SCHOOL NOTES

The school attended in force the Memorial Service to his late Majesty, King George VI, which was held in Commemoration Church on Friday, February 8th. Many of the older boys remembered with affection the visit of the Royal Family four years ago. A telegram of sympathy sent to Queen Elizabeth from the school received a gracious reply from Buckingham Palace.

* * * *

It is sad to record that the Dean of Grahamstown, the Very Rev. J. M. Beaufort, who took part in this service, died suddenly later in the term. The Dean was always a sympathetic friend of all Kingswood boys, but naturally he had more influence over the Anglican boys, whom he personally instructed for Confirmation. The whole town was again in mourning in homage to his memory.

* * * *

We must report the departure of the Rev. F. H. and Mrs. Edmonds, who left for Kimberley in January. They had both always taken a genuine interest in Kingswood; Mr. Edmonds was Vice-Chairman of the Council, a member of all the Committees, a most efficient treasurer of the Memorial Fetes held since 1948, and always ready to assist at all Kingswood functions. We thank him for his valuable services, and take this opportunity of welcoming the Rev. C. W. and Mrs. Moore and their two sons to Kingswood.

* * * *

The school year opened with a small overflow of boarders, for whom sleeping accommodation had to be found in private houses near the main buildings. The University examination results were exceptionally late owing to an unaccountable hold-up at Cape Town, but on the whole were satisfactory.

* * * *

Mr. D. H. Purdon took his long leave during the first term, and we were pleased to welcome Mr. G. W. Lucas from St. Andrew's College as his substitute. Mrs. Steyn (Miss Peggy Swart) kindly supplied for a term in the Junior School, and Mrs. G. R. Dowthwaite agreed to take her place in May. Mr. D. M. Badenhorst joined the Senior school in January from Stellenbosch University and soon took a prominent part in Swimming, Boxing, Gymnastics, not to mention Afrikaans, but we regret that he is leaving in August to accept a much more remunerative commercial post. Miss I. Havenga, the Junior music teacher decided to return to Bloemfontein at Easter, and Mrs. Bartlett has accepted her duties till the end of this year.

After five years' distinguished service on the Staff, Mr. Douglas H. Thomson resigned at Easter to accept a post at Wynberg B.H.S. As senior English and History master, as games coach, as editor of the Magazine, as Signals Officer in the Cadets, and as House-Master Mr. Thomson infused energy and vigour into College life, and his departure, due to urgent family reasons, is much to be regretted.

We welcome Mr. Christopher Rooke, M.C., B.A., of Tonbridge School, Cape Town and Rhodes Universities, and from South-East Asia Command to take his place. Mr. Brian Rooke, who has been teaching in the Junior School since January 1951, and also making his mark in championship tennis, has decided to return to Rhodes to complete his U.E.D. We were fortunate to secure Mr. W. A. Bowes, B.Sc., U.E.D. to fill his place at short notice.

* * * *

We were all pleasurably excited when Mr. Anton A. R. Murray of our Staff was selected for the Springbok Cricket Trials at Newlands, and still more so, when he was chosen to represent South Africa in the Australian tour. Mr. Murray leaves in August, and will be away two terms. The boys organised a small spontaneous welcome, when he returned from the trials.

* * * *

The Van Riebeeck Festival by no means passed unheeded at Kingswood, and Mr. J. T. Slater was a prominent member of the local committee organising the reception of the Festival Coach. On February 29th the Kingswood Brass Band led the Festival procession through Grahamstown, and we also noticed Mr. M. C. Fletcher driving the beautiful span of oxen for the 1820-Settlers wagon, and Mr. Harvey Baker representing Mr. Dick King, from whom he is directly descended. In the evening celebrations on City Lords, Kingswood scarlet uniforms were again in evidence in the various historic tableaux.

* * * *

Foundation Day exceeded expectations, and new features introduced this year included a model-aeroplane demonstration, and the exhibition of the school film in the evening. The Church Parade on Sunday, March 16th revealed its customary solemnity and colour.

* * * *

In the Drama Festival held in the City Hall from March 24th till 27th our various entries gained satisfactory comments from the judges, and applause from the audience, but only one play, presented by the Preparatory, gained a premier award. Congratulations to Mrs. R. Q. Tarr, who coached the production.

