, during nine of which he was its distinguished Chairman). Her interest in and affection for Kingswood, particularly the Preparatory, endured right to the end; and the late Mr. A. M. Back, who joined the staff with Capt. Rich, later to prefer Law to teaching, but always eager to have news of what was happening here.

Then you will be gratified to learn of the spectacular progress of the "Kingswood Foundation", the fund-raising undertaking inaugurated by the College Council and so energetically pursued by the strong committee appointed to the task under the inspiring chairmanship of Mr. Neville W. Turner. The initial target is £100,000 over the first three years, with a minimum of £300,000 over the next 17 years. In spite of the fact that the campaign could hardly have been launched at a less propitious time, looked at from the economic and political angle, the total amount already pledged is over £88,000! Not only has this response been beyond all expectations, but there has resulted as a by-product an astounding revival of keen interest and loyalty that has heartened us all. We are much indebted to the regional chairmen and their helpers, particularly the ladies' committees, for their unstinted support. The objects of the Trust, which are set out in a brochure, aim at ensuring the stability and welfare of the school in the years to come.

Another thought that must be in the forefront of our minds at this time is that when next we gather for a function of this kind, South Africa, for better or for worse, will have become a Republic. We have, no doubt, wondered what difference this will make to the "independent" schools. Some of us are justifiably filled with misgivings for we have all heard of Christian National Education and also of the intention of the powers-that-be to bring education under more centralised control. Though my own opinion is that our worst apprehensions will not be realised, I do not think that any of us can view the prospect with anything like equanimity. There are so many if's and but's! I seem to recall that when Eire became a Republic similar schools there, apart from being required to submit to normal inspection—which can be a good thing—and to conform to language and public health requirements, remained largely as before. If this should be so in our case it would not necessarily mean that the essential character of these old established institutions would be basically altered. Another consideration that gives rise to some hope is the fact that most of the characteristic features of these schools are not without merit in the eyes of all parents who appreciate the advantages of a broad based education. There are, too, unmistakable signs that more and more Afrikaner parents are becoming disillusioned with regard to the wisdom of the "language grouping". In many instances its results in their children becoming practically unilingual, particularly in the outlying areas, whilst a far higher percentage of children from English-speaking homes are learning to use both languages.

But what seems to hold the greatest promise for the future, not only in respect of our schools but for our country, is that here and there young men and old are being challenged to a new level of commitment by not only a "King-size" but a "God-size" ideology of which democracy, as most of us have lived it, is but a very poor imitation.

When we South Africans have faced hard reality again together in the months that lie ahead we shall come to realise that neither stern nationalism nor easy-going, flabby South Africanism is big enough in concept for this ideological age. Neither can bring an adequate answer to division, especially in a multi-racial land. Then, I believe, if it is not too late, we shall seriously look at a superior ideology.

What schools could do more valuable "research" work in this, the best, "research field"? The "problem" country of the world could become the "answer" country and teams of Springboks would carry the "formula" of real freedom and unity across our frontiers to Africa and demonstrate its magic to the world. I do not think there would be barrier or boycott to hold them back.

ENROLMENT:

The total number of pupils at present on the roll is 469, of whom 73 are day boys, made up as follows: Senior School 237 boarders, 28 day boys; Junior School 159 boarders, 45 days boys. The steady flow of entries has been well maintained, though it is understandable that there should have been somewhat more cancellations and postponements than in recent years. In company with most other schools we are fully booked for next year, with the usual short list for casual vacancies.

HEALTH:

In this important respect we have again been signally fortunate. There has not been a single case of serious illness and there have been comparatively few calls on Sanatorium accommodation for either winter influenza or football injuries. This last term is usually "epidemic" term, but there has been no sign of one so far and for days on end the Sanatorium has been empty. I understand that this has nothing to do with Sister Bradfield's decision to move to Durban after Christmas! She will be sadly missed and most difficult to replace. We wish her much happiness with her family, who transferred thither earlier this year. Our thanks, too, go out to our medical officers and Mrs. Blackbeard.

CONDUCT AND DISCIPLINE:

The overall standard has been higher than at any period during the last six years. There have been no instances reported of serious breaches of school rules but, apart from that, House reports and personal observation confirm a steady improvement in manners and address, personal tidiness and general esprit-de-corps. Undoubtedly the energetic exertions of staff—particularly Housemasters—and prefects are the main contributory factors, but it is hoped that to some extent this new stability is evidence of a growing realisation on the part of more boys of just what is at stake in these times. If a new spirit of commitment to the school and to deeper loyalties is inspiring a more clear-cut personal discipline, it has a very special significance at a time when teenage trends everywhere seem to point mostly in the opposite direction.

EXAMINATION RESULTS:

- (a) **Matriculation and School Leaving Certificate:** It is gratifying to record that with eight passes in the first class and ten distinctions gained, these were the best for several years. We have reason to hope, too, that this success will be repeated this year. There were seven failures out of an entry of 48, but of these five were successful after re-writing the March supplementary examinations.
- (b) **Junior Certificate:** 64 out of 82 passed, 16 of whom were placed in the first class and 25 in the second.
- (c) **Afrikaanse Taaleksamens:** In the Laer we had 26 passes, whilst in the Hoër 16 were successful of which four were placed in the Hoër Graad—one "met Lof", the only one in Grahamstown.

RE-ARRANGEMENT OF TIME-TABLE:

The new time-table has been working smoothly and appears to please both staff and boys. Doubt existed at first as to whether it would cause additional strain, but this has apparently not been the case. The mark readings have indicated that the general standard of work has been satisfactory and the boys appear to be in better fettle physically and mentally. This may be due to the fact that there is ample opportunity for physical relaxation in the early afternoon, whilst the afternoon "preps" make the evening study spell shorter and less arduous. Then the free time that becomes available of an evening is being used for much more reading and the "extra activity" clubs are able to function more conveniently and efficiently.

SENIOR STAFFING:

The position with regard to Upper School staff replacements is still by no means easy owing largely to present political and economic trends. The influx from overseas has practically ceased and there is consequently an increased demand on domestic supply, which was barely adequate in normal circumstances. A proposal is being considered to recruit young men from overseas on a special short term basis.

Mr. T. J. Troward, B.Sc. (Hons.), left for Nairobi at the end of the first term; Mr. R. F. Oakes, B.A., B.Sc., will be leaving us at the end of the year, while Mr. A. F. G. Cotton, B.Sc., has agreed to stay on until the end of next term during Mr. Dacam's long leave. Mr. A. H. Duminy, M.A., joined the staff at the beginning of this year, and Mr. Graham Hall, who has just completed his B.Com. course, will be joining the staff. Messrs. Clive Ulyate and Barry Andrews will come into residence while attending degree courses at Rhodes University next year.

NEW SCIENCE LABORATORY:

The generous offer of assistance from the Industrial Fund, due largely to the initiative of Mr. H. F. Oppenheimer, will enable the College Council

to proceed immediately with the erection of a modern science block costing, when fully equipped for senior Physics, Chemistry and Biology, in the region of £25,000. Plans have already been drawn and submitted for approval, and work should start before the commencement of next term. It will be sited along Ayliff Street between the Tuck Shop and the City Lords tennis courts.

THANKS:

I wish to record my thanks and the gratitude of the College to all members of staff not so much for tasks well done that fall within the scope of ordinary duties, but for numerous extra services cheerfully rendered that constitute the second—and often the third mile. In particular I would mention the Vice-Headmaster whose ready assistance and sage advice, is a real boon, the Chaplain and the Housemasters, the Matrons and Miss Robb whose kindly and efficient ministrations extend to all in need; then the Bursar for assistance with teaching where necessary and his “nursing” of the fields and turf wickets; to his administrative staff—particularly Mrs. Piper and Mrs. de Jager and a welcome back to Mrs. Louw; a special word to Mrs. Reed—“Auntie Dot” of the Memorial Hall—and her big staff: we are glad to have Mrs. Sutherland join us in Miss Goosen’s place; the Head Prefect, in particular, for outstanding leadership and the prefects for their valuable lead and supervision in house and school; and finally, but by no means least, my wife and staff wives for thoughtful touches here, there and everywhere.

CHAPLAIN’S REPORT

“Are not the Government Schools these days just as good as, if not better than, the Church Schools?”

Attention was drawn to this challenging question by the Rev. L. A. Hewson in the address he delivered at Prize Giving last year. The object of this report is to offer, not a criticism of the fine work that is being done in Government institutions, but an answer to this question at the spiritual level, and at the same time an apologia for the work done at Kingswood.

The material that both Government and Church Schools have to work on is, in the main, the same. If W. S. Gilbert had lived to caricature the styles and wiles of the modern generation he would, no doubt, have proceeded along these lines:

(Bunthorne, 1960):

“Conceive him if you can,
A “no-path-to-your-hair” young man
An “Oh, you’re a square(r)!
Loud shirt and sock wearer,
A crazy-mixed-up young man.”

—and

it still takes the patience of love to tame him!

This is the problem which is before all school in these days, and thus a school is confronted with not only a “battle for the mind” but also for the spirit of a boy. If a school can win the latter it will also the former. If it cannot, then it is in danger of losing both. The aim of this report therefore will be to indicate, by a comparison of resources and opportunities, that a Church School like Kingswood is, in fact, better equipped to win the “battle for the heart” than its counterpart, the Government School. A direct comparison yields the following information:

RELIGIOUS INFLUENCES CONSCIOUSLY PROVIDED

BY GOVERNMENT SCHOOLS

1. **Class Room:** A restricted syllabus that allows little doctrinal teaching and no departure from Ordinance (see Secs. 44 and 49 of Ordinance No. 16, 1952).
2. **Sunday School.**
3. **Church Services.**
4. **Morning Prayers.**
5. **Hostel Bible Classes:** This is sometimes permitted, but by no means in all schools.
6. **Church Membership (Confirmation) Classes.**

AT KINGSWOOD

Class Room: A flexible syllabus that includes an introduction in all main disciplines of Christian Teaching, i.e. Old and New Testament, Church History, General and South African, Introduction to Christian Ethics and Theology and finally, at Post Matric. level, Introductory course in the Philosophy of Religion.

The same.

The same, each boy to his own Church under control.

The same.

Bible Classes: These are held in both Junior and Senior Schools and frequently are varied with Religious and Faith Films.

The same. The Ministers of other denominations take their own preparations classes for Church membership or Confirmation.

Daily Bible Readings—I.B.R.A. pamphlets. These are issued to all boys in Jacques House and Intermediate and to all Methodists in Upper School. The remainder are catered for by their various pastors. A special period is set aside each evening at Jacques House for this private reading.

Junior Church at Jacques House: This is held each Sunday evening for 40 minutes and is conducted by members of Livingstone House (i.e. Probationer Ministers), the Circuit Minister and the Chaplain.

The Epworth Society: This does the work of a Wesley Guild and seeks, by its wide coverage of both cultural and religious topics, to show that in fact religion embraces the whole of life. Its contribution to the spiritual side of the school over the past 10 years has been considerable (see annual report below).

To these must be added the daily influence of the Memorial Chapel, the construction of which has already begun with the clearing of the proposed site.

Without belabouring the point: it is obvious that Kingswood (along with other Church foundations) enjoys a decided advantage over its Government counterparts in the sphere of religious education. Whether this is regarded as

an important difference or not will, of course, depend on individual opinion. However, the "pros" and "cons" of argument on a secular level may weave a bias in favour of or against a Church School like Kingswood, in the one aspect the answer is conclusive. Hence one answer to the challenge "Are not Government Schools these days just as good as, if not better, than Church Schools?"—is to say "We are better equipped to deal with the 'battle for the heart'!" And to those who believe that Christian character is a nation's greatest asset, it will be a decisive argument.

H.F.K.

CHUBB HOUSE

At the end of last year it was felt that we could look forward to a successful year and this promise has shown signs of fulfilment. We had many boys who were worthy of prefectship, and after retaining D. B. Dunstan (School Prefect), P. Breedveld and D. H. Pease as Chubb House Prefects, we were happy to see C. J. Inggs (School Prefect), T. Ansley and M. Stegmann requested for Intermediate House, while M. Barber and P. Trengove-Jones are prefects at Jacques.

We are very pleased to have won the Academic section of the Shield for the second year running. This has been coupled with reasonable success on the sports field. We tied with Gane in the open Rugby, but as our Under 16 team had fared better than theirs we won the overall competition. Hockey and Shooting found us in third place; however, we recovered slightly by winning the Gymnastic competition. Due to some fine individual efforts we came second in the Athletics. With Tennis, Cricket and Swimming to be decided the House should be actively engaged for the rest of the term.

It is to be hoped that our examination candidates live up to the example set them in recent years.

A.F.C.

GANE HOUSE

Ably led by G. Maasdorp (School Prefect), B. McFarlane, J. McIntosh and P. Baumann (House Prefects), Gane has had a good year. Four other members of the House were made Prefects in Junior Houses.

Gane came first in Senior Rugby and Shooting and second in Senior Hockey. We are not quite so proud of our ranking in Scholarships (third) and Athletics (traditionally last!). Still, there is always next year, and with a strong junior section we have every reason to hope that we shall retain or regain the Inter-House Shield which we won last year.

D.R.B.

JAGGER HOUSE

From a disciplinary point of view Jagger has this year the best record known to the Housemaster. I. Macaskill has proved an outstanding leader, J. Thompson has surprisingly shown similar outstanding powers of leadership, while P. Penney and D. Moys have proved 100 per cent. reliable.

Half-Term was spent at Kleinemonde. There was less sunburn than usual and no one was late embussing for the return trip.

There is nothing further to report other than to wish Mr. Hartzenberg as happy a time in the House next term as we have had during the past year.

C.B.D.

WOOD HOUSE

Wood House, under the able leadership of P. Menné, has gone on much as before. Our record at work has been quite good and health, sport and general discipline have been up to standard.

We are all hoping that last year's record of 100 per cent. passes by all our examination candidates will be maintained this year.

K.H.D.

INTERMEDIATE HOUSE

This has been a healthy and happy year for the House as a whole. The boys have been very co-operative, particularly with regard to the general neatness of their living quarters. We have had two very pleasant half-term trips to the sea; fifty boys out of a total of sixty-seven usually take advantage of these outings. An inter-dorm. hockey tournament was arranged this term in which teams of seven-a-side took part, and second dorm. came out the winner. The House Prefects, I. Mason, R. Halligey, T. Ansley and M. Stegmann have done a sound job, whilst C. Inngs as School Prefect and Head of the House has been an excellent leader.

Mr. and Mrs. Hartzenberg moved into Annexe during the second Term and Mr. van Zyl came into the Melville Dold block as assistant Housemaster. I would like to thank them for their help during my absence overseas on leave and Mr. van Zyl for his help during this term.

S.J.T.

JACQUES HOUSE AND JUNIOR SCHOOL.

Mr. and Mrs. Keith Starck left in April to gain experience in England, and they will be returning to South Africa in April of next year. Mr. Derek van Zyl has taken over Mr. Starck's work, at the same time continuing his studies at Rhodes.

Miss Felicity Pearson joined us in January from the Training College, to take charge of Standards 1 and 2. She is to be married in November, and at the end of the year she leaves with her husband for Natal.

