

SPM/015/0034/129

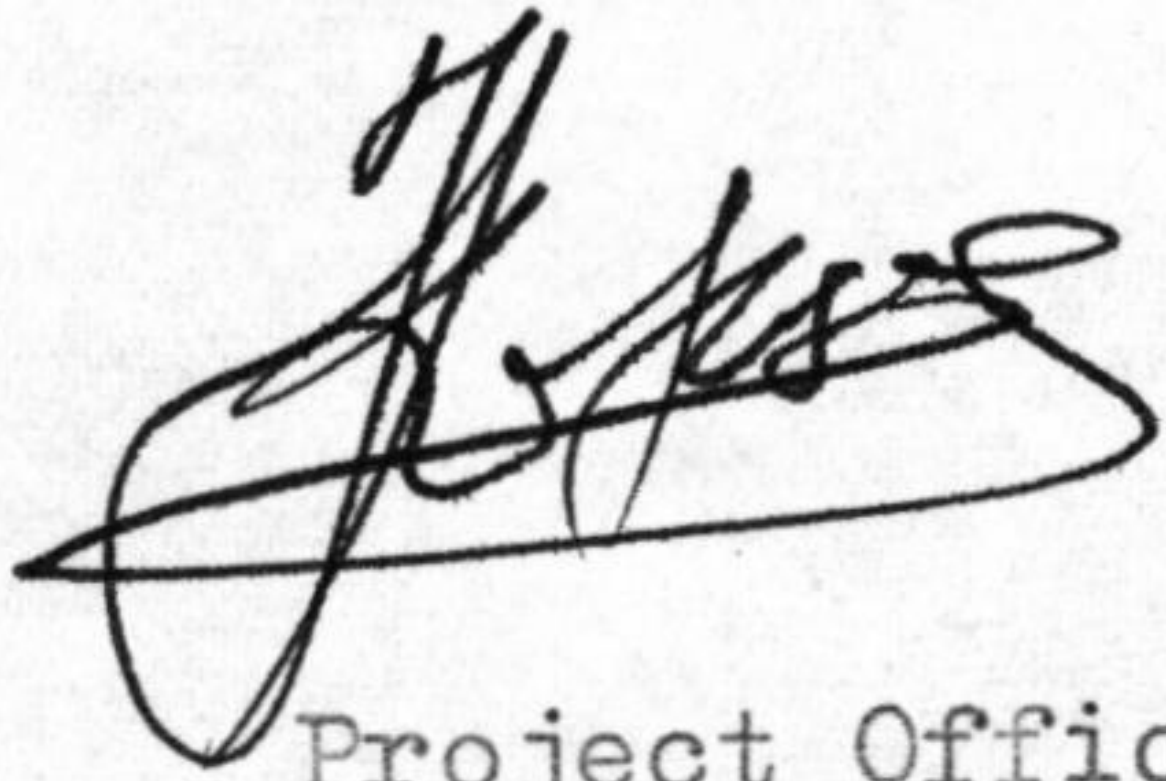

h-d

I also found out that NOVIB has been having a continuous communication with Lusaka and less with Mazimbu. But I feel and think that we really have to up date each other on the general developments as far as projects are concerned. HIVOS was also an interesting group to meet, and soon their projects officer will be visiting both Tanzania and Lusaka. I strongly feel that we really have to meet and discuss all this.

I wish to end my letter by suggesting that if it is possible, that my visit to Lusaka is approved to discuss these projects matters, it should be at the beginning of September this year/end of August this year. Hoping to hear from you soon.

In The Year Of Action For People's Power!

Yours in the struggle
T KOTSOE

Project Officer
