**TO: THE DEPUTY PRESIDENT
ATT: CDE WALTER SISULU
FROM: ANC NATIONAL CHOIR
DATE : 11TH JULY 1994**

Dear Comrade

The ANC Choir was officially launched in May 1993 at Shaft 17 with the membership of twenty (20) choristers.

The choir was established to promote the image of the ANC during the electioneering. This came in the wake of the local artist refusing to develop an election song at the request of the ANC siting the reason that they are apolotic.

This choir got involved in different activities of

**the ANC at local, regional and National level
without profit and assistance from the ANC.**

**During the elections, we serviced more or less
all the regions. We participated at the
FNB, Carlton Centre party and the
Inauguration of the President and some
Premiers.**

**It is with deep regret to inform you that,
though we participated in the above named
major events, we were treated like second best
to none by our own organisation. We fought to
be included in the inauguration programme.**

This is still an ongoing problem that has caused

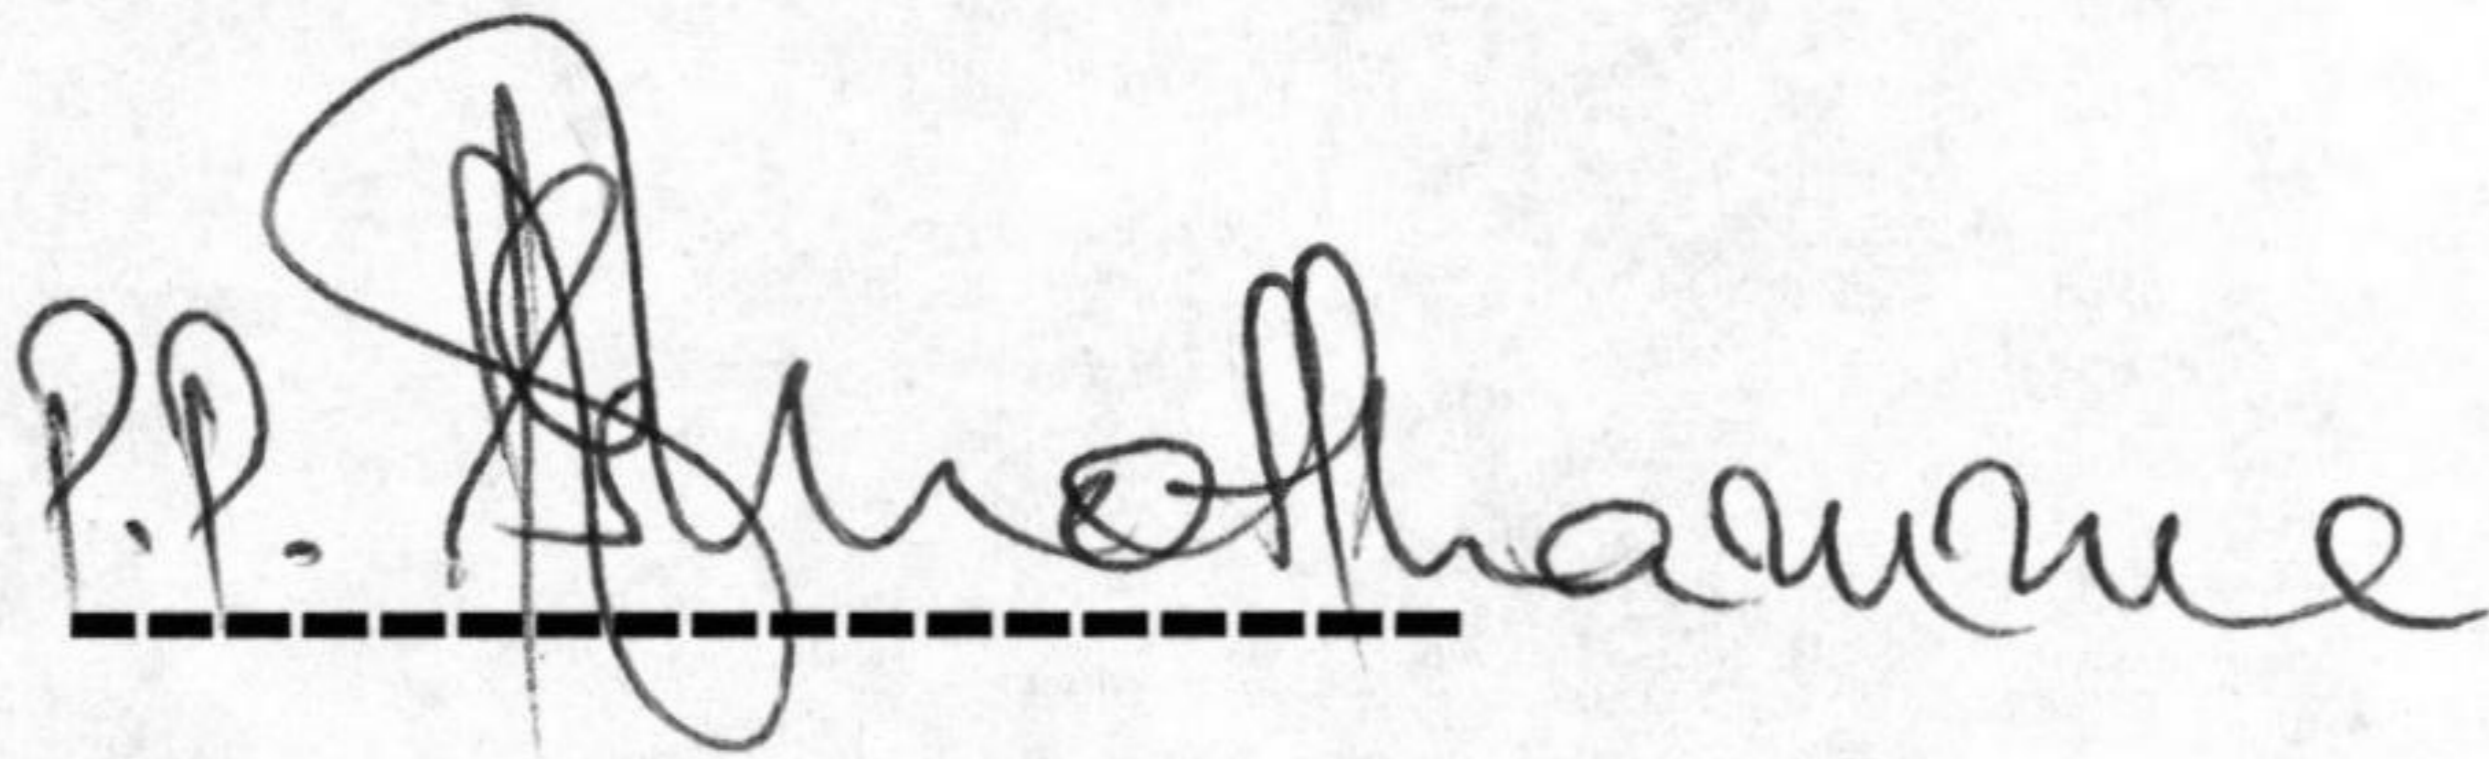

a serious concern within the members of the choir. To date we see things happening and only one choir is the Imilonji choir.

We are only considered as a last resort when things are bad and when things goes well, we are not even thought of.

Given the above background, we seek to have a meeting with you, with the view to intervene and that further explanation pertaining our complaint, be tabled with you.

Hoping that this matter will be taken into consideration.

Yours comradely