Mr. Leslie Carter, ex-Woodridge Preparatory, came in this term to fill the gap left by Mr. John Hewson, who is studying photography in England.

Mrs. Bartlett, on the music staff, unhappily took ill and has been away all this term. We have been fortunate in having Mrs. Marneweck to take over her charges until the end of the year.

Mr. and Mrs. Dowthwaite returned in May from long leave spent in touring the Union and Rhodesia.

There has been several changes in House personnel. Mrs. van der Merwe left us in March, for family reasons. Her duties were graciously taken over by Mrs. I. Walters, whose health, however, compelled her to leave in August, and Mrs. McCulloch has taken over the house-keeping. Miss Simpson, in charge of linen and health, continues to give us stalwart service.

The health of the boys this year has been extraordinarily good. Despite the drought and the presence of infectious diseases all around us, we have had no epidemics.

In October we presented three one-act plays in the Junior Hall; two in English were produced by Mrs. Joyce Clark, and one in Afrikaans by Mr. R. Q. Tarr.

The Hobbies Club has not been as productive as usual, but a few members have turned out some worthy articles. The philatelists, guided by Mr. Graham Hall, have been particularly busy, and some of these enthusiasts have advanced a long way beyond the usual grubby, much-fingered, whole-world schoolboy collections.

Mr. Dowthwaite has continued to project films for us, at least three feature films per term, with six or eight evenings of general interest educational films. The latter innovation has been greatly appreciated.

Thanks to a generous donation by a parent, we have been able to instal a turntable so that recorded music can be relayed to the dormitories through our loud-speaker system. We hope to build up a library of suitable records so that we can be independent of the radio.

R.Q.T.

ATHLETICS

Last year saw a number of our track stars depart, and so there was considerable speculation as to how the team would fare in the new year. If anything, this year has been a better one than 1959. In March the Under 19 team won the Schauder Trophy at the E.P. Inter-Schools, which is quite the largest athletics meeting in the Eastern Cape. Three of our athletes attended the S.A.

Junior Championships, two representing the Eastern Province Junior Team. All three were placed, John Thompson annexing two South African titles for 110 yards and 220 yards hurdles, and J. Mitford Thompson gaining second place in the Pole Vault Under 18.

During the latter part of the year the team distinguished itself, first at the P.E. Publicity Relay where it gained second place, and then in the Triangular in which it failed to share the first place by only half a point. In the Hirsch Shield both Thompsons again distinguished themselves, John equalling the 110 yards hurdles Under 17 S.A. record and Mitford by setting a new record for the Eastern Province and Border High Schools with a leap of 11ft. 7½ins. Finally, Sports Day, after a postponement due to inclement weather, produced no less than nine new records, four of them in the Under 19 competition, and one equalled. Two new trophies have been presented to the School—the Rodney Dewberry Cup for the Inter-House Cross-country and the Edgar Bone Cup for the most improved athlete. Some of our athletes were invited to run in the U.C.T. vs. Rhodes Athletics Meeting and did very well. Some of these also took part in the Stirk Bowl Competition when they ran for Drostdy Harriers. This team, composed in the main of schoolboys, gained second place to Rhodes, thus managing to beat both the East London and the Senior Port Elizabeth Clubs. All round it has been a most successful year.

H.F.K.

CRICKET

Of all factors which relate to the progress of cricket at Kingswood throughout the year, perhaps the most marked is the development of the playing and practice facilities on Gane Field. A completely new square, 24 x 28 yards in area and prepared with soil from Maritzburg, is now in full use. The indications are that future teams will be blessed with hard and true pitches on which to play their matches. This state of perfection is almost, but not quite, with us now. It could not be in a maiden season. Good pitches, like good wine, take time to mature. The heavy roller, under the zealous eye of the Bursar, has been far from idle, but it has many hours of work in front of it yet.

We have naturally been anxious to use the square as frequently as possible; but there was a problem. Maritzburg soil, if it can soak up any water, is reluctant to let it go again and, whatever tourist brochures may say about the climate, it has been known to rain here during October and November: enough to interfere severely with the cricket. Because of this a group of Old Boys made a generous contribution towards the purchase of a canvas cover for our pitches. The School Council handsomely made up the deficit and we got the cover. It has already been put to frequent and effective use. On two recent Saturdays we have been the only school playing cricket on turf in Grahamstown.

In addition to the square, turf practice pitches, 18yds. x 10yds. area, have been laid on Gane and a similar turf area is in the process of being installed next to the existing concrete practice nets.

Cricket has continued in high key throughout the school, spurred by the bursting energy of Mr. Cotton. At the beginning of the year we had lost six men from the 1959 eleven and so started with a youthful band in the first division. We suffered heavy defeats in the first term at the hands of Dale and St. Andrew's. St. Aidan's, Graeme College, and Grey High provided close and hard fought matches. We went down by 17 runs to St. Aidan's, got the better of Graeme and, when excellently placed against Grey, fell away by losing our last five wickets in six balls for no runs. At the time of writing, with a convincingly achieved victory against Union High under its belt, the team shows promise for the final term.

The first division has been particularly well served throughout the year from the second division, and the Colts under the care of Messrs. Hartzenberg and Jennings respectively. These two men have given their charges the benefits of knowledge and great enthusiasm. The effects have been evident. Messrs. Butler and Thompson have served the third division and the under 14s faithfully. The thanks of all cricketers are due to these members of the staff who have devoted so much of their time to the game.

P.A.G.

COLTS CRICKET

When two colts become regular members of the 1st XI, then it goes almost without saying that the general standard of cricket in the colts is good.

The strength this season has been in the bowling and fielding for although on no less than four out of six occasions the team has passed the 200 mark, the efforts have been confined to two or three individuals. The middle batsmen do not seem able to adapt themselves to the state of the game and seem to delight in picking the wrong ball to hit. This failing cost us both matches against St. Andrew's in the first term, when we lost after being in a strong winning position. With two of our stalwarts deserting us for the first team, this lack of concentration will have to be remedied.

We wish to express our thanks to the Bursar for having started the turf nets for the Colts. These are sure to be beneficial and having them is a distinct step forward in improving the cricket facilities at Kingswood.

A.N.J.

HOCKEY

The standard of hockey has been higher than last year throughout the school. The house matches were very keenly contested and played at a fast pace. Unfortunately the short season and other activities made it difficult to arrange outside matches.

Thanks are due to Mr. Watson and Mr. Cotton for their help in coaching the seniors, and to Mr. Tarr and Mr. Jennings for teaching the Under 13 and Under 14 boys the basic rules and stickwork. It was quite remarkable to see the progress these youngsters made after three weeks' coaching.

S.J.T.

PHYSICAL EDUCATION AND GYMNASICS

In this year's Inter-Schools competition Kingswood again entered six gymnasts, three in the Novice section and three in the Under 15 section. We came third in the Novice section, second in the Under 15, and in the overall team competition third.

This year Mr. Eugene Locke ran an Elite competition for six invited gymnasts in conjunction with the Inter-Schools competition. In this individual competition E. Kristeller of Kingswood was placed first.

For the first time we entered two boys, R. Green (Under 17) and E. Kristeller (Under 19), in the Eastern Province trials for the team to compete at the Junior Inter-Provincial Gymnastics Competition in Bloemfontein. Both our entrants were successful and represented Eastern Province at this competition.

K.N.W.

RUGBY FOOTBALL

The 1st XV had an enjoyable and successful season. They lost two matches early in the term, but soon settled down and became a very useful combination. As it was a young side, many of the players will be back next year, and the experience they gained should stand them in good stead next season.

Next year rugby training will be starting towards the end of the 1st term. In this way we hope to be able to sort out our teams in preparation for the exacting series of inter-schools games in the second term.

The 1st XV did not tour this year, but we are hoping to be able to go on a fairly extensive tour next year.

The standard of play in the lower teams, particularly Under 15's, remains high and there are a fair number of very promising players.

K.N.W.

CADETS

The Detachment has enjoyed another year of steady progress in all its many departments.

With Field Cornet S. J. Thompson away on long leave, the band has done well under the leadership of Drum Major S. R. Booth, who kept everyone up to the usual high standard.

The Red Cross Society has continued its classes and the keenness of the boys reflects the enthusiasm and efficiency displayed by Mrs. Adams.

Mr. R. F. Oakes has been in charge of a signalling platoon and from all reports the standard of performance of the boys is most satisfactory.

With Capt. T. J. Troward gone, the supervision of the shooting has fallen to Comdt. C. B. Dacam, who has spent many long afternoons on the range during the shooting off of the different competitions.

Capt. D. R. Butler, Field Cornet T. C. Hartzenberg and Fd. Ct. A. N. Jennings have been in charge of the drill instruction where they have been ably assisted by the Student Officer platoon commanders.

Besides being Officer Commanding for many years, Comdt. C. B. Dacam also had the duties of Adjutant/Quartermaster to fulfil. These latter duties he has now handed over to Fd. Ct. A. N. Jennings.

It is pleasing to report that a start has been made to re-introduce Field Training for the cadets. The boys can now look forward to lectures on fire and movement, map reading, night patrols, etc., as well as manoeuvres around Sugar Loaf.

It has been decided that the cadets will wear boots and anklets as from 1961. This will bring added smartness and greater distinction when parading with other units.

During the first week in December about 150 boys from the 4th and 6th Forms will attend a military camp in Grahamstown, together with boys from St. Andrew's and St. Aidan's. The course is being run by the Army plus the members of staff of the schools concerned. There will be a wide range of activities and the camp is sure to prove enjoyable as well as beneficial.

SHOOTING

The departure of Mr. Troward at the end of the first term was a considerable loss to the shooting teams. However, Mr. Dacam very kindly acted as master in charge, while a committee was formed, consisting of the House shooting captains, to see to the organisation of details and other range activities. G. C. Maasdorp was elected captain of the School shooting team.

The first competition this season was in Port Elizabeth against Grey High School. The team, consisting of six members, shot a total of 578 out of a possible 600, thus gaining an average of 96.3 per cent. The Grey team's score was 564, Kingswood winning by 14 points. July and September were taken up by the shooting of the I.C.S. competition. This was followed by the Empire Challenge (Open), in which the team gained an average of 90.2 per cent, and the Watts Cup (Under 16) competition in which the average for the team was 91.4 per cent. Our Shooting year was rounded off with the Spence Trophy competition, between the Grahams-town schools and Rhodes University, held at Rhodes. Rhodes won with a total of 1,169, St. Andrew's came second with 1,168, and Kingswood third with 1,166.

SWIMMING

This year has been our busiest and, I venture to say, our most enjoyable. The senior swimmers have taken part in nine galas, four of which have been informal ones, with Graeme and St. Andrew's. We are grateful to Mr. Wilson and Mr. Stevens for giving us these opportunities to swim in a full-size bath. In addition, a team of 16 travelled to Port Elizabeth to take part in the Eastern Province Inter-Schools Gala. Our Under 14 team was placed second, beaten by the narrow margin of two points. Special mention should be made of Futter, who broke the existing Eastern Province Under 14 breast-stroke record, and Snijman, who was placed third. Both these boys were selected to represent Eastern Province in the South African Championships at Bloemfontein. K. Wohlters won the Eastern Province Diving Championship and in so doing beat the South African champion. In this connection may we say how grateful we are to St. Andrew's and Rhodes for allowing us to use their diving boards.

SENIOR TENNIS

The most important item of tennis news for the year is the completion of the new permanent surfaces, of the "Ant-Juice" type, at City Lords. The College now has the use of five courts with possibly the best playing surfaces that can be laid, and the effect has been a marked increase in the number of boys turning out to play. The construction of the surfaces did, however, tend to throw the year's programme out of gear since virtually no tennis was possible during the winter term.

A friendly match against Graeme College, won by Kingswood, was enjoyed in the first term. In the Knowling Shield Competition we have lost to St. Andrew's College, but have still to play Graeme and a team from Rhodes University.

Efforts in the third term have been concentrated on getting through the school championships, now in their final stages, and playing off the Inter-House competition. These events represent a fairly big programme and we will indeed be fortunate to complete everything.

T.C.H.

BRASS BAND

The band has been up to its usual strength this year. During the first term we played at the Bathurst Show and thoroughly enjoyed the day out. The middle term was a quiet one for the band as a whole, although some of the better players took a prominent part in the school's music department concert. The third term commitments have included a trip to Alice where we played and marched before the townspeople and the hospitals. Towards the end of term we have been asked to play at the Carols by Candlelight ceremony. P. Breedveld, P. J. Ellis-Smith and V. A. Staples have proved to be a very worthy group of band Sergeants, whilst S. R. Booth has been a tower of strength as Drum Major.

S.J.T.

CHESS CLUB

With the loss last year of a large number of stars the Club had considerable trouble in finding players for a match against St. Aidan's, which we lost very convincingly. A keen secretary is urgently required and the use of a quiet room on Sunday afternoons is equally necessary.

THE EPWORTH SOCIETY

The Secretary in his annual report delivered at the 9th anniversary meeting drew attention to the many and varied functions of this religious and cultural society. Under the direction of its Executive four sub-committees, controlling its Society, Religious, Literary/Scientific and Current Affairs programmes, have maintained the high traditions of past years and provided

amusement, entertainment and cultural opportunity of a wide variety. The following is drawn directly from the Hon. Secretary's Report:—

"Subjects, such as 'Sociology', 'Kariba', 'Theosophy' and 'Mountaineering' have figured on its programmes; and we have had the pleasure of entertaining such distinguished speakers as Prof. Winter-Moore, who gave a lecture entitled 'The Journeys of St. Paul's, illustrated with his own coloured slides. Prof. Irving, Adv. D. Cloete and Dr. Donald Cragg, O.K., have addressed the Society." In addition, Paul Gallico's poignant story, "The Snow Goose", and "The Voice of Winston Churchill" have provided recorded programmes which were moving and informative. Dr. Stanley Caseley of Fort England lectured on "Mental Disease and Psychology". One of the most popular evenings was an illustrated talk by Mr. Arthur Cotton on the "Kingswood Overseas Tour," and another that provided considerable interest was the Inter-House Quiz run by Mr. Denis Butler.

Evenings conducted by members themselves were: Series I in "Point of View", in which three papers were delivered on the subject of belief; a hot debate in which some 22 speakers attempted spontaneous argument on a wide variety of topics; a best speaker debate which produced nine entries and some fine speeches; and finally, a Society debate with D.S.G. in which there was some very eloquent and persuasive arguing.

The membership this year has reached 133 and seldom have we had less than 60 at our meetings.

H.F.K.

THE HOBBIES CLUB.

To quote from our enrolment circular which is sent to the parents of boys who wish to join this club, "Our aim is to widen the range of School activities by providing an opportunity for the practical boy to show what he is made of. Manual skill, we maintain, has a dignity and educative value which has been almost overlooked in this country. The boy whose scholastic and sporting capabilities are limited is particularly welcome in the Hobbies Club because he is most likely to benefit from the sense of solid achievement which comes from working with one's hands."