* * * *

Feature films have been regularly shown throughout the year, and religious films have also been presented by Mr. G. R. Dowthwaite. It is the intention to discontinue educational films for a spell, as most of the suitable films have already been shown.

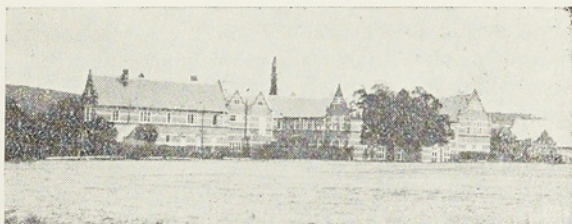

* * * *

With a strong bore-hole water supply and filtration plant in good order, swimming became the universal popular pastime of the first term. The standard of swimming was much improved, and although the bath is not suitable for competitive diving, one of our boys, Hampson, won the Open Under-16 Eastern Province Diving Championship at Port Elizabeth.

Senior and Junior Athletics again proved a great attraction on Saturday, April 12th and the excellent record of achievements will be found elsewhere in this number. The Rev. H. F. Kirkby is ably carrying on the good work of Messrs. Clem Solomon, Hugh Murcott and Charles Stephenson over the past fifteen years.

* * * *

At Easter Mr. and Mrs. Denis Butler took over control of School House in succession to Mr. and Mrs. Doug. Thomson, and all will wish them happiness and success in their exacting duties. Mr. J. G. Fisher has taken over Wood House Annex, where the accommodation for boarders in the second term was increased.

SCHOOL HOUSE NOTES

The "shaking-down" process which is necessary in the first term of every year has been accomplished with the minimum of collision, thanks largely to the Prefects. O.K.s will be interested to know that the old Prefect system has been modified so that we now have two types of Prefects—School Prefects, of which there are at the moment only two, and House Prefects. The former have over-all disciplinary authority and are responsible directly to the Headmaster while the latter have reduced powers and privileges and are subordinate to the School Prefect in their house. The experiment is working well. Lowes (School Prefect), Ainslie, Webb, Brumm and Legg (House Prefects) are showing that the old traditions of service and responsibility are by no means dead in prefectorial ranks.

* * * *

Toward the end of the term we said goodbye to Mr. D. H. Thomson, Housemaster of School House since the beginning of last year and a very active member of the staff since 1946. For family reasons he has accepted a post on the staff of Wynberg Boys' High School. We wish him, Mrs. Thomson and their two young sons Godspeed and all happiness. We shall miss his voice and look forward to hearing it again when, if his plans mature, he brings a touring team to Grahamstown next cricket season.

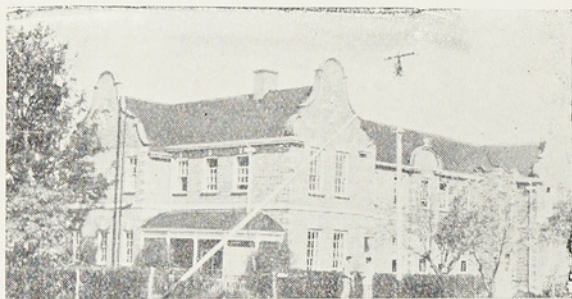

Mr. D. R. Butler has been appointed Housemaster to succeed Mr. Thomson. We trust that the local knowledge he gathered as a boy in School House in the middle 1930's will stand him in good stead.

* * * *

Past and present Kingswoodians, whether or not they have clambered surreptitiously into the School bell-tower, may care to know something of the history of the bell which, in more than a geographical sense, is the centre of the school. The bell was donated to Kingswood by Mr. Hamilton on behalf of his four daughters May, Connie, Janet and Kathleen-Maud—all W.H.S. Girls. Their names and that of the manufacturers, J. Warner and Sons, London, are inscribed on the bell. It was installed a few months after Kingswood's two foundation stones were laid on 14th March 1896, so could not be pealed to mark the occasion. May Hamilton, now Mrs. Reg Purdon, still lives barely a hundred yards from the bell. O.K.s who find difficulty in getting out of bed of a winter's morning, or who wish to tune their young son's ears for future gated bells, should buy a bell whose tone is A Flat.

* * * *

On the last afternoon the School House vs. Jagger House Rugby match was played. Thanks partly to the early departure of some of the Jagger stars but largely to the excellent play of Cornforth, last year's fly-half borrowed from Jacques House for the occasion, School managed to win by 6 points (two tries) to nil.

