Dear Comrade T.G.,

This is to confirm that I shall be leaving Lusaka on Monday the 5th September and shall be away for some time.

I suppose that the cars are likely to be ready for distribution while I am away and since I shall not be here I would like to place on record what I hoped will be the position:

- 1) That the department will be getting a good vehicle in exchange for the 'Skoro-koro' (AAF 4881) which it now uses. We hope that the vehicle would be big enough to cope with the work load.
- 2) That I will be given a small vehicle for my use, to enable me to carry out my duties as an NEC member, a member of the External Organisation Commission as Secretary of the Department. Since I shall be away, please be good enough to leave the car in storage.

Thanking you in the Year of United Action for People's Power.

Amandla!

Reg September

Secretary