In pursuance of this policy the twenty members of the Club have had a busy year. The Committee consisted of D. M. Thomson (Chairman), J. Job, D. Barnes, K. McDonald and J. O. Read. In the first term a toy-making competition was won by D. Barnes with K. McDonald second. In the second term we embarked on our first major group project—the building of a twelve-foot outboard motor-boat. Eight boys and one member of staff spent a most exciting nine weeks on this venture and had the satisfaction of hearing high praise for the finished product from expert boat-builders. In this connection we owe a deep debt of gratitude to Mr. R. E. T. Butler, without whose advice, encouragement and specialised tools we should never have started, led alone completed, the boat. Thanks, too, to Mr. J. K. Creighton for the loan of his outboard motor on Half Term when the boat was given her speed trials on the Kowie River.

LIBRARY.

During 1960 over 125 new books were purchased and the total in the library now is well over 4,000. The reading of these new books is becoming increasingly popular, and it is encouraging to notice that the lower forms are becoming keener readers than ever before. A new Card Index Recording System is being installed at present, and it is hoped that it will be completed early next year. It is estimated that on an average about 125 books are issued per week.

D.M.H.

THE MUSIC CLUB

Several of Kingswood's keener musicians left in 1959, and the Music Club devoted this year to building up a new membership. Informal concerts on records have been held two or three times each term; and opportunity

has thus been given to boys to hear many of the world's favourite classics, taken mainly from the past 50-100 years.

R.F.O.

THE MODEL AIRCRAFT CLUB

The model aircraft club came into existence again this year, and members have re-taken and re-equipped the half-shed used by the former club. Shelves and working benches have been constructed, so that before long the club hopes to have ready a formidable fleet of highly developed aircraft, power-driven and radio-controlled. A working model of a hovercraft may also fly soon at Kingswood.

R.F.O.

PHOTOGRAPHIC CLUB

The membership of the club remains steady at thirty-five. This has been a year of consolidation rather than of any spectacular progress. The club, however, did take on major step forward when we were able to acquire a second darkroom. We have borrowed twenty-five pounds from the school and as a result we now have two fairly well equipped darkrooms.

It is to be hoped that as the younger members gain in experience they will begin to produce prints which are more imaginative. An encouraging feature has been the amount of work put in by some of the senior members and the help that they have given to their juniors.

A.F.G.C.

THE PLAY-READING SOCIETY

This is one of the new Societies which have begun to form an entertaining but necessary part of the School's activities—and for which two evenings per week have been made available in the time-table. It is rousing a new interest in this literary form, and should prove a useful training ground for school dramatics. It is hoped that the abler members of the Society will be cast in a three-act play next term. An average of about 55 boys have attended meetings through the year.

The first play presented was Shaw's "Pygmalion" and with the kind assistance of two girls from Rhodes, proved a great success. The next play was "Look Back in Anger", a very dramatic piece which was perhaps the least successful of our productions. Another play, "Arms and the Man", by Shaw, was read by a cast of both girls from Victoria Girls' High and Kingswood boys and was, it need hardly be said, voted a great success. The most recent play was A. A. Milne's "To Have the Honour". In this delightfully whimsical and humorous play we were again assisted by girls from V.G.H.S. and as at the previous presentation, a large and appreciative audience warmly applauded its success.

B.R.P.

SCHOOL CINEMA

During my absence on long leave in the first term, the school cinema was most efficiently run by Mr. G. Hall, ably assisted by V. C. Hayward and J. Waller. During the year W. Deas joined the projection staff.

Feature films from the local schools' circuit continue to be shown about once a month in the Senior School and among those seen this year were: "Battle of the V1", "The One That Got Away", "Martin Luther", "A Night to Remember" and "The Vagabond King". In many ways it is a pity that the very tight teaching schedule and the absence of a room where films can be shown in day-time makes the use of teaching films almost impossible. It is to be hoped that the new buildings will relieve the pressure so that more adequate use can be made of the audio-visual apparatus.

I should like to remind the societies that many films are available dealing with their own particular interests and can be obtained for their meeting.

At Jacques House the policy of weekly programmes from different countries has continued and some most interesting films have been seen, parti-

cularly from the United Kingdom, Rhodesia and Israel. The latter's "A Stamp is Born" made a great impression. The various oil companies have again been very helpful, especially B.P. whose Film Service van did a special trip to show us the full story of the Trans-Antarctic Expedition.

On the technical side, the glass beaded fabric of the portable screen gave way after ten years' hard use; it was second-hand to start with, and has been replaced by washable plastic material. At long last a Servicing Depot has opened in Port Elizabeth and our only working projector has gone for a professional check. The time has come when the purchase of another projector must be seriously considered as the wear and tear involved in moving our one round the school is tremendous.

My thanks go to the projectionists and the many boys who have assisted at the various shows in the senior and junior schools, also to my colleagues at St. Andrew's and St. Aidan's, who have contributed so much to the smooth working of the schools' circuit.

OLD KINGSWOODIAN CLUB

Every five years the Old Kingswoodian Club stages a Reunion over the Easter weekend. This year the celebrations were attended by some two hundred Old Boys who, in spite of the state of emergency, came from near and far to demonstrate their support and loyalty for their old school.

A highlight of the Reunion General Meeting of the Club was the final approval of our plans for the Memorial Chapel to be erected on the corner of Napier and Burton Streets. Clearing of this site started recently. Mr. D. A. L. Dold was once again re-elected as President of the Club. Many interesting and keenly contested sporting events took place and the official luncheon held in the Memorial Hall and the Dance held in the City Hall were declared to be great successes. On Easter Sunday many Old Boys attended services in Commemoration Church and there was also a short wreath-laying service at the War Memorial Tablets.

IN THE GALE

The moon was ghastly sick and pale,
The sky was full of scudding clouds
As if the giant gale had sent
Them fleeing on their way to plague
The far-off regions of the world.
The wind, a symphony of hate,
Was howling like a wounded fiend
That, wrathful yet while dying, still
Would rend and tear the flinty rocks
To harmless pebbles on the shore.
The sea indignant fumed in froth
And hurled its foam-flecked waves
To thunder angry on the shore
Of barren rocks, where no man dared
To set his foot.
Incandescent and glowing white
The waves ran ramping up the beach,
Spurred on by ice-fanged crests behind
And heedless of the jagged rocks
The frenzied legions of the sea
In fury charged the barren coast
And broke in hissing futile rage.
Suddenly I heard a voice
Of joy shriek high and happy
O'er the storm. I looked and saw
A lone white petrel hurtle by
To ride with glee the raging wind.
All else had feared to face the storm
And fled in panic-stricken haste;
But still the petrel, wings outspread,
Flew on in ecstasy.

JAGGER HOUSE NOTES

At the close of another academic year we again find ourselves last in the competition for academic points towards the Inter-House Shield. This has led to much research with the startling outcome that had some of our weaker boys been less conscientious and hard working they would have been placed in a lower stream and instead of coming near the bottom of their form they would have had a good chance of coming near the top of the weaker form. There seems to be little that we can do to alter this situation.

In the Senior Athletics we have again literally "run away with the field" but there is not much athletic material in the middle of the house, nor football, nor cricket for that matter, so we must brace ourselves for a hard fight in the next two years.

In rugby our team, in spite of the heroic efforts of J. G. Thompson, D. Whitehead, W. van Niekerk and R. Yates, was too unbalanced but this handicap was not so noticeable in cricket and our seniors managed to scrape home winners of the cricket competition. F. Collins has proved himself to be the most outstanding of the junior athletes.

I Macaskill has proved himself to be an ideal leader, giving everything he has both in work and games and a quietly determined disciplinarian. J. G. Thompson, P. Penney and D. Moys have all done a good job as House Prefects, ably supported by a far steadier than usual bunch of senior privates. W. S. Krogh and B. K. Martin in the outside study have taken full advantage of their isolation to do a lot of hard work as well as practicing some somewhat alarming methods of preparing between meal snacks. P. Liebenberg and M. Barnard in the old box-room, now a study, have done a good job of work in their efforts to anticipate the examiners' questions and have generally been a great help when called upon to undertake odd responsibilities. Our two post-matrices., D. Wightman and W. Shirlaw, have responded very well to the added freedom of their new status—and their Housemaster is very grateful to them for their steadiness and co-operation in this still largely experimental field of activity.

The junior dormitory has an exceptionally lively crowd whose excessive joie de vivre has often led them into conflict with some of the more basic dormitory rules. However, their willingness to "own up" and then take the consequences shows that basically they are first class material and should be a tower of strength to both the house and the school in two and three years' time.

In the first team next year Mr. and Mrs. Hartzenberg will again deputise for Mr. and Mrs. Dacam, who will be away in Europe on a badly needed term's leave.

WOOD HOUSE REPORT

Rugby. Having only two regular first team members, D. Wellington and P. Menné, the open team was weak, losing all its games. Kristeller, at fly-half, formed the backbone of the team.

The under 16 team was strong but unfortunate, and has many young players of great potential.

THIRD TERM

Our "ranks" were joined by Frank the "Yank" but soon afterwards Iain Gow left us.

Hockey. House matches were played hurriedly in one afternoon, and the slippery conditions did not suit our teams.

Athletics. Our team was led jointly by Ian Jensen and Alan Poole and, especially in the U16 cross-country, did remarkably well. John

Job and Pat Whytock gained their standards, while Brooke Leiper received and Ian Jensen just missed his colours. Frank Gonsenhauser was a member of the triangular team.

Eric Kristeller excelled in gymnastics and has been awarded his Honours.

Swimming. We came third in the gala, Whytock, Hilson, Frank, J. Garlick and Franks doing more than their fair share.

Cricket. We came second in the matches. D. Wellington was awarded a team blazer and three out of four Colts' caps went to us, namely, Cooke, Connan and Neish.

Work. Wood House came second with Poole, Menné, Kneen, Roderick and Harvey obtaining standard blazers for academics. Doug. Gow was awarded the J.E. Hepker Shield for perseverance in academic work. John Roderick has done well at shooting, as has Ian MacClenaghan at tennis.

A most enjoyable braaivleis ended off the term and the following day the 9's and 7's left for a week's Cadet Camp.

v. Grey:

Kingswood were beaten 14-8 by Grey in the annual inter-school match. Kingswood started rather shakily, after Grey had kicked off, and only after 20 minutes did they settle down. It was during this 20 minutes that Grey scored 11 of their 14 points.

Pollock, the Grey fly-half, opened the scoring with a penalty which had been awarded for a scrum infringement in the Kingswood 25. Soon after this Grey were once again on the attack and Barratt scored a try after a good break by Harvey, the other Grey centre. Pollock made no mistake with the conversion and the score was 8-0. Shortly after this Pollock kicked a good penalty which had again been awarded for an infringement by the Kingswood scrum-half. Kingswood attacked strongly after the kick-off but good defensive play by Grey kept them at bay until the half-time whistle blew.

Kingswood were very much better in the second half and although Grey attacked repeatedly in the opening stages they could not penetrate the very sound Kingswood defence. After 10 minutes Grey were again awarded a penalty and Pollock was successful with his kick at goal. Grey 14, Kingswood 0.

Twenty minutes from the end the Kingswood centre, Wilmot, was injured and left the field. The remaining 14 players now began to play inspired football. From a loose maul in their own 25 Whitehead, the Kingswood lock, broke away with the rest of the pack in support. A magnificent forward rush with good handling and backing-up took Kingswood deep into the Grey 25. From the resulting loose-scrum Kirstein scored a good try. The conversion failed. Score 14-3.

With only two minutes to go, the Kingswood centre, Thompson, broke and after handing off two defenders passed to D. Thomson on the wing, who kicked ahead for Thompson, the centre, to gather and score far out. Yates put over a very good conversion.

The final whistle blew and Grey were the winners by 14 points to 8.

v. Graeme:

On Wednesday afternoon a keen inter-schools rugby match took place between Kingswood and Graeme on the Graeme Field. This exciting, open game was watched by a very large crowd.

For the first ten minutes Graeme attacked strongly but the Kingswood defence, however, was sturdy and unfailing. Kingswood's forwards played solidly and the scrum-half, Giddy, proved to be an excellent tactician. Before half-time Kingswood applied the pressure and attacked again and again and would have scored but for the good sound defence of the Graeme threequarters.

Immediately after half-time Kingswood again turned on the pressure. Seven minutes after the start Kingswood was awarded a penalty midway between the Graeme 25-yard line and the goal line. Yates converted for Kingswood to take the lead (3-0).

Graeme attacked strongly after the kick-off and looked dangerous, but Giddy, Kingswood scrum-half, relieved the situation by a good long

touch kick. Shortly after this Kingswood gained the ball from a loose scrum when Handley passed to Thomson, Kingswood 8th man, who scored in the corner. Yates failed to convert (6-0).

A little later Jakins kicked the ball across field and in the resultant maul Kingswood's left-wing Barnard scooped up the ball to add to the score (9-0).

The Graeme forwards were now being badly beaten in the scrums and line-outs and were not fast enough on the loose ball. Kingswood's threequarters were now obviously on top and made use of every opportunity.

Graeme forwards rallied from the kick-off and from a scrum in Kingswood's 25-yard area, gained the ball for Venter, the Graeme fly-half, to break blind. He passed it to the Graeme right-wing, Grindlay, who scored in the corner. Wilmot failed to convert.

The final whistle blew with Kingswood beating Graeme 9-3.

v. St. Andrew's:

In an extremely hard-fought game, Kingswood were narrowly beaten by St. Andrew's in their annual match. St. Andrew's scored 6 points (2 tries) to Kingswood's 3 (penalty goal). A very large crowd watched the game and, except for a slight cross-wind, conditions were most favourable.

Kingswood kicked off and played into the sun for the first half. St. Andrew's were most unfortunate in losing their hooker in the opening minutes of the game, but this apparently did not much affect their forward play. St. Andrew's attacked early on and were soon in the Kingswood 25. Several movements were started, especially from line-outs, but these were thwarted by determined and consistent tackling by the Kingswood backs and full-back.

St. Andrew's were awarded a penalty for scrum infringement, but the kick by White failed. It was to prove an off-day for White, as regards kicking.

After ten minutes Kingswood were on the attack and pressed into the St. Andrew's half when Thompson kicked ahead. Play moved from one side of the half-way line to the other, with St. Andrew's winning the majority of scrums and line-outs. Much credit must go to the seven forwards who more than held their own against the opposing eight. At this stage Kingswood were awarded a penalty and the kick by Yates just went wide.

St. Andrew's were once again on the attack, with fly-half Nicolai getting his line moving fast. An overlap almost resulted in a try, but fine cross-covering and excellent tackling by Kingswood left-wing Barnard, prevented this.

Kingswood moved upfield with a kick ahead which was gathered on the bounce by the right-wing, Robey, but good cross-cover defence stopped him. At this stage St. Andrew's moved right on to the Kingswood line and from a scrum the scrum-half went blindside and forced himself over in the corner. The conversion, from a difficult angle, failed.

After the kick-off play moved into the St. Andrew's 25 from a good, long touch kick by the Kingswood scrum-half, Giddy. Kingswood were awarded a penalty and Yates succeeded with a well-judged kick. The half-time score stood at 3-all.

In the second half St. Andrew's were in the Kingswood half most of the time and attacked consistently. There was a stream of good three-quarter movements by St. Andrew's with near tries, prevented only by superb defence. An attempt to goal a penalty again failed and Thompson of Kingswood cleared with an excellent touch to the half-way line. St. Andrew's, however, pressed again and finally from a good three-quarter movement, Court at centre scored an unconverted try for St. Andrew's. The score with 15 minutes left for play stood at 6-3 in favour of St. Andrew's.