JAGGER HOUSE NOTES

We started the year with the house very full and very pleased with itself. The new prefect system has proved most successful thanks largely to the good sense of our head prefect M. J. Walker and the loyal support he has received from the house prefects, K. Macdonald, K. Bosch and T. Kelly.

* * * *

Most of the house took the opportunity of a trip to the sea at Kleinemond in half-term. This was a very popular outing with the boys.

Perhaps one day the fish that as said to live in the sea will be on the bite, then it will also be a popular trip with the housemaster.

* * * *

We still need a new table-tennis table. Mr. Cadle has donated £5 towards a new one, perhaps others whose sons are enjoying life in Jagger will do the same.

* * * *

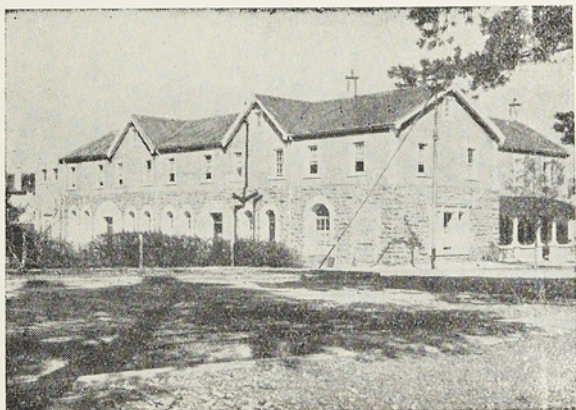

The wireless makers and breakers have migrated from the house wireless room to the new school wireless 'shack', which is most opportune, since our pressure of numbers makes the use of this room as a study most desirable.

* * * *

Music and near music continue to play a large part in the life of the house and most instruments can be found in use by our devotees. One enthusiast M. Kelly has made his own, a double bass, no less, and a first class job he has made of it.

* * * *

On the last day of term Jagger with Wood House prefects played a rugby match against School House and Pref. prefects. The result was not flattering to the Jagger ability as footballers but the game showed that we have some talent and many of those who can take it.

WOOD HOUSE JOTTINGS

We were all at sixes and sevens at the beginning of the year. Extramural accommodation had to be found for ten boys because we were, in very truth, full to overflowing. Mrs. Rich courageously offered to take five, Mrs. Aubrey took three, and Mrs. Dowthwaite found room for two small ones. Surprisingly soon everybody settled down to a routine existence, and we sat back to enjoy what we hoped would be a quiet term after a hectic start.

Although the House remained amazingly free of infectious diseases, accidents marred the term. Michael Hochschild on Half-term holiday took a header over Ferns Kloof krans, and by a miracle sustained no serious injury. Some of the cadet First Aid students took the situation in hand, summoned the ambulance, and, when the stretcher arrived, assisted a very bruised and shaken lad up the cliff. Michael Meyer, carrying hot coffee upstairs to the prefects, slipped on the top step and jolted scolding liquid over his chest and shoulders. Roger Rowe fell on Jagger Field and cracked a wrist-bone. And last but not least, Michael Evans, attempting a foolhardy balancing feat on the ledge below the dormitory windows, crashed on to the pavement below and fractured both heels. He is still in Port Elizabeth undergoing special treatment, and will be in plaster for a long time yet. There seems to have been a sort of hoodoo on the Michaels of the House.

Festus van de Westhuizen has been a tower of strength, and with George Sieberhagen and Graham Roebert as the other two prefects, the House has run as on oiled wheels. Unfortunately Festus had to leave us before the close of the term as his father was unable to manage without him. He has been sadly missed.

An Old Kingswoodian of early vintage, Mr. T. H. Kaplan, now resident in East London, is the donor of four large prints which will adorn the rather drab walls of the prep. room. We are grateful to him for his gift. To Mr. A. C. Baines, too, we are indebted. His gift of over two dozen "Popular mechanics" is most welcome, and those magazines will help to while away many a blank, wet afternoon.

