Dear Mr. Mandela,

I, as the Secretary-General of the Anti-Apartheid Parliamentarians' League of Japan, was extremely heartened by the news of your release. I wholeheartedly admire your unyielding spirit during detention and sincerely hope that you will be as actively involved as ever in the attainment of the true abolition of the abhorrent system of Apartheid.

It was a great honour to me that, on the occasion of the Regional Seminar on East Asian Action against Apartheid which was recently held here in Tokyo under the auspices of the United Nations, I could take part in the active and useful discussions as the Vice-Chairperson of the Seminar and the moderator of Panel II discussions.

I am strongly determined to continue to do my level best to promote the activities in this field.

. Hoping that we could meet in near future,

Sincerely yours,

Wu, 0%ch