Kingswood made a determined final effort but did not succeed in equalising. Throughout the game the Kingswood backs were unable to initiate movements, mainly as the result of kicking by the halves, while the St. Andrew's forwards definitely held the advantage. The final whistle went with St. Andrew's winning 6-3.

v. St. Aidan's:

Kingswood beat St. Aidan's 8-3 in a game that had little to commend it from a strategical, or tactical, or spectator's point of view. The forwards played a hard, though disintegrated, and very often what is commonly called a "robust" game. St. Aidan's backs squandered many opportunities through faulty handling. The Kingswood backs, on the other hand, were safer in their handling but lacked thrust through not running straight. It was not long before the game developed into a series of pointless and often wild kicks (the ruin of forward play). These, in turn, led to scrappy line-outs in which the ball was knocked back (to the detriment of three-quarter play), and in which illegal barging and holding were much in evidence.

The first try for Kingswood came from a three-quarter movement when the left-wing, Barnard, ran thirty yards before touching down. Yates converted. Thirteen minutes later, Pattinson kicked a penalty goal for St. Aidan's after an off-side infringement by Kingswood. There was no further score until three minutes before the end when the Kingswood forwards dribbled over for a second try by Kirstein which was not converted. Final score: 8-3.

v. Hilton:

Kingswood beat the touring Hilton College team 12-6 in an open rugby match last Saturday. Hilton kicked off in the sun and were soon on the attack. They opened the scoring when the fly-half broke and passed out to the first centres, who drew the Kingswood full-back before passing to the other centre, Wimble, who scored a very neat try under the posts. The conversion rebounded off the cross-bar and Hilton were leading 3-0.

Kingswood attacked consistently and were pressing on the Hilton

line for some time before Kingswood were awarded a penalty for off-side. Yates succeeded with the kick and the score stood at 3-3.

Hilton went into the lead again before half-time when there was a good line movement resulting in an overlap for the right-wing, Crookes, who scored fairly far out. The conversion failed. Hilton unfortunately lost their scrum-half due to injury and played with 14 men for the remainder of the game. The score at half-time was Hilton 6, Kingswood 3.

In the second half Kingswood held the advantage and there were good thrustful movements by both teams. Kingswood came close to scoring on a number of occasions, but good tackling by Hilton stopped them.

Kingswood were on the attack again and equalised when the centre, J. Thompson, after breaking, ran strongly and shook off several tackles before scoring a good try. Yates failed to convert.

Kingswood went into the lead when the fly-half Handley kicked ahead and after the ball had been dribbled over the line Handley followed up and just got a hand to the ball to score an unconverted try. Kingswood were leading 9-6 and towards the end of the game increased this lead when the right-wing, Robey, scored after a good three-quarter movement from a loose scrum. The final whistle blew with Kingswood having won 12-6.

v. St. John's:

Kingswood defeated the touring St. John's team on Friday afternoon by 11 points to nil in an exciting open game with good backline play. The Kingswood forwards played extremely well against a heavier pack and gave their backs a good share of the ball. Kingswood held a territorial advantage for most of the game.

St. John's played into the sun for the first half and soon Kingswood were pressing strongly. The scoring opened when the Kingswood fly-half kicked across towards the corner. The St. John's defence, lying very shallow, was caught out of position and J. G. Thomson gathered from the well-judged kick and scored an unconverted try.

Kingswood continued to attack and Thompson got past the St. John's line with good grubber kicks, but at half-time the score still stood at 3-0 in favour of Kingswood.

In the second half both packs gave their backs the ball from both scrums and line-outs. Whitehead and Yates of Kingswood worked very hard in the line-outs and fed their line well. There followed good line movements by both teams, but Kingswood were more thrustful, and St. John's moved their eighth man to the line as an additional three-quarter. Kingswood furthered their lead when Barnard gathered the ball well, after another well-judged kick by fly-half Handley. Yates converted and the score stood at 8-0.

Kingswood scored again from a set scrum very close to the St. John's line. St. John's heeled the ball but the Kingswood flanks tackled the scrum-half before he could pass out. Menné picked up the loose ball and scored. The try was not converted and Kingswood were leading 11-0.

St. John's made more determined attempts to score, but Kingswood defence proved too sound and the whistle blew with the final score still at 11-0 in favour of Kingswood.

v. Muir:

Kingswood beat Muir College by 19 points to nil in a scrappy game marred by many penalties due to unnecessary mistakes by both teams. The first half was particularly lacking in constructive rugby and Kingswood scored only three points from a good penalty kick by Yates. The second half and especially the last 20 minutes produced better rugby, when Kingswood's play improved and a further 16 points were scored.

When the second half started it was obvious that Kingswood were out to try to improve the standard of play. They pressed on to the Muir line and finally scored after a forward rush. D. Thomson scored, but the conversion failed.

Immediately afterwards J. G. Thompson gathered from the kick-off and had a very good run down the touch line. Kingswood furthered their lead when Handley kicked diagonally and Barnard scored after van Niekrek of Muir had fumbled the ball. The try was once again unconverted. There followed good runs by the right-wings of both teams. The speedy van Niekrek of Muir was well tackled by van Schalkwyk.

Kingswood scored again when J. G. Thompson ran forcefully, passed to right-wing Robey, who ran a further 30 yards and then passed back to Thompson, who scored under the posts. Van Schalkwyk converted and Kingswood were leading 14-0.

Thompson had another good run but was forced out on the corner flag. Yates scored after forcing himself over from the ensuing line-out. Van Schalkwyk converted with a good kick. The final whistle blew with Kingswood having won 19-0.

v. Gill:

In their last match of the season Kingswood beat Gill College by 21 points to 6 in a good game. Both packs got the ball back to their three-quarters, but the Gill line was unable to penetrate the sound Kingswood defence. Van Schalkwyk of Kingswood had an excellent game at full-back, gathering well and driving the opposition back with good touch kicks.

Gill attacked right at the beginning and pressed on to the Kingswood line. They were awarded a penalty but the kick failed. Kingswood opened the scoring when Handley kicked a very well judged diagonal kick for Barnard to gather and score between the posts. Van Schalkwyk converted and Kingswood were leading 5-0.

Gill were awarded a penalty soon after and the kick was successful. Kingswood came very close to scoring when Thompson went blind side and was forced out on the corner flag. The half-time score stood at 5-3 in favour of Kingswood.

As in previous games, Kingswood played better in the second half and they scored a further 16 points. The first of these points came when van Schalkwyk put over a good penalty kick. The next try was a very good one. The ball went down the line to the left-wing, Barnard, who ran well before passing inside to Wilmot, who in turn passed inside to J. G. Thompson. Thompson ran strongly and went round to score under the posts. The conversion by Yates unfortunately failed. Kingswood were now leading 11-3.

Thompson scored his second try when Handley went blind-side, broke well and then passed to Thompson, who scored fairly far out. Van Schalkwyk converted with a good kick to make the score 16-3 in favour of Kingswood.

Very soon afterwards Kingswood pressed on to the Gill line after a good run by Barnard. D. Thomson scored after a forward rush and van Schalkwyk converted once again. Kingswood 21, Gill 3.

Just before the final whistle Gill put over another penalty and thus the final score stood at 21-6 in favour of Kingswood.

In the 2nd XV game Gill College beat Kingswood by 12 points to 8.

2nd RUGBY DIVISION — 1960.

The Third XV, made up very largely of the previous year's U15 A players, had a fine team spirit and played attractive rugby until injuries and lack of form in the First Division necessitated the disruption of established combinations.

The forwards, well lead by their hooker, A. Robey, lacked the strength and weight to secure possession regularly from the scrums and line-outs but made ample compensation by being very fast on to the loose ball. Their backing up and handling movements were a delight. In this connection the lock, V. T. Stewart, and front-ranker, C. Moys, were outstanding. R. Thom, on the flank, tackled very well, and L. Kotze at 8th man linked up well with his backs. G. Williams and D. Pease also played sound rugby.

The basis of the three-quarter play was a snappy half combination between G. Kemp (scrum-half) and B. Bennett (fly-half). Towards the end of the season R. Green developed into a fine attacking centre and R. Hart (vice-captain) played well on the wing until he sustained an unfortunate wrist injury. R. Webber and M. van Rensburg were other regular members of the back-line.

Results:

v.	St. Aidan's 3rd XV	won	26-3
	Graeme 3rd XV	won	6-3
	St. Andrew's 3rd XV	won	6-3
	Graeme 3rds	won	13-3
	St. Andrew's 3rds	lost	16-3
	St. Andrew's 3rds	lost	21-0

The Fourth XV was well led by N. Turner, a hooker, who got through as much open field play as any loose forward. Other forwards who played consistently well were the front-ranks S. Deubler and N. Holland. D. G. Bell and A. J. Smuts were a powerful lock combination, while R. Giddy and N. Letcher were effective loose-forwards. Kristeller developed into a most spectacular full-back; Knott defended well on the wing; V. C. Hayward was a strong running centre, and W. Meinesz kicked well at fly-half.

D.R.B.

3rd RUGBY DIVISION — 1960

This division, consisting of the fifth and sixth teams, while not having many fixtures against rival schools, nevertheless played a considerable amount of rugby during the season with regular practices and several games against other Kingswood teams. They also enjoyed some touch rugby.

Results of games played were as follows:

5th team v. Under 15 A	won	15-3
„ K.C. 4th Team	lost	15-6
„ St. Andrew's (home) ..	lost	11-8
„ St. Andrew's (away) ..	lost	12-9

In these official games tries were scored by Deas, M. Bell, D. Reed and D. A. T. Bell. In addition, M. Bell kicked several penalty goals. A. Helfet was a most aggressive and effective captain and organiser. The regular members of the team were: M. Bandy, D. Reed, M. Bell, D. A. T. Bell, R. Pittaway, G. Purdon, P. Trollip, M. Miller, P. Liebenberg, A. Helfet, R. Hawkins, J. Roderick, J. Kneen, A. Liebenberg.

Meinesz, Deubler and Prevost also played for us but were promoted to the 2nd Division early in the season.

The results of the games played by the 6th team were:

6th team v. Under 15 A	won	11-9
„ Under 15 A	lost	21-0
„ K.C. 7th Team	won	14-9
„ K.C. 7th Team	lost	6-3

The great disadvantage of this team was its lack of an effective goal-kicker, so that many chances were missed during the season. M. Cotterrell led his team most effectively in both matches and practises.

His usual team-mates were: M. Connitzer, P. Penney, P. Smith, R. Hilson, G. Read, P. Hill, D. Gow, C. Barnes, G. Purdon, B. Martin, B. du Toit, H. Vermaak, A. Poole, I. Jensen, I. Mason, R. Gonsen-hauser, P. Trengove-Jones, A. Wohlters, V. Staples and R. Walters.

COLTS A RUGBY

Summary of results:

				Points	
P.	W.	L.	D.	For	Against
7	6	1	0	140	20
versus				St. Aidan's	won 38-0
				Graeme	won 25-0
				St. Andrew's	won 12-0
				St. Aidan's	won 20-3
				St. Andrew's	lost 9-0
				Graeme	won 34-3
				St. Andrew's	won 11-5

As can be seen from the results summarised above, this was a most successful season from the Colts A point of view. The side showed plenty of promise at the beginning of the season and developed into a powerful combination. Connan proved to be an astute captain and a good fly-half; Peterkin led the forwards well towards the end of the season.

There were no real weaknesses in the side, except possibly at scrum-half. However, Cooke was moved from the Colts B fly-half to the A team scrum-half and by the end of the season showed signs of developing into a competent player. The forwards developed into a powerful pack, while the three-quarters ran hard at all times. Apart from the second match against St. Andrew's the team played most attractive rugby. Perhaps special mention might be made of Connan, who filled the fly-half position in a highly intelligent fashion; Peterkin, who developed into a rugged flanker, but he must learn to judge his passes; van Niekerk, a fearless wing who, if he can learn to vary his pace, should turn into an extremely good wing three-quarter; Davies, who proved to be a very solid lock forward—he should do extremely well in the Colts next year; and Wilkie, who was unlucky to be injured early in the season—his place kicking was sorely missed.

It was a very pleasant side to coach and they maintained their enthusiasm right to the end. The final match against St. Andrew's was a fitting end to the season; it was a very hard match by Colts' standards but was played in a very good spirit; as a result it was most interesting to watch. I hope that all the members of this side give a good account of themselves higher up the school rugby ladder and continue to play the game in the right spirit.

The following were regular members of the side: Connan (3 t. 5 c.), van Niekerk (16 t., 1 c.), Blair (7 t. 1 c.), Collett (3 t.), Kirstein (2 t.), Cooke, Sephton, van der Meulen (1 t.), Wilkinson, Peterkin (5 t.), Davies, Welsh, Hart, Wilkie (1 t., 6 c.), and Witte.

UNDER 14 RUGBY

The "A" team had an enjoyable, if not as successful as hoped for, season. Of the three schools we played we had two very narrow and rather lucky wins against Graeme College; a run-away victory against St. Aidan's, a result which they most deservingly reversed the next time we played them; and three uniform losses against St. Andrew's.

Although we enjoy playing these three Grahamstown schools, it does seem a pity that we cannot travel further afield to play some of the many other Eastern Province schools.

The fault in the team lay mainly in the lack of fire in the pack and inability of the centres to penetrate. The latter was largely overcome towards the end of the season and we look forward to overcoming the former in the coming season.

Congratulations to the "B" team, which went through the season unbeaten.

"A" team: McClanaghan (captain), Dagleish (vice-captain), Collins, Butler, Elliott, Futter, Matthews, Noerr, Paris, Paynter, Plumstead, Priestley, Shaw, Wohltter, Knott, Hughes. Also played: Behm, Oxenham, Smith, Turnbull.

"B" team: Kirkby (captain), Herd (vice-captain), Weir, Southby, Harker, Wilson, Smale, Reynolds, Hughes, Smith, Westaway, Halligey, Young, Sparg, Hayward, Oxenham, Behm, Bester, Plumstead.

F. J. VAN ZYL

UNDER 13 A RUGBY — 1960

The Under 13 A rugby team enjoyed more than reasonable success this year. Of the eight matches played they registered wins in all three encounters against St. Andrew's, won one and lost one against St. Aidan's, drew one and lost one against Graeme and won the match against the touring Monterey Prep. School.

Our strength this year was our forwards for although they were somewhat loose on occasions, they were prepared to get stuck in and played hard enough to dominate most of the games. Barber, Pretorius and McGahey deserve to be mentioned for their consistent hard play.

Our backs, on the other hand, seemed quite content to get the ball to Snijman on the wing on every possible occasion and then stand and watch him rather than try things individually when the opportunity arose and back up each other. On occasions they let the side down with their bad tackling.

There were a number of changes at fly-half in an attempt to find someone who could get his line away and kick when necessary. Half way through the season, Cretchley and Trollip settled down and struck up a fair understanding.

Adams, at full-back, played well where he saved many a situation with his fearless tackling.

Our special thanks go to Mr. Derick van Zyl for looking after the team so well while Mr. Jennings was away for three weeks. Our thanks also to Mr. A. Rousseau, who together with Mr. van Zyl, refereed many of our home matches.