CRICKET, 1ST XI

Examined in the light of matches won and lost, this has not been a good season. But surveyed in respect of enthusiasm and improvement, we may be very well pleased with the performances of the first eleven. Although completely outclassed in certain games, the team stuck to their task with a grim determination worthy of a much more mature combination. Proof, if proof is needed, of this determination is the fact that only one visiting team succeeded in scoring over 200 runs. For the rest, the totals settled between 130 and 150 runs. A stout achievement which may be attributed to three main features:

1. The bowling performances of Keith Howard and John Gush: over after over they trundled them down with remarkable success. I predict a bright future in the second half of the season for this pair.

2. Team spirit: This has been a notable feature of the team. They have always backed up each other, in and off the field.

3. Captaincy: Promoted from Second Division John Walker handled his team like a veteran. His field placing excited comments from many experienced players.

What then has been the weakness of the Team? The answer is Batting weakness:

- a) Failure to use both feet to slow bowlers.
- b) A too strong desire to hook off the off-stump.
- c) Failure to put the left foot to the ball, this last point being the great weakness. The ability is there, all that is needed is concentration, a few runs in the bag for confidence, and a tour of Natal or the Cape for added experience.

Our Vice-Captain John Tyson has done yeoman service as Secretary to the Team. He and "Fred" have always had our wickets ready on time. To Todd and Overdyck, many thanks are due for their thankless task of managing the kit.

Finally, on behalf of all cricketers in the School, may I express congratulation to Anton Murray on his selection to the Springbok Touring Team. We are proud to have him on our Staff, and trust that his experience will soon be at the disposal of Kingswood Cricketers.

Salem: 52 all out (Suttie 12, Hill 8) Gush 5 for 24, Howard 2 for 21, Birt 2 for 1, Tyson 1 for 1.

SECOND AND THIRD XI

The 2nd XI under the captaincy of G. R. A. Hill won four out of the six games they played during the first term, the XI have practised conscientiously at nets.

SECOND XI

The team under the captaincy of G. R. A. Hill have won four out of the six games played during the 1st term. Zunkel bowled very well to get 25 wickets for 124 runs and he was usually backed up at the other end by D. B. Wallace who finished up with 14 for 94. No one was out-

standing as a batsman but D. I. Wallace, Zunckel, J. Huddy, M. J. Williams, N. Hunter and A. Hill have batted consistantly throughout the season.

THIRD XI

C. Purdon captained the 3rd XI and saw to it that they got as many games as possible—it was a keen side and had some good games during the course of the season. Todd and Mouritzen bowled well to get 17 for 130 and 15 for 114 runs respectively. Cragg, Meyer, Todd, Purdon and Overdyck batted well and show good promise.

It has been a pleasure to work with the above teams and the reserves. The turnout at nets has been good and the practise they have put in is improving their cricket considerably. Lack of fielding practise has weakened the fielding as a whole although Rayner has taken some very good slip catches during the season. I would like to thank both captains for their help and hope that the third term will be as enjoyable as this one.

S. J. THOMSON.

REPORTS ON 2nd. XI MATCHES

Result: Won.

SECOND XI

It has been a pleasure to work with the team this term, the fielding is rather weak owing to lack of field practise but with plenty of net practise the batting and bowling have been very consistent and the boys have shown a lot of keenness. Hill has been a good captain and led his team to victory on four occasions out of the six games played. Wallace and Zunckel have bowled steadily throughout the season.

Result: 4th's won by 2 runs.

COLTS CRICKET

The Colts had a fairly full programme this term, playing six matches, some of which were played over two afternoons, against other schools and one game against an O.K. XI.

Of the schools matches, four were played against Graeme of which we won two and lost two. The other two played against depleted St. Andrew's Colts sides resulted in one win for K.C. and a draw very much in our favour.

The outstanding player in the side is undoubtedly R. A. Evans, a very promising slow left-arm bowler. His first few analyses are remarkable—12 o. 6 m. 13 r. 5 w. v. Graeme Colts, 7o. 2 m. 14r. 8w. v. Graeme Colts, 2 o. 0 m. 2 r. 3 w. v. St. Andrew's, 3.3 o. 1 m. 11 r. 4 w. v. St. Andrew's, which total 24.3 o. 9 m. 40 r. 20 w.—an average of 2 runs per wicket and almost 1 wicket per over.

The fielding, at times, was good, but far too many chances went astray. This department undoubtedly needs brushing up.

Barry Purdon proved an excellent captain, whose field-placing proved mature beyond his years. He was, however, at times reluctant to bring on his slow bowlers soon enough.

