26th May, 1977

Dear Brother Alf,
Bearing in mind the importance of the conference to be held in Lisbon, we are of the opinion that a very thorough press coverage should be undertaken by us, viz. for our publications, radio and photographic by a full team of reporters from our movement. If it is agreed to, then we shall be pleased if Comrade Victor Moche and I are included in that team.

Considering the shortage of time, it would be appreciated if your response will be prompt and therefore suggest that the comrade of the Solidarity Committee be informed accordingly through their embassy.

Hoping our suggestion meets with your approval.

Yours in the struggle,

Eric Singh

The Secretary General,
Solidarity Committee of the G.D.R.,
8/9 Thalmannplatz,
Berlin - 108,

Dear Comrade,

We wish to express our deep appreciation for the comradely message of condolences sent by your committee after the death of comrade M.P. Naicker.

The National Executive Committee has decided to appoint comrade Francis Meli to the position of Director of Publicity to replace our departed comrade M.P.

We are confident that comrade Meli will receive from your committee some measure of co-operation which in the past has greatly contributed to the world-wide recognition of the mouthpiece of the African National Congress SECHABA and other important A.N.C. Publications. This has led to a better understanding and support for the revolutionary aims of our struggle by the international progressive and democratic forces.

Yours comradely,

Alfred Nzo,

Secretary General.