The following boys were regular members of the team: Adams, Syme, Gluckman, Frenkel, Snijman, Cretchley (captain), Trollip, Hall, Knott, Pretorious, de Villiers, Barber, Kruger, McGahey, Greeff, Walker, Collett.

The detailed results are as follows:

vs. St. Andrew's Prep.	won	21-3
Graeme	lost	0-16
St. Aidan's Prep.	won	11-8
St. Andrew's	won	6-0
Monterey Prep.	won	9-8
St. Aidan's Prep.	lost	11-5
St. Andrew's Prep.	won	6-3
Graeme	draw	10-10

Points for, 90; points against, 37.

Played 8, won 5, lost 2, drew 1.

UNDER 13 B RUGBY — 1960

This team had the distinction of not having a single point scored against them throughout the season while scoring 102 points themselves.

What the team as a whole lacked in finish, they made up with enthusiasm. Under Schneider, who proved to be a good captain, the team played some good games.

The halves, Letcher and Connock, played quite well together and if they speeded up their game, they could find themselves playing for the A team. Fox was unlucky to have been only able to play for the last game of the season, but he showed himself a fine forward who would have added strength to the A team had he been fit.

The following boys played for the team during the season: Smith, Collett, Noot, van der Meulen, Hanaford, Letcher, Connock, Bennett, Walker, Schneider (captain), Smith, Fox, Reed, Dalgleish, Fryer, Barnes, Drakes, Morrisby, Soloman.

vs. St. Andrew's Prep.	won	17-0
Graeme	won	6-0
St. Aidan's Prep.	won	10-0
St. Andrew's Prep.	won	29-0
St. Aidan's Prep.	draw	0-0
St. Andrew's Prep.	won	15-0
Graeme	won	25-0

U14 A CRICKET — 3rd TERM, 1960

Although this was not a particularly strong side the boys were very keen and their fielding improved considerably as the term went on.

We won both matches against Graeme U14 A but lost both matches to St. Aidan's U14 and the one match against St. Andrew's.

Special mention should be made of B. Herd, who carried his bat against St. Andrew's; Jimmy Davies and N. Plumstead batted well on occasions; Davies is also a promising wicket-keeper; B. Paynter, R. Shaw and G. Paris should make useful batsmen; N. Elliott, A. Davies, I. Bester and H. Oxenham are useful all-rounders although all must realise the importance of accurate, good length bowling.

A. Dalgleish captained the side for most of the season and did a sound job of work. He and Plumstead were perhaps the most consistent bowlers in the side.

S.J.T.

2nd DIVISION CRICKET — 1960

Once again the 2nd Division has had a successful year. Thanks to the efforts of M. A. F. Cotton, master i/c of cricket administration, we had plenty of games both against local schools and outside clubs. St. Andrew's 2nd XI beat us soundly in two of our three games against them this year: the other being a more closely contested game which also ended in their favour. We beat Graeme College two out of three times and won all our games against St. Aidan's.

In addition to these inter-school matches, the 2nd XI played games against teams from Jansenville, Sevenfountains and Assegaaibosh. These games are always very popular and this year's were no exception. Perhaps the best remembered one was the match we played at Assegaaibosh at their "country headquarters", about twenty miles from town. Here the boys received that brand of country hospital which would make them quite happy to play there every week.

Gerard Maasdorp proved a popular captain in the first term and when he left the division at the beginning of the third term his duties were taken over by Tommy Ansley. T. Ansley, N. Holland, B. du Toit, B. Heal and G. Hill were among those who showed good form with the bat on occasions, while D. Handley, T. Ansley, N. Holland and L. Robey were responsible for most of the damage with the ball. M. Barnard proved a most efficient wicket-keeper.

The standard of cricket produced by the 2nd XI has been fairly high. The keenness and the spirit in which the boys have played their cricket has made the coaching and organising a pleasure.

T. C. HARTZENBERG.

3rd DIVISION CRICKET

Despite frequent wet afternoons and House matches, the 3rd XI, captained by D. Whitehead, managed to find time for four matches. The outstanding players in the side were N. Wood, who opened the batting and the bowling with success on several occasions, and Trollip, a very promising batsman. D. Thomson, after a late season start, showed commendable keenness and played well. Our "visitors" from the 2nd XI, D. Bell, W. Meinesz and A. Robey, were valuable reinforcements in important matches. Match results:

v. Graeme 3rd XI:

K.C. (1st innings): 159 all out (D. Bell 51, F. Evans 20, N. Wood 16, M. Bell 16 not out).

Graeme (1st innings): 67 all out (Emmerson 3 for 12, Whytock 4 for 7).

Result: K.C. won by 92 runs.

v. St. Aidan's 3rd XI:

K.C. (1st innings): 111 all out (Wood 20, Trollip 15 not out).

St. Aidan's (1st innings): 112 for 6.

Result: K.C. lost by four wickets.

v. St. Aidan's 3rd XI:

St. Aidan's (1st innings): 153 all out (Whitehead 4 for 38).

K.C. (1st innings): 70 all out (Whytock 17, D. Bell 24).

Result: K.C. lost by 83 runs.

v. St. Andrew's 3rd XI:

St. Andrew's (1st inn.): 64 all out (Wood 5 for 21, Robey 3 for 12).

K.C. (1st innings): 110 all out (Trollip 44, Wood 20, Robey 12).

St. Andrew's (2nd innings): 104 all out (Meinesz 8 for 23).

Result: K. C. won by 46 runs on the 1st innings.

The Fourth XI was ably captained by J. Job. Of the batsmen, W. Fincham, N. Dick and G. Harris showed promise. Leiper and Emmerson bowled well. The team played only one match, against St. Andrew's 4th XI. Scores:

K.C. (1st innings): 76 all out (Fincham 19, Knott 10, Harris 10, Leiper 15).

St. Andrew's (1st innings): 224 all out (Emmerson 4 for 58).

Result: K.C. lost by 168 runs.

COLTS CRICKET

The 1960 season has been a successful one, not only when we consider the results of the matches played, but also when we take into account the maturer approach to cricket developed by the team. They have shown enthusiasm for the game and at all times have given the impression of doing their best.

In a team of good fielders, whose backing up has been exemplary, Connan, van Niekerk, McClenaghan and Blair have shown ability and

courage in going down to any ball on our usually uneven fields. Smollan is also to be congratulated on his close fielding in front of the bat.

The batting of Connan, Cooke, Peterkin, McClenaghan, and on occasions, van Niekerk, shows promise, and these boys should do well in the future. The other batsmen did well in the various games, but generally they failed to adjust themselves to the state of the game. This failing cost us both matches against St. Andrew's in the first term, when we lost after being in a sound winning position.

Our bowlers had a good season on the whole but like the batsmen, in one or two matches, failed in not being able to tighten up sufficiently and so lost control of the game. Neish bowled well as a hostile opening bowler and ended the season with an average of 7.1 runs per wicket. Marx and Witte, two spinners, bowled well while Peterkin and Linder improved their medium paced seamers. Wilkie and Wepener, both with good bowling actions, were somewhat disappointing. If they apply themselves they could become first class performers with the ball.

It is pleasing to record that turf nets have been started for the Colts. We hope that these will come into operation during the coming season. Here we would like to thank the Bursar for his interest, enthusiasm and efforts in getting these much needed facilities for us.

Since all our home matches are played on Middle Field, it is hoped that a score board will be erected there in the near future. Matches played here are made unnecessarily difficult by not having some means by which to indicate the score.

Connan proved to be a good captain during the first half of the season and it was with mixed feelings that we lost him to the 1st XI during the third term. Cooke took over the captaincy at very short notice and set a good example with his batting and wicket keeping. Our congratulations to Peterkin who was promoted to play for the 1st XI for a number of matches.

Congratulations to the following boys who were awarded their Colts' Caps—Connan, Cooke, Peterkin and Neish.

Our special thanks go to R. Perry, our scorer, who served us faithfully and well throughout the season.

COLTS B CRICKET

This was a happy side which improved steadily as the season progressed. It started off by losing to St. Aidan's mainly due to sluggish running between the wickets. However, this defeat was avenged at a later stage. Without any doubt the highlight of the season was the match against St. Andrew's. they won the toss and decided to bat. However, they were soon in trouble due to some fine bowling by Gilliver. Before long Bousfield was brought on and then the trouble really started as far as St. Andrew's were concerned. His left arm spinners seemed to mesmerise the opposition and he ended up with a match analysis of 8 wickets for 18 runs. St. Andrew's were all out for 84. Flowday and Wepener opened the innings for Kingswood and managed to reach 29 before being parted. Several wickets then fell and the tension began to mount. However, the St. Andrew's total was passed while six wickets were still standing. When the tension was off Wicks and Blair flayed the bowling and eventually the Kingswood total topped the 200 mark.

This was a side of varying crickting ability but everyone gave of his best and they enjoyed their cricket as a result. Flowday captained the side competently throughout the season. Bousfield proved to be the find

of the season and if he concentrates he should develop into a very sound all-round cricketer. Gilliver and Hamman bowled soundly at all times.

The following were regular members of the side: Floweday, Wepener, Blair, Bousfield, Gilliver, Hamman, Macaskill, McDonald, Gell and Fraser.

HOCKEY REPORT — 1960

The standard of hockey throughout the school was good this year. Over a hundred and twenty boys played hockey in the senior school and over sixty in the junior school. Fortunately the majority of boys had their own sticks and it was not unusual to see two or three pick-up games in progress on Middle Field during the week-end. Mr. Watson and Mr. Cotton helped coach the senior boys, while Mr. Tarr and Mr. Jennings took the U14 division. May I sincerely thank these gentlemen for their efforts.

The house matches went off very well and the athletes who had hockey talent were absorbed into the house teams. The standard of sportsmanship was high and the teams arrived promptly to start their matches. The overall result was as follows:

1st Jagger, 2nd Gane, 3rd Wood, 4th Chubb.

SENIOR TENNIS — 1960

This year has been an important one for Kingswood tennis; not because of any particular achievements on the part of our players, but rather in the very great improvement in the facilities. During the second term contractors commenced work and by the third term we could start playing on some of the magnificent new "Ant-Juice" type permanent surfaces which the City Council has had put down at City Lords. We now have the use of five of these and the sight of them is sufficient to gladden the heart of any tennis enthusiast.

The dislocation caused by the long period of construction work served to cut down our usually few outings to even fewer. We did, however, manage to fit in matches against Graeme College and St. Andrew's—winning against the former but losing against the latter.

The third term had to be devoted almost exclusively to the completion of our school championships and the inter-house competition. The results of the school championships were as follows:

Open Singles: R. Halligey.

Open Doubles: D. Dunstan and I. McClenaghan.

U/16 Singles: I. McGlenaghan.

U/16 Doubles: I. McClenaghan and N. Wicks.

In addition to his achievements mentioned above, it is of interest to note that Ian McClenaghan also won the U/14 Singles and was runner-up to Halligey in the Open, losing only 4/6, 6/4, 3/6.

Robin Halligey proved himself to be the best schoolboy singles player in Grahamstown and was deservedly awarded his colours. I would like also to record my thanks to him for his assistance in the organisation side of school tennis. Michael Giddy proved an efficient kit monitor.

The following represented Kingswood in senior matches: R. Halligey, D. Dunstan, M. Giddy, G. Maasdorp, I. McClenaghan, R. Giddy, R. Marx and N. Wicks.

SHOOTING NOTES

The departure of Mr. Troward at the end of the first term was a considerable loss to the shooting teams. However, Mr. Dacam very kindly acted as the master-in-charge.

A committee was formed, consisting of the house shooting captains, to see to the organisation of details and other range activities.

G. C. Maasdorp was elected captain of the school shooting team.

The first competition this season was in Port Elizabeth against Grey College. Mr. Slater very kindly transported the team down in his car. The team, consisting of six members, won by 14 points.

CADETS

The Detachment has enjoyed yet another year of steady progress in all of its many departments.

The Band has maintained its popularity and has given the usual number of public performances throughout the year. Fd. Ct. S. J. Thompson is to be congratulated on the high standard that he has maintained over the years. The Detachment is proud to be able to march behind one of the best school boy brass bands in the country. It is also with great pleasure that we record that we are able to retain our distinctive uniforms for the band. Our congratulations go to Drum-Major S. R. Booth for the grand job he did in taking over the leadership of the band when Mr. Thompson was away on long leave during the middle term.

The Red Cross Society has continued its classes and the keenness of the boys reflects the enthusiasm and efficiency of Mrs. Adams.

The signalling platoon has reached a most satisfactory standard of performance under Mr. R. F. Oakes. We would like to express our gratitude for all that he has done for us in this field and say that we will miss his services next year. Fortunately for us, Comdt. C. Dacam has intimated that he would like to carry on the good work and we hope that he will be able to find time to do so.

With Capt. T. J. Troward gone, the supervision of the shooting has fallen to Comdt. C. B. Dacam, who has spent many long afternoons on the range during the shooting off of the different competitions. We would like to record our thanks for this effort and assure him that it is appreciated by everyone in the Detachment.

Capt. D. R. Butler, Fd. Ct. T. C. Hartzenberg and Fd. Ct. A. N. Jennings have been in charge of the drill instruction where they have been ably assisted by the Student Officer platoon commanders. The recruits have reached a high standard of drill efficiency this year. So much so that they participated in the Remembrance Day Parade where their performance was most noteworthy. After the Remembrance Day church service, Major R. Westaway addressed the Detachment on Middle Field and presented S.O. T. Ansley with the First City Sword of Honour.

It is pleasing to report that a start has been made to re-introduce Field Training for the cadets. The boys can now look forward to lectures on fire and movement, map reading, night patrols, etc., as well as manoeuvres in the field.

It has been decided that the cadets will wear boots and anklets as from 1961. These were issued to all cadets who attended camp and from all accounts this is a distinct improvement.

It is with regret that we have to record that the Annual Inspection had to be cancelled because of rain after being postponed on a previous occasion for the same reason. This is the first time in 24 years that our Detachment has not been inspected.

THE CADET CAMP.

On Thursday afternoon, 1st December, 133 Cadets from the 6th and 4th forms, who were not busy with external examinations, and Fr. Ct. A. N. Jennings moved into the Grahamstown Military Camp where they stayed for a week.

The camp included lectures and demonstrations on compliments and saluting, map reading, infantry weapons, section formations, concealment and camouflage as well as training films and a concert given by the boys.

Under the expert instruction of Staff Godley, Staff Olivier and Sgt. Nell, there was a marked improvement in the standard of drill by the end of the week.

One of the highlights of the camp was the weapon demonstration given on Wednesday morning, where the Sten, Bren, Vickers and 3in. mortar were on show. Two lorry loads of Kingswood cadets not attending the camp also came to watch the demonstration which was enjoyed by everyone.

It is a great pity that there were not enough members of the band attending camp for them to be able to play for the final Inspection Parade. Their presence was sorely missed.

In general the organisation of the camp was good. The discipline was of a high standard with only very few minor transgressions to be attended to. The food was good and there were very few boys on sick parade. Those who did attend only had minor complaints.

I wish to thank the Military Authorities most sincerely for being prepared to run the camp. When it is known that all supplies and equipment had to be moved up from Port Elizabeth, it can be appreciated that such a camp is a major operation.