L. Badings, B. Purdon, R. Keast, proved the mainstay of the batting, while D. Kelly and E. Smith played some valuable innings. Haselau began to find his old form later in the season. Keast, Rowe and Handley did a good job as all-rounders.

More concentration is required in the batting department, as the low scores show.

RESULTS:—

v. GRAEME COLTS

K.C.: 94 (Badings 25).

Graeme 47 (Evans 5 for 13). Won by 47 runs.

v. GRAEME COLTS

K.C.: 106 (Badings 29).

Graeme: 50 (Evans 8 for 14). Won by 56 runs.

v. ST. ANDREW'S COLTS

K.C.: 77 for 8 dec. (Keast 41 not out).

St. Andrew's: 43 for 7 (Evans 3 for 2). Drawn.

v. GRAEME COLTS

Graeme: 129 (Keast 2 for 39, Evans 3 for 46).

K.C.: 64 (Haselau 12). Lost by 65 runs.

v. ST. ANDREW'S COLTS

K.C.: 63 (Kelly 26).

St. Andrew's: 39 (Rowe 2 for 0, Keast 2 for 9, Evans 4 for 11).
Won by 24 runs.

v. GRAEME COLTS

Graeme: 98 (Handley 4 for 20, G. B. Smith 4 for 27).

K.C.: 49 (Stirk 16 not out, E. Smith 12). Lost by 49 runs.

TENNIS NOTES

Good weather and improved courts made tennis enjoyable and even more popular this term. Among the keen and regular players there is plenty of talent that, with encouragement, coaching and conscientious practice, would produce really useful players. Several matches have been played by the 1st and 2nd teams against School and Club sides, and the Open and Under 16 Singles Championships have still to be completed.

It is an ill wind . . . The fact that the Graeme College courts were out of commission proved a blessing in disguise. With the co-operation of Mr. van Eeden of Graeme, two matches and several practices with Graeme were held on our courts. The informal games with the Graemians did much to improve players like P. Harris and B. Meyers who have the strokes but who lacked experience. The climax of this combined training was a meeting with Grey on City Lords. The Port Elizabeth side was far too experienced and polished for the combined teams of Graeme and Kingswood, but we learnt something from defeat and realised that it takes years of concentrated tennis coaching to build up a first-rate schoolboy team. In this match Kingswood was represented by P. Harris, B. Meyers, J. Walker and M. van Hoogstraten.

For improvement, all-round reliability and keenness, team blazers have been awarded to B. Meyers (Club Captain), P. Harris and J. Walker. Our thanks are due to the Vagabonds' Tennis Club for the use of their courts.

The following is a brief record of the matches played:—

- 14th Feb: "A" Team vs. Training College: Won by 10 matches to 3.
Meyers and Harris; Walker and Ainslie; Legg and M. Williams;
M. and R. van Hoogstraten; Masterson and Cornforth.
- 19th Feb: "B" Team vs. Training College: Won by 108 games to 51.
Rayner and Kingwill; Huddy and Basson; Cadle and Meyer;
Manson and Bell; Morrison and Hall.
- 28th Feb: 1st Team vs. Graeme: Lost by 57 games to 42.
Meyers and Harris; M. and R. van Hoogstraten; Williams and Legg.
- 11th March: 1st Team vs. Graeme: Won by 5 matches to 4. A singles Match. Meyers; Harris; Walker; Ainslie; M. and R. van Hoogstraten.
- 11th March: "B" Team vs. D.S.G.: Won by 9 matches to 1.
Williams and Kingwill; Rayner and Legg; Meyer and Basson;
Hall and De Haes.
- 15th March: "A" Team vs. Vagabonds: Lost by 8 matches to 1.
Meyers and Harris; M. and R. Hoogstraten; Legg and Kingwill.
- 21st March: "A" Team vs. Training College: Won by 120 games to 77.
Ainslie and R. van Hoogstraten; Cornforth and Masterson;
Williams and Kingwill; Legg and Rayner; Basson and Morrison.
- 22nd March: "A" Team vs. a Rhodes Team: won by 113 games to 88.
Singles and Doubles played. Harris and M. van Hoogstraten;
Meyers and Williams; Kingwill and Rayner.
- 27th March: Kingswood and Graeme combined vs. Grey: Grey won by 14 matches to 2.

