Dear Sir,

Re: FISH PONDS AT ANC FARM - REHABILITATION

Reference is made to our conversation about the non-operational fish ponds at the ANC Farm.

As agreed, we carried out a preliminary study to assess the problems and outline possible solution.

Please find enclosed hereto two copies of the pre-study for your consideration.

The total input from us for the report in hand is 8 working hours.

In the meantime we remain.

Yours faithfully,
for INTERCONSULT A/S

T. Damhaug
RESIDENT MANAGER