I should like to thank Capt. H. M. Richardson, O.C. of the Camp, for his co-operation and for his efforts at all times to make our stay as interesting and informative as possible. We hope that it will be possible for many such camps to be held in the future.

I should also like to thank St. Andrew's College for the loan of their projector and screen. We owe a special thank you to Major M. de Lisle, Capt. R. Clark and Fd. Ct. T. Stevens, who were most co-operative and ready at all times to assist in every possible way.

The Officer Commanding Eastern Province Command, Col. Leisegang, came up on Thursday morning, 8th December, to take the salute at the Passing Out Parade. It was very pleasing to see the Headmaster, Mr. Slater, Mr. Butler and other interested members of Kingswood attend the Parade.

I should like to congratulate the acting Student Officers and Sgts. on their performance at the Passing Out Parade. They showed exceptional ability for the short time available for training.

Finally I should like to thank Capt. Butler and Fd. Ct. Hartzenberg for relieving with the duties and being such good welfare officers.

Summing up I would say that the camp was most beneficial and enjoyable and that most of the cadets would like to attend a similar camp next year.

EPWORTH SOCIETY ANNUAL REPORT,**Year ending May 27th, 1960.**

The Epworth Society has enjoyed yet another successful year and it has been my doubtful pleasure to compile and read this, the annual report, on the occasion of our 9th anniversary.

The Society has continued to function as in the past and the Devotional, Current Affairs, Literary and Scientific, and Social Committees have maintained an excellent programme.

Much interest has been aroused, especially among the members of the lower forms, and our membership has increased this year.

The Society has maintained excellent variation with subjects such as "Sociology", "Kariba", "Theosophy" and "Mountaineering". We have been privileged by having such distinguished speakers as Advocate Cloete, Q.C., Professor Wintermoore, Doctor Donald Cragg and Professor Irving.

We have had enjoyable musical evenings with a song evening under the supervision of Rev. Griffith Rogers, two record evenings with the "Snow Goose" by Paul Gallico and Stephen Foster's composition. On the occasion of the Matric. Social the Kingswood Jazz Band provided an enjoyable evening.

Many of the talks this year have been wonderfully illustrated with coloured slides. Mr. Blacquire of St. Andrew's showed slides while speaking on Mountaineering. "Kariba" by Mr. Yoell, "Trip to Kenya" by Mr. Troward, "Kingswood Oversees Tour" by Mr. Cotton and "Paul's Journeys" by Professor Wintermoore were all beautifully illustrated by colour slides.

On the devotional evenings we have had the talk on "Paul's Journey" and Dr. Donald Cragg spoke on the Christian movement at Oxford University. Rev. Kirkby gave an interesting talk on "Theosophy" in the series "New Forms of the Old Faith".

Other excellent talks have been "Mental Diseases and Psychology" by Dr. Caseby and "My Experience During the Past 20 years" by Advocate Cloete.

There have not been outside speakers on all occasions and the members have provided excellent evenings among themselves. The annual "Inter House Quiz" with Mr. Butler as quiz master was a great success, and Jagger House gained victory by a narrow margin. Other evenings took the form of games evenings, and members spoke on varied subjects during the "Point of View" evening. A successful "Hat Debate" was also held.

In closing I must stress that it is only due to the Rev. Kirkby's unflinching support and enthusiasm that the Society functions as it does, and we hope that with his support it will continue thus.

R. L. YATES,
Hon. Secretary

GYMNASTICS

Yet another year of Gymnastics has passed successfully at Kingswood and we feel the high standard achieved has been fostered by the choice in Form 6 between cricket and gymnastics. At least 25 boys took part in compulsory gymnastics this year and keen interest was shown.

During the first term holidays E. Kristeller and R. Hilton-Green were chosen to represent Eastern Province at the South African inter-provincial gymnastic competition. E. Kristeller came sixth in the Under 19 section, while R. Hilton-Green did well in the Under 17 group.

Towards the middle of the third term the annual inter-schools Gymnastic competition was held in the Grahamstown City Hall. Kingswood were represented by F. Krogh, B. Futter and K. Wohlters in the Under 15 section and came a close second to St. Andrew's. In the novice section Kingswood were represented by R. Hilton-Green, R. Halligey and L. Robey. In the individual championship run in conjunction with the team competition R. Hilton-Green finished third.

In the elite competition E. Kristeller did excellently to gain first place.

Our final competition was the inter-house in which Chubb House, represented by R. Hilton-Green, B. de v. Hayward and F. Evans, were placed first. The school individual championship, which is run in conjunction with this competition, was won by E. Kristeller, with R. Hilton-Green a worthy second. The N. B. Pohl Floating Trophy this year went to E. Kristeller. Awards:

Honours: E. Kristeller. *Colours:* R. Hilton-Green.

Standard blazer: R. Halligey.

Track suits: F. Krogh, B. Futter, K. Wohlters.

ATHLETICS — 1st TERM, 1960

The first attraction was the E.P. Inter-Schools in Port Elizabeth. It was in this competition last year that our U.17 side did so well. Since then many of the stars have departed and the prospects of the team were not considered good. From the outset the boys settled down to accept this challenge seriously and as the days went by ambitions began to be cherished secretly by the club. After a strenuous training programme 38 boys boarded the train on Friday night, and Saturday, 26th March, saw us involved in competitions ranging from U.13 to U.19.

The result was very creditable indeed. As usual the entry was heavy, 48 schools took part, 37 of which were high schools, and all except St. Andrew's and St. Aidan's were represented from the Eastern Cape. For the first time we gained places in all four competitions, and as the results, detailed below will show, there is plenty of talent to come. We had to return the Kriel Cup for U17 competition to Grey (temporarily) but since we won the Schauder Cup for U.19 back from them it was a fair exchange. On the strength of the day's performances. John Thompson (110 x 220 yards. hurdles), and James Mitford-Thomson (pole vault) were selected for the E.P. side to the S.A. Junior Championships, and Des Whitehead was independently entered by the school for the Under 18 shot putt, but more of their achievements anon.

Three things stand out in a day when very nearly everyone excelled. Des Whitehead's shot putting (42ft. 2½ins.). "Lell" Robey's improved sprinting, and the performances of all relay teams. Their baton changing was outstanding. Full details follow:

FESTIVAL FLAG RUN

The College was approached, as were all other schools, to participate in this run. It fell to the Kingswood contingent to cover the 12 miles from the Grahamstown City Hall to Moss's Dam.

The authorities organising the Flag Run stipulated 6 a.m. as the start so as Macaskill, who captained this team, set off in company with a Training College girl (who handed over her flag to D. Moys at the Drostdy Arch after the first quarter mile) started off stars were still out. It seems in reflection that the stars remained out since the flags arrived at Moss's Bridge, exactly 75mins. later and three-quarters of an hour too early.

The boys were accompanied by a patrol car with a Provincial official policeman and also an ambulance—much to their amusement.

It was ideal running in the early dawn with the prospect of an "Auntie Dot" special fried eggs and bacon breakfast beckoning them on. The team was back, showered and in among the eggs before the St. Andrew's team was due on their marks at 8 o'clock. They left the flags, with its password "Unity—Eendrag"—little forlorn emblems floating in a stiff breeze, stuck in the radiator of the jeep patrol car.

Those who took part, running in pairs, were: I. Macaskill (captain) and D. Moys, Baumann and Job, D. Stephenson and Cotterrell, Jensen and Poole, C. Moys and J. B. Jackson, Inggs and Breedveld, D. Pewsey and D. Wilmot.

INFORMALS — 1960.

Informal sports held on Saturday 9th of April, was robbed of its highlights, firstly by the weather, which was blustery and cold, and secondly by the fact the day unavoidably clashed with the South African Junior Championships. in Pretoria. This meant that John Thompson, Desmond Whitehead and Mitford Thompson were away. There were, despite the weather, ten standard performances and some thrilling races although the times were naturally not as good as anticipated.

At the South African Championships, however, it was a Kingswood day. First of all Geoff Bacon, who left last year, set up a new South African Under 18 mile record of 4min. 29.7secs. John Thompson set up two new Northern Transvaal U.17 records in the 110 and 220 yards hurdles in 13.7secs. and 25.7secs., when he became the Under 17 S.A. Champion in these two events. J. Mitford-Thomson cleared the same height as the winner in the U.18 pole vault, and was placed second, whilst Des. Whitehead got into the final for the U.18 shot putt in very strong competition and was placed fifth. All these athletes have improved phenomenally during the year and further references to their form will be made later.

The detailed results are as follows:

THE ANNUAL CROSS-COUNTRIES

The practice has developed over the past three years to run the championships, Open and U.16, in these events in the rugby term, and the Inter-House during the athletic season in the 3rd term, together with the U.12 and U.14 cross countries.

Once again we have had some splendid performances and two of the four and very nearly three of the four, records went by the board. These were set up by Colin Moys in the Under 16, who broke Geoff Bacon's record of 19mins. 10secs (1958) by 3.8secs, and by Warrick Kirkby in the U.14, who clipped 26.5secs off Colin Moys' (1958) record to set a new time of 11mins. 11.1secs. M. Weir, who was second, was 10secs. inside the old record as well.

ATHLETICS — 3rd TERM

The season opened with an outing to the P.E. Publicity Road Relays. It was the Centenary event and is run over 18 miles with three-mile "legs" between the Beach Hotel at Summerstrand and a point on the road behind the Cape Recife Lighthouse.

Kingswood entered what amounted to three teams. A U19 A and B and then supplied five out of the six men for the Drostdy Harriers U19 team. The U19 would have won it—if it had not been for Geoff Bacon, who, of course, was running this year for the P.E. U19 team. He ran powerfully in the last leg to set a new record of 14mins. 56secs. for the three miles and was too much of a challenge for Colin Moys (who had about 200 yards lead to maintain). Geoff romped home some 400 yards ahead of Colin. Out of nine teams competing, five U19 and four Open, the Kingswood team were fourth, so they did very well.

The teams, in the order in which they came, were as follows:

K.C. A: D. Moys, 17mins. 21secs. (up).
 J. Jackson, 16mins. 52secs. (down).
 C. Inggs, 19mins. 20secs.
 D. Pewsey, 18mins. 16secs.
 I. Macaskill (captain), 18mins. 19secs.
 C. Moys, 16mins. 58secs.
 Time: 1 hour 47 mins. 0.6secs.

K.C. B: M. Bell, 18mins. 56secs. (up).
 P. Collett, 18mins. 34secs. (down).
 D. Prevôst, 19mins. 32secs.
 N. Turner, 18mins. 0.8secs.
 P. v. d. Meulen, 18mins. 58secs.
 J. Mildenhall, 17mins. 36secs.
 Time: 1 hour 51mins. 44secs.

Drostdy Harriers U.19:

D. Whitehead, 18mins. 44secs.
 R. Pittaway, 18mins. 50secs.
 M. Cotterrell, 19mins. 42secs.
 J. Cave (St. Andrew's), 18mins. 6secs.
 M. Barker, 19mins. 0.5secs.
 J. Hicks, 17mins. 31secs.
 Time: 1 hour 51mins. 58secs.

WEEK-END ATHLETICS

Rhodes invited some of our fellows to compete in the intervarsity between themselves and U.C.T. Here are the details of their performances:

100 yards: L. Robey, 3rd, same time as Whitfield of Rhodes, who was 2nd, 10.5secs.; B. v. d. Linder of Rhodes 1st in 10.3secs.

220 yards: L. Robey, 2nd, time 23secs.; B. v. d. Linder, 1st in 22.8secs.

440 yards: D. Whitehead, 5th in 54.2secs. (previous best 55secs.)

Shot put: D. Whitehead, 3rd; Lemmer of Drostdy H. 1st; Emslie of Drostdy, 2nd. Whitehead's distance with 16lb. shot, 38ft. 10½ins.

220 x hurdles: J. Thompson, 3rd in 25.3secs. K.C. record held by N. Whitehead is 26.4secs.

High jump: M. v. Schalkwyk 3rd, W. v. Niekerk 4th. Height: 5ft. 4½ins.

Long jump: T. Ansley 4th, 19ft. 4½ins.; W. v. Niekerk 5th, 18ft. 10½ins.

Pole vault: J. M. Thomson 3rd. This event was won by B. Andrews at Drostdy Harriers, 11ft. 5ins.

4 x 110 relay: We fielded a scratch team; B. Leiper (U.16) was pressed in at the last moment. The team, J. Thompson, T. Ansley, B. Leiper and L. Robey, ran into 2nd place in 45.1secs. Rhodes A won in 44.9secs.

ATHLETICS, 27/9/60 — THE TRIANGULAR

Yesterday's competition on Kingswood Gane Field between Grey, St. Andrew's and Kingswood provided the closest finish in the history of the Triangular. St. Andrew's managed to retain the Craig Shield by half a point from a determined challenge by Kingswood. All seemed to depend upon the final 220 relay; the points at the stage showed at the score box: St. Andrew's 22, Kingswood 20 and Grey 17. Grey gained an early lead and maintained it almost to the finish with St. Andrew's second, and then Robey running anchor for the Kingswood team unleashed a tremendous effort that brought the crowd to its feet as he overtook first Nicolai of St. Andrew's and then Zschokke of Grey to win by a pace. It was a magnificent finish to an afternoon that had provided four records and many thrills. Earlier, however, Grey and St. Andrew's had tied in the long jump for first place and the divided points gave St. Andrew's the victory by half a point. (The score box had no means of indicating the half point and this naturally added to the thrills of the last race). The final scores were:

St. Andrew's 23½pts. Kingswood, 23pts. Grey 19½pts.

In a team competition like the relays it is invidious to single out individuals or events since the competition is over eleven events in which it is the team effort that counts in the main. There were, however, outstanding performances in the events. St. Andrew's 440 relay team set up a new record for this event and in doing so broke the oldest existing

record, which dated back to 1938 when the Triangular began. The old record stood at 3mins. 33.8secs. and the St. Andrew's team covered the distance in 3mins. 33.1secs. Grey ran splendidly in the 880 relay to set a new time of 8mins. 25.9secs., the previous best being 8mins. 29.7secs. set up by the Grey team in 1955. The Kingswood team set up two new records, one in the 100 yards when they broke the 1950 record of 42.5 secs. held by Grey, by .4sec., and the shot put record of 120ft. 2ins. (also held by Grey) when the team threw 120ft. 10½ins.

All three captains—Hopkins of Grey, Nicolai of St. Andrew's and Thompson of Kingswood—made outstanding contributions, and in congratulating them on the very fine spirit of sportsmanship and exceptionally high standard of athletics that prevailed, we are congratulating every member of their respective teams as well.

After the 220 the Headmaster of Kingswood presented the Shield to Nicolai of St. Andrew's, whilst both Grey and Kingswood captains led their teams in three cheers for the winners.

The detailed results are as follows:

Pole vault: 1 S.A.C., 2 K.C., 3 Grey. Height 31ft. 1½ins.

100 yards (42.5secs. Grey, 1950): 1 K.C., 2 Grey, 3 S.A.C. Time 42.1secs. (record).

Shot put (120ft. 2ins. Grey, 1955): 1 K.C., 2 Grey, 3 S.A.C. Distance 120ft. 10½ins. (record).

Mile medley: 1 S.A.C., 2 K.C., 3 Grey. Time: 3mins. 44.5secs.