SWIMMING NOTES

Kingswood results in the Port Elizabeth Gala:

Relays: Clift Cup 3rd. Brigham, R. Roebert, Kruger, Slabbert.

4 x 50 yd. Freestyle U.16 4th. Brigham, R. Roebert, Kruger, Slabbert.

4 x 50 yd. Freestyle U.14 4th. Badings, Strydom, Behrmann, Perkins.

Diving U.16 1st Hampson; 4th M. Meyer.

50 yd. Freestyle U.14 4th Strydom.

The School Gala was held on the 8th March, the weather was favourable and the general standard in times shows that there has been considerable improvement since last year. K. G. Bosch the Swimming captain is to be congratulated on his performances in the Open Events. I would like to thank Mrs. Dacam for presenting the prizes and the members of the Staff and the boys who helped to make the gala a success.

Prior to the Port Elizabeth Gala some members of the team attended an informal gala at Rhodes University, our breast stroke swimmers were outclassed by the competitors who used the butterfly stroke but good performances were put up by K. G. Bosch and Kruger in their freestyle events.

On the 15th March the team travelled to Port Elizabeth to take part in the Inter High Schools Gala. Although many of the Kingswood competitors reached the final heat very few were placed in the final itself. Hampson gave a good display of diving, both he and Meyer are to be congratulated on the perseverance they have shown in attempting the harder dives. On behalf of the team I would like to thank Mr. Badenhorst for his help as coach in what has been a very enjoyable swimming term.

Awards: Colours. K. G. Bosch. *Team.* K. Williams, A. Tiltman, P. Kamstra, H. G. B. Wood, R. N. Hampson.

ATHLETIC NOTES

JANUARY - JUNE 1952.

As these notes are being written the longer winded and leaner greyhounds of the track are nosing their way round the various cross-country courses in preparation for the 1952 events. We have some good material and there should, all things being equal, be some excellent times over these distances. However, that story will form the substance of the Athletic notes in the next issue.

The "First Term Athletic" season has shown us just enough to make things interesting for the rest of the year. The season opened with mass training for the whole school on Thursday 20th March. The system of training adopted in the beginning of the same season in 1951 was again used, the school being divided into Juniors and Seniors, and each again subdivided into teams, under the responsibility of a committee member. Under this arrangement training forged ahead with the usual keenness, the Juniors turning out on Monday and Friday, the Seniors on Tuesday and Thursday of each week until the Heats began.

The "Fixture List" was quite heavy for this time of the year and provided for four meetings. We did not send a team to Cradock this year as the date clashed with our Foundation Day activities, but went to the E.P. Inter-Schools at Port Elizabeth instead. This meeting was wonderfully organised, but as usual a little over loaded. However, the weather was fine and all who took part in the meeting enjoyed the outing immensely. Kingswood were very unfortunate that K. Cadle who up

until then had been jumping remarkably well and after easily and effortlessly jumping his way into the final was badly spiked in the Half mile and had to withdraw from the competition completely. A place in the final might have meant that the Shauder Cup would, have again come to Kingswood. (It was last won outright in 1948). The detailed results of this meeting so far as the performances were concerned, will be found below.

The second meeting was an internal competition held on Gane Field between School House, Day Boys and Jacques House prefects on the one hand, and Jagger, Wood and Annexe upon the other. This was really a trial in order to help a harrassed committee select a team for a Triangular contest between Rhodes U19, St. Andrew's and ourselves to be held at a later date. This produced some thrilling athletics and good times, though these were unofficial and did not count for standards. The competition being viewed mainly as being on a par with a first Division Rugger practice. School House and helpers ran out the eventual winners with 66 points, Jagger and company 55. It was a very enjoyable afternoon's entertainment and the athletes gained some more valuable experience.

The Triangular between Rhodes Under 19, St. Andrew's and Kingswood took place on the Rhodes track on Tuesday 8th April at 4 p.m. We managed to run ourselves into the second place, Rhodes taking the honours, with St. Andrew's third. The issue was in doubt until the last race when our sprinters tore away from a strong Rhodes team to win by a clear six yards. Rhodes were too strong for the schools in the field events and this gained them the victory. The Team acquitted themselves very well and won five out of the eight track events (which tally includes the Hurdles normally regarded as a field event). The final scores were Rhodes 42 points, Kingswood 40 points, St. Andrew's 35.