High jump: 1 S.A.C., 2 K.C., 3 Grey. Height: 16ft. 8½ins.

440 yards: (3mins. 33.8secs. Kingswood, 1938): 1 S.A.C., 2 Grey, 3 K.C. Time: 3mins. 33.1secs. (record).

Long jump: 1 S.A.C. and Grey, 3 K.C. Distance: 57ft. 6½ins.

Two miles: 1 S.A.C., 2 K.C., 3 Grey. Time: 10mins. 40.5secs.

110 yards hurdles: 1 K.C., 2 Grey, 3 S.A.C. Time: 58.7secs.

880 yards (8mins. 29.7secs. Grey, 1955): 1 Grey, 2 S.A.C., 3 K.C. Time: 8mins. 25.9secs. (record).

220 yards: 1 K.C., 2 Grey, 3 S.A.C. Time: 1min. 34secs.

E.P. AND BORDER, 1960

This competition was again held in King William's Town. The weather was perfect and there were some splendid performances. Queen's managed to edge St. Andrew's into second place and win the shield again after a lapse of five years. Grey was third and Kingswood 4th. The only two senior records of the day were set up by John Thompson, who as an Under 17 did 13.4secs (to equal the best time in South Africa by an U17) to win the Under 19 110 yards hurdles, and by J. Mitford Thomson, who set a new record in the pole vault at 11ft. 7½ins., beating his old rival, W. Nicolai of St. Andrew's, who cleared the same height but in more attempts.

Since P. Hewson and G. Bacon departed we have been weaker than usual in the middle distance and distance events. D. Whitehead, running the second 880 of his life, gained an unexpected 4th place in

2mins. 5.6secs.—a time he has since reduced—and D. Moyes managed a 3rd in the mile, but had nothing left for the two. Robey gained 2nd and 4th in the 100 and 220 respectively, the first time w have been placed in the sprints for some time.

In the Under 14 competition S. van Niekerk did a phenomenal run for a boy still under 15, in the 110 yards hurdles, returning a time of 14.6secs. to come 2nd. When it is remembered that these are the same height as open hurdles the achievement is all the greater. His high jumping and long jumping are proving a real asset. The other athlete to gain distinction in the U16 section was A. Robey. He was the smallest competitor and lead the field until the last round in the shot. He eventually came 2nd with a throw of 40ft.

The detailed results are as follows:

Under 19 Competition

100 yards:	L. Robey: Heat, 2nd, 10.6secs.; final, 2nd, 10.5secs.	(3 pts.)
220 yards:	L. Robey: No heat; final, 4th, 23.5secs.	(1 pt.)
440 yards:	J. G. Thompson: No heat; final, 4th, 53.4secs.	(1 pt.)

INTER-HOUSE CROSS-COUNTRIES

This was run off on Monday afternoon, October 3rd, in beautiful weather. D. Moys, who tied with I. Macaskill for 1st place, and D. Pewsey (3rd) all achieved standard. The teams were 12 strong with eight to count, and so there was a big field. The detailed results are as follows:

Open

CHUBB: Inggs (captain), Barber, Cotterrell, Trengove-Jones, Turner, Slabbert, Holland, Gribbin.

GANE: Hicks, Hunter, Pittaway, Baumann (captain), Maasdorp, R. Giddy, M. Giddy, Bennett.

JAGGER: D. Moys, I. Macaskill (captain), Pewsey, D. Whitehead, D. Barnard, D. A. T. Bell, W. Krogh, Whamond.

WOOD: Jenson (captain), Wellington, Poole, Job, Hilson, Trollip, Menne, Helfet.

Open:	1—Jagger	67	3—Wood	153
	4—Gane	159	2—Chubb	148

Under 16

CHUBB: Letcher, Green, Kuys, Kotze, Will, Pohl, Pease, Harris.

GANE: Kirkby, Grinter, Gove, Dick, Heal, Levy, Wepener, S. v. Niekerk.

JAGGER: J. B. Jackson, M. M. T. Bell, C. Moys, Bandey, Tennant, Emmerson, Leech, A. Liebenberg.

WOOD: P. v. d. Meulen, Prevost, P. Collett, Mildenhall, E. Connan, Sabatta, Weir, Neish.

U16:	1—Wood	76	3—Chubb	150
	2—Jagger	123	4—Gane	179

KINGSWOOD ANNUAL SPORTS DAY

Each time Gane Field has been marked this season, rain has quickly followed. Three days of good rains followed the Triangular; last Friday's downpour followed the strenuous preparations for what was to have been Sports Day, and yesterday's showers drenched the last few events of the postponed meeting. It seems we have now a sovereign remedy for drought!

The effect of the Friday rains was of considerable benefit to yesterday's meeting. When the mowers and the heavy roller had done their jobs, Gane Field presented the athletes with the flattest and fastest track they have enjoyed for a long while. The athletes responded magnificently. Seven new records were set up and one equalled. With the cross-countries, which are included in the athletic programme but run off earlier, there have been nine new records set this year, and twenty-nine standards were achieved for the meeting. Apart from this, some thirty-nine standards have been achieved in the other meetings in which our athletes have taken part. It has been a very successful season.

The records that were set up were as follows: A. Collett ran very strongly to eclipse S. van Niekerk's Under 12 80 yards hurdles time of

13.5 by .2 of a second. K. Humphreys, who earlier won the cross-country in this division, showed he possesses speed as well as stamina when he set a new time for the 660 yards, breaking G. Kruys's 1951 record by 1.7secs. in the time of 1min. 50.3secs. F. Collins equalled E. Dechow's 1946 record for the 220 Under 14 by covering it in 25.9secs. P. Whytock broke M. Neale-Shutte's 1954 Under 16 pole vault record with a leap of 10ft 4½ins. R. Hilton-Green was very unfortunate not to share this record with Whytock and both these pole vaulters should do very well next year. It was, however, in the open division that the records began to fly. The first was set by J. Mitford-Thomson in the pole vault when he cleared 11ft. 3½ins. very convincingly. He failed in attempting 11ft. 5½ins. John Thompson carried on the tradition which P. Booyen (1949), Alex van Zyl (1956), Walter Babb (1958) and Neil Whitehead (1959) built up in the hurdles equalling the 110 yards in 13.7 and smashing the 220 hurdles in 26.1secs. respectively. Desmond Whitehead threw splendidly in the shot to set the distance at 44ft. 1½in.

The Vanguard race, in which the whole of Jacques House are starters, was won by Fox. The Prefects, much to the disgust of the School, ran away with the relay, but the School got their revenge in the tug-o-war when they beat the Prefects in two straight pulls in roughly 45 secs. flat! Four Old Boys, undaunted by the weather, ran the traditional race, which was won by Alan Moore.

The Victor Ludorum winners were:

Open: J. G. Thompson.

Under 16: C. A. Moys and S. J. van Niekerk.

Under 14: F. H. M. Collins.

Under 12: A. R. Collett.

The Doug. Dold Cup for Flat Events was shared by L. H. B. Robey and D. D. Moys, and the Clem Solomon Cup for Field Events was also shared by J. Mitford-Thomson and D. F. J. Whitehead.

After the meeting the guests and the School retired to the sanctuary of the Memorial Hall, where Mr. Butler had prepared the prize table. Mrs. Henry Dewberry, after being introduced by Mr. C. B. Dacam, Vice-Headmaster, presented a beautiful cup for the Inter-House Cross-Country and then very graciously distributed the prizes. The detailed results are as follows:

BAND REPORT, 1960

This has been another good year for the K.C. Band. The unit has been a well-balanced one and I think I can safely say that their marching and playing have been up to the usual standard.

During the first term we played at the Bathurst Agricultural Show and the Foundation Day parade. The progress made with the sheet music encouraged us to give a performance of it on the Show Ground during the lunch hour. The applause and attendance were very encouraging and I hope this will become an annual performance either at the show or in Grahamstown. A depleted band stayed over for the re-union celebrations. These band members deserve special mention for the work they put in to make the Old Boys' stay an enjoyable one.

I went on leave during the middle term but with the certain knowledge that the band had been left in the capable hands of Drum Major Booth and Sergeants Breedveld, Staples and Ellis-Smith. They kept the bandsmen hard at it and the Delville Wood parade went off very well as a result of their conscientious efforts. Several band members also took part in the Schools' Music Club concert. The solo work they did developed technique and tone considerably.

Our first commitment in the third term was a trip to Alice to play to the townspeople and the hospitals. We played a selection of hymns, followed by a display of slow and quick marching at the hospitals, and marched and counter-marched on the Alice recreation ground. Although the trip by lorry is long and dusty, it is always made worthwhile by the pleasure it gives to patients and spectators. Dr. and Mrs. Cooper, Miss Miller and the nursing sisters entertained us nobly and we arrived back full, tired and happy.

The Old Comrades paraded under shelter this year owing to rain and the band played "Abide with Me" in mufti. At the Remembrance Parade Sgt. Ellis-Smith, L/C Leech and L/C Cotterrell played the Last Post and Reveille, the detachment marched away to Sousa's "Stars and Stripes", and altogether it was a very impressive parade.

Our last two commitments were "Carols by Candlelight" and the leaving service. The brass section put in a lot of practice during the lunch hours for the carols, and the singing, backed by the band, and the lighted candles and the tableaux were most effective. The leaving service went off very well. Sgt. Ellis-Smith, accompanied by Mr. Bebington on the organ, played the solo in a trumpet voluntary; the hymns chosen were well known and well liked and the organ and band combined very well.

It remains for me to thank the band for its work this year and to wish the leavers every success in the future.

INTERMEDIATE HOUSE REPORT — 1960

The first term went off very well and the new boys soon became absorbed into the various sporting activities which were going on. Cricket was very popular and several boys made the U.13 and U.14 A teams. Mr. Troward used to take the boys on the range after breakfast and the standard of marksmanship in the house was high as a result of his effort. Half term was spent at Kasouga and skiing provided the most thrills and spills. A table tennis tournament was held; this was won by S. Frenkel, the runner-up being D. Chasan.

Mr. Troward left at the end of the first term and Mr. van Zyl came in as assistant master during the 2nd term. Mr. and Mrs. Hartzenburg and family came into residence during the absence of Mr. and Mrs. Thompson and family, who spent their long leave overseas. The new boys made a good "go" of the rugby and appeared to enjoy it. One of the highlights of this term was the arrival of 12 pockets of oranges from Mr. R. C. Knott for the consumption of the Intermediate boys.

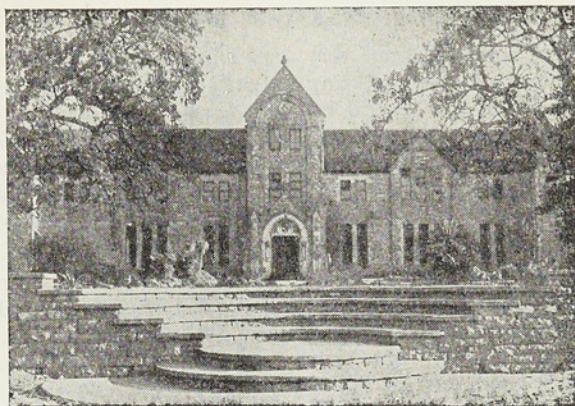

Hockey and athletics were the main sports during the first month of the third term. Practically the whole house played hockey at some time or another and it was not unusual to see Mr. van Zyl defending on half of the hockey pitch against half a dozen of his charges. Mr. Thompson arranged an inter-dorm. tournament; 2nd dorm. were the winners with 3rd dorm. close on their heels. Cricket then again took priority apart from the end of term exams. R. Shaw captained an Intermediate house team against D. Jones-Phillipson's side. The latter team won with six wickets standing; Jones-Phillipson making 100 not out. This was a captain's day as Shaw collected 70 runs for his team as well. The end of term party went off very well and at an informal concert afterwards B. Walker, of East London, deserves special mention for his rendering of "My old man's a dustman" and "What-a-mouth".

The essay competition was won by J. Parkin and J. Stretton and part of this report is drawn from it.

The prefects, T. Ansley, I. Mason, M. Stegmann and R. Halligey, did a very sound job this year, whilst C. Inggs deserves special mention for the hard work he did as school prefect and head of the house; his discipline was particularly good. May I take this opportunity of wishing them every success in the future.

JACQUES HOUSE AND JUNIOR SCHOOL NOTES

WINTER TERM — 1960

Rugby has filled the minds and dictated the actions of the boys this term. One of the highlights was the visit from the Western Province of the Monterey Preparatory School team. Nine of the team stayed in Jacques House from Tuesday until Saturday, playing us on Wednesday and St. Andrew's on Friday. We enjoyed their company and their rugby, and we look forward to another visit from them next year.

An interesting and enjoyable concert was organised by the music teachers, Mrs. Border and Mrs. Bartlett. The Junior School contribution was in the form of several percussion band items. The conductors of these items were Brian Cretchley, Leslie Walker, Patrick Canepa and Ian Wilkinson, with Julian Burnett and Jimmy Rodgers as piano leaders. Ian Wilkinson's solos on the piano-accordion received a tremendous ovation.

The visit to the Johannesburg Reps. play, "A Clean Kill", was enjoyed by those who went to it.

Half term was spent quietly, with town and country leave in the morning, and a film matinee in the afternoon.

Several competitions were held during the term:

Chess, for those over 12 years, won by Julian Burnett, with Nathaniel Tardrew runner-up.

Deck Quoits, open and handicap, both won by Christopher Swan, with Andrew Smith and Peter Wilkinson as runners-up.

Carpet Bowls, won by J. Syme with D. Worsham as runner-up. A special prize was awarded to Ashton Knott for doing so well against much older adversaries.

Tennissette: Doubles, under 12, won by Hartley Beck and Trevor Webster, from F. Englebrecht and D. Painter.

Singles, won by Hilton Collett from Hartley Beck.

Mrs. I. Walters, who joined our house staff in March, left us for health reasons in August. Mrs. McCulloch, of Kenton-on-Sea, took over this post in September and has spent a happy term here.

Our very grateful thanks go to Mr. Ronnie Knott for several consignments of oranges, about 50 pockets in all, and to Mr. Rex. Reynolds for gifts of stamps and stamp catalogues for the Philatelic Club.

THIRD TERM, 1960.

The early part of the term was occupied with athletics, and hockey for the older boys. Several of the lads showed outstanding promise at hockey and we found ourselves regretting the shortness of the "season".

We are glad to have our turn-table in operation. Since its installation the wireless has been a discarded favourite, and the dormitory broadcast has been one of popular music. Now that we have a cupboard to house them, we hope to accumulate a library of records, preferably long-players, of popular light classical music.

Sadness touched the house, when we heard of the death of Mrs. Jacques. Many of the boys attended the funeral service in Commemoration Church, and several were present at the graveside.

Selborne teams visited us twice, to play tennis and cricket. The tennis team stayed the night with us and played St. Andrew's Prep. the next day. The two cricket teams, Under 11 and Under 13, spent the day here. The visits were very successful and we look forward to another match with them.

Michael Holmes, youngest of the three sons of Peter Holmes, who spent their earlier years with us, called in at the time of the Choir Festival in the Cathedral here, and had lunch with us. Michael is now at Dale College.

Ian Mackenzie, of Bulawayo, an O.K., who had just returned from a four months' tour of Europe, called in here on his way back to Bulawayo with his parents who had met him in Cape Town. He is still actively interested in dramatics and had a wonderful time overseas seeing plays and operas.

Half term took the form of a trip to Port Alfred in three lorries. The weather was kind and the outing was thoroughly enjoyed.

Mr. Dowthwaite's programmes of film entertainment have been thoroughly appreciated. In addition to the usual full-length feature films (about three per term) he arranged for a fortnightly supply of interest films. We hope to continue with this type of audio-visual leisure education.

We are deeply grateful to Miss Ivy Webster for the gift of two boxes of gramophone records, nearly a hundred discs in all, and for a wonderful book called "The Play's the Thing".

Towards the end of October the Junior Dramatic Society presented three one-act plays, two in English produced by Mrs. Joyce Clark, and one in Afrikaans produced by Mr. R. Q. Tarr. Mr. Dowthwaite stage-managed, ably assisted by his gang of henchmen, and Mr. Norman Clark was 'noises off', and very realistic dragon-noises he made too. The boys of Forms 1a and 1b, trained by Mrs. Clark, spoke "Hiawatha" in chorus before the curtain rose on the third play. The plays and players were as follows:

Scene: An Audience Chamber in the Castle of Hearts.

Our Junior Hobbies Exhibition was held in November, to coincide with the prize giving week-end. There were not quite as many exhibits this year, but the quality was good. David Kerr's pewter work and

paintings attracted admiration and attention, and some of the leather work was good.

Mr. John Hewson left us in August to follow a photographic career overseas. His post was filled by Mr. Leslie Carter, ex-headmaster of Woodridge Preparatory School, near Port Elizabeth, to whom we said farewell in December as he could stay for only one term. We enjoyed his short sojourn with us, and said our goodbyes with real regret.

Miss Felicity Pearson, who has been in charge of Stds. 1 and 2 this year, was married on November 19th to Mr. Trevor King, and left us in December to make her new home in Eshowe. All good wishes to them both for a happy future.

Miss Pearson's post will be filled by Mrs. Hedley, recently retired from the staff of the Victoria Girls' Junior School, and we look forward to the benefit of her years of experience.

To those boys who donated books and records go our warm thanks, in particular to Hartley Beck and Edward Pinshow.

The gift of £10 to our House Fund from a parent who wishes to remain anonymous is also greatly appreciated. It will help to build up our library of records.

UNDER 11 RUGBY DIVISION

This division was divided into two sections. Mr. Dowthwaite took the A and B sections, while the C were under Mr. Hall. This latter group of about 20 of the smaller fellows learnt a lot about ball handling and there are some very promising future players among them.

The match record of the Under 11 A neither fully reflects the spirit in which this team played nor does it show the future possibilities of either the team or the individuals.

With unusual rapidity for their ages, the team rapidly sorted itself out, and, while there were no real stars, all combined well with the outstanding feature of determined hard and low tackling.

Of the A team, B. Cretchley played a sound game at centre and as captain exhorted his team in no uncertain terms. B. Ansley and A. Dickie show promise for the future, while the halves, J. Butler and P. van Niekerk were a good combination and were responsible for getting the ball away so that the wings, I. Reid and J. Ellmore had several good runs. Of the forwards, the two flankers, M. Plumstead and G. van Niekerk were quick off the mark while E. Faye, D. Wicks, P. Sephton and M. Rein were solid scrummers. S. Douglas proved to be a very good hooker and a deadly tackler. J. Rautenbach, at eighth man, quickly got the idea of positional play and if his speed develops should make a good three-quarter.

The B side deserves special commendation. Several players were on the fringe of making the A team and only the few injuries gave them a chance. Of these, L. B. Smith, G. Charlton, I. Stubbs, W. Knott, D. Wilson and C. Goodwin all should do very well as they learn more of positional play. Over-keenness tended to lead them astray. There were

several others who early realised they had little hope of getting into the A team, but turned out cheerfully to practices and made a tremendous contribution by giving of their best in providing an effective opposition. Match results:

28th May:	v. St. Andrew's Prep. (away)	lost	0-9
4th June:	v. Graeme (away)	lost	5-9
11th June:	v. St. Aidan's (away)	draw	0-0
25th June:	v. St. Andrew's Prep. (home)	draw	0-0
9th July:	v. St. Aidan's (home)	won	9-0
16th July:	v. St. Andrew's Prep. (away)	lost	0-3
30th July:	v. Graeme (home)	draw	0-0

In addition to the above several matches were played: 11A v. 11B and 11B v. 11C. Our thanks to Messrs. Turner and Hall and the players for these most enjoyable games.

UNDER 13 CRICKET

We have come to the end of a most enjoyable term's cricket during which time the team has improved in all departments. The fielding was very good again and the bowlers showed that they were not so dependant on the fielders as they had been in the first term. Burnett did well, as did Syme, who should develop into a useful natural swing bowler. The greatest contrast with the first term was found in the batting. The batsmen gave some fine displays, the most impressive being Cretchley's undefeated 51 and Fryer's undefeated 45 against Graeme. It was not so much the scores which are pleasing, but rather the batsmen's decision to hit anything outside the stumps and to play correct cricket at all good balls. Cretchley's six into the grandstand ranks as one of the best ever seen on the Graeme Main field. Frankel was prominent both behind the stumps and also as a batsman, in which role he made three good-looking double scores.

CAKE MATCH CRICKET.

There were eight teams this term, captained by Anthony Knott, Hilton Collett, Kosie Kotze (whose team won the cake), Trevor Trollip, Brian Priestley, Simon Barber, Bruce Niland and John Matthew.

Enthusiasm ran high and there were some hard-fought matches. Trevor Trollip was promoted to the Under 13 group, and his vice, Gavin Gluckman, had to lead the team.

TENNIS

In spite of being severely handicapped by the lack of suitable tennis courts, we have had some enjoyable inter-school matches and also have been able to play three divisions of championship singles. I would like to express our grateful appreciation to the Masters in charge of Upper School tennis for their assistance in allowing us the use of their courts for special practices and matches.

These matches were played against the following teams:

	Games		Games
St. Andrew's Prep.....	67	K.C.P.	71
Selborne Primary (D)	103	„	59
(S)	28	„	16
St. Andrew's Prep.....	50	„	67

As can be seen, we have not as yet got the measure of Selborn, but it is pleasing to note that our Prep. tennis team has not lost to our old rivals, St. Andrew's, during the past two years.

Some fine tennis was seen in all matches. Against Selborne, Hilton Collett did well to be our only player to win a singles match. During the course of the year Adams and Frenkel were our best couple, winning 89 games and losing only 28 gamts. Our second couple, Cretchley and Collett, also did well, winning 68 games and losing 49.

In the championships, McGlenaghan won the Under 14 Singles for the second year running when he beat Frenkel 6/2, 6/1. Frenkel in turn won the Under 13 Singles by beating Adams, 6/0, 6/1, while in the Under 12 Singles, Beck beat Roderick 6/3, 6/2.

We are very grateful to Mr. E. E. Smale, of East London, for his generous donation of one dozen miniatures for presentation to Prep. tennis players. It is unsolicited encouragement such as this which inspires both staff and boys to achieve even greater heights and we do thank him most sincerely. With our courts now resurfaced (in spite of the drought and only with the co-operation of the maintenance staff who carted water for us from a borehole) and with a large crop of useful junior players, everything augurs well for tennis at the Prep. next year.

GRAHAMSTOWN

The inaugural dinner was held in the ballroom of the Graham Hotel on June 18th, 1960. Many district chairmen had been invited to attend and those who were present included Messrs. C. E. Riley from Johannesburg, Marcus Kneen from Pretoria, Mr. D'Arcy from Cape Town, Bert Rayner from the Karroo, Henry Stretton from Queenstown, W. Roderick from Bloemfontein and Arthur Edmunds from Port Elizabeth. The local chairman, Mr. L. B. Green, briefly outlined the plan of the campaign; the Headmaster, M. J. T. Slater, sketched the development of Kingswood; Advocate Cloete, Q.C., emphasised the need for the fund; and Mr. Neville Turner gave in detail the objects of the scheme, and Captain C. O. Rich proposed the health of the College. The speeches clearly indicated the urgent need for the establishment of the Foundation. Substantial obstacles were met with but fortunately, owing to the co-operation and enthusiasm of the canvassers, most of these obstacles were overcome as the above figures show. As the first phase of the campaign has been so successfully achieved, it is sincerely hoped that the interest in the campaign of Old Kingswoodians will be maintained so that the national target of £100,000 can be reached.

PORT ELIZABETH

About 140 guests attended the dinner in the King Edward Hotel on July 20th, 1960, under the chairmanship of Mr. Arthur Edmunds. The speakers were Messrs. J. T. Slater, Arthur Edmunds, Neville Turner, Advocate Tony Dold and Captain C. O. Rich. The efforts of the Hostess Committee organising the dinner are greatly appreciated. Mr. Edmunds, his team and his Hostess Committee are to be congratulated on the marked success of the campaign in this region.

CAPE TOWN

The initial work of organising the Information Dinner to launch the Cape Area's endeavour for the Kingswood College Foundation was guided and controlled by the Area Chairman (Mr. J. D. Dashwood), Mr. C. Solomon and leading the ladies' committee Mrs. Maxwell (Charlene) Leigh. The dinner was held on the eve of the Third Test match at the Executive Club, Broadway House, one of the new buildings on the fore-shore. Sir Allan Mossop was in the chair and we were fortunate enough to include among our official guests the Cape Provincial Administrator (Mr. Nico Malan), Cappy Rich, Jack Slater, Stanley Osler and the late Charlie Solomon. An introductory contribution of over £3,000 by the area canvassers was announced. Donations and promises mounted during the first few weeks, but unfortunately illness reduced our strength. Clem over-did matters and subsequently had to take extended leave. Happily he is now recovering. Merwyn took over Clem's work and his remaining activities were shared by others. This area produced an outstanding number of gifts from parents, to whom our sincere thanks are due. Our sincere thanks are due, and offered, to all these and other workers and all, in fact, who have given so generously of their time and substance. It is most pleasant to record the Development Committee's congratulations on a very well run campaign.

EAST LONDON

A smaller, but not less enthusiastic party met at Deal's Hotel in East London on July 30th, 1960. About 80 guests attended the Dinner and we were pleased to have Captain Rich, Mr. and Mrs. Neville Turner as our guests. We sincerely thank all canvassers and the Ladies' Committee which worked so hard to make this dinner such a big success.

PLETTENBERG BAY

The dinner introducing the Kingswood Foundation was held at the Wilderness Hotel on Saturday, 23rd July, 1960. Speeches were made by Captain Wellington, Messrs. W. Stuart-Franklin, J. R. Roderick and C. B. Dacam, representing Kingswood on this occasion. A most enjoyable evening was spent.

NATAL

In August, 1960, the Old Kingswoodian Club, Durban Branch, held their Information Dinner at the Edward Hotel, in the Causerie, where Mr. John Stirk, the local Secretary, and his Committee has spared

no effort to make this dinner a success. The wonderful attendance of about 140 guests was due to the Hostess Chairman, Mrs. John Stirk, and her willing band of Hostesses. Mr. R. H. Matterson was Chairman and the speakers on this occasion were Messrs. J. T. Slater, Neville Turner (the Foundation's General Chairman), Captain Rich and Stanley Osler, in which the aims of the Foundation was outlined, all of which were followed with great interest. Mr. Gottgens, the hotel manager, who, by the way, is an Old Andean, took great personal interest and produced a most enjoyable dinner. His wife, also an old Grahamstown girl, was responsible for the striking floral decorations in red and black. An immediate response from 44 gifts was recorded, but owing to the size of this region many Old Kingswoodians have still to be canvassed. I would like to take this opportunity, through the magazine, of extending sincere thanks to our local Chairman, Mr. Bill Griffin, for the hard work put into the Foundation project.

SOUTHERN TRANSVAAL.

Report not yet to hand.

NORTHERN TRANSVAAL.

The Foundation Dinner in the Northern Transvaal was held at the Pretoria Country Club on the 12th October, 1960, which was a great success for two reasons: Firstly an amount of approximately £7,500 has been promised to the Foundation over the next three years, and secondly there has been a resurgence of interest in and loyalty to the school. Old Boys came from Pietersburg, Potchefstroom, Springs and a present scholar's father came all the way from Machadodorp. The presence of Mr. Jack Slater and Captain Rich added greatly to the occasion, but the renewal of friendships between men who had not seen each other for anything from 20 to 40 years was the highlight of the evening. We express our thanks for the generosity of the many Old Boys and friends in this area who have contributed to the amount which has been raised, and from the Development Committee our sincere congratulations.

CAPE MIDLANDS.

The Old Kingswoodians of the Bedford, Adelaide, Fort Beaufort, Alice and Fish River areas assembled with their wives or partners in the Bedford Hotel on the 31st August, 1960. Mr. Bert Rayner presided and the speeches were made by Messrs. Jack Slater, Mr. Matthews from Alice, Neville Turner, Derrick Collett and Captain Rich. They briefly outlined the plan of the campaign and put prospective donors in the picture. A very enjoyable and interesting evening followed. We express our thanks for the generosity of many Old Boys and friends in this area who have contributed and it is sincerely hoped that the interest in the campaign will be maintained.

BORDER

The launching of the Border Campaign started off on a very enthusiastic note with a dinner held at the Blue Room, Hexagon Hotel, Queenstown, on the 22nd August, 1960, on which occasion we had the pleasure of entertaining Mr. Jack Slater, Captain C. O. Rich, L. G. Miles, Boy Stretton and the President of Conference, Dr. and Mrs. Leslie Hewson. About 60 Old Boys, wives and friends attended and the amount of £6,600 was announced; at present the figure for the Border is £9,302 for 41 gifts. Our sincere thanks are offered to all those who so willingly contributed and a special thanks to Mr. Dave Cox and all the Canvassers, as well as the ladies, who helped with the launching of this campaign. The Development Committee feels that a special word of thanks is due to Mr. Henry Stretton for the most excellent manner in which he conducted the campaign in an area of widely dispersed Old Boys.

ORANGE FREE STATE.

The initial work of organising the Information Dinner to launch the Orange Free State endeavour for the Kingswood College Foundation was guided and controlled by the Area Chairman, Mr. W. Roderick, and the Organising Chairman, Mr. E. Conradie. The dinner was held at the Bloemfontein Hotel on the 22nd October, 1960. Some 58 Old Kingswoodians, parents and friends attended the dinner and many old acquaintances were re-established. As invariably happens on occasions such as these the Free State experienced one of its rare occurrences of general hard rain and many of our country friends had to cancel their trip to Bloemfontein. We had a further spell of bad luck when Mr. J. T. Slater and Mr. C. B. Dacam were forced to cancel their trip to Bloemfontein on Saturday afternoon due to engine trouble on one of the S.A. Airways Viscounts. This was most unfortunate as they have been asked to present the main speeches and all Old Boys were looking forward to meeting them, but in spite of these major setbacks a most enjoyable evening was spent. The Organising Chairman wishes to express his thanks for the generosity of many Old Boys and friends in this area who have contributed and it is sincerely hoped that the interest in the campaign will be maintained.