The Fourth and final meeting took place on Gane Feld. It was held on Saturday 12th April and was the usual Informal Sports Day. The competition was keen in every race, particularly among the long jumpers and sprinters. It has been a long time since we have had so many in these two events whose performances whilst not outstanding are of sufficiently high order to make it anybody's event. The one really outstanding athlete of the season has been Derek Meyer, our long distance man, whose two miles, first at P.E. and then against Rhodes and St. Andrew's show him to be one of the fastest boys over this distance that we have ever had at Kingswood. He has developed an easy, fluent style that has turned him into the fastest schoolboy in the Eastern Province over this distance on this season's times. His best effort was 10 mins. 28.5 secs. against Rhodes U19 and St. Andrew's and this was done without anyone pushing him. This puts him well within reach of the Kingswood record held by G. Haynes 10 mins. 26.9 secs. established in 1948.

So much for a preamble. The past season has laid the foundation for what we hope will be a good one at the end of the year, and now to turn to some of the detailed results.

E.P. INTER-SCHOOLS HELD AT P.E. ON SATURDAY,
22nd MARCH

The Contest took place on the Westbourne Oval in glorious weather. Even the customary South Easter forgot to blow. The team acquitted themselves very well, finishing third with 14 points, whilst Grey was second with 15 and Pearson and Brandwag tied for first place with 16.

The individual performances were as follows:—

UNDER 19

100yds. Won in 10.2 secs. Cornforth did 10.8 and did not qualify for the final.

220yds. Won in 24 secs. Harty was third in 24.4 secs.

440yds. — Webb unplaced in final, but did 54.8 secs. (Std.) in the Heat.

880yds. Cadle ran in seventh in a full field after being spiked 550 yards from home, an incident which cost him four stitches in his heel and put him out of the High Jump final, which upon the morning's form he looked a certain winner. This was a piece of real bad luck. He showed a fine spirit in sticking the race with his injured foot.

1 Mile Won in 4 min. 55.1 secs. Hall ran a very good race putting in a strong finish to gain himself the second place. If he had begun just a little earlier he would have got in first. He gained some useful experience in an event which he has not run a great deal and returned the excellent time of 4 mins. 57.5 sec. (Std.).

2 Miles In this race Derek Meyer gained us our only victory in the Under 19 competition. The race was his from the start. He set the pace and increased his lead until at the finish he was a good 150 yards ahead of the second man. His time was the best he has run so far. 10 mins. 39.1 secs. (nearly half a minute under Std.).

High Jump Cadle jumped his way into the final with only three jumps, and then had a lot of bad luck! He cleared 5 ft. 4½ ins. (Std.).

Long Jump Cornforth did not produce the form we expected in this and found a good deal of trouble trying to hit the board. He cleared 19 ft. 4½ ins. when jumping from at least 5 ins. behind the board. This jump gained him second place. With more training and experience he should have little difficulty in breaking standard for this event.

Shot Put. Won by McVicar of Grey with a throw of 39 ft. 3 ins. Roebert excelled himself and did some great putting attaining 38 ft. 5½ ins. which gave him not only the second place, but also his first Std. for this event.

Hurdles D. I. Wallace gained some useful experience against a good field. He was not fit but will do well before the season ends. He returned 15 secs. dead and was unplaced in a final that was won in 14.2 secs. (Std.).

UNDER 16

100yds. Webber won his heat in the morning in 10.8 secs. but ran into fourth place in the final with a time of 11 secs.

220yds. Webber won his heat in 24.5 secs., but was unplaced in the final in 24.9 secs.

This performance indicates that he is not entirely fit, an assumption which is natural when the season is so little advanced. He will do much better before the season is through.

Long Jump Webber needs both training and coaching in this, and must aim at getting more height.

Shot Put A. G. Smith added further laurels to the team by winning this event with an excellent throw of 36ft. 2 ins.

Hurdles Smith won his heat in 15.2 secs. and then ran well in the final, being narrowly beaten. He did the distance in 15 secs. flat. This constitutes a Std. as the hurdles used for the race were the same height and distance apart as are used for the Open hurdles at Kingswood.

SENIOR INTER-HOUSE COMPETITION ON TUESDAY 1st APRIL

There were no detailed results kept of this informal and unofficial meeting except the final points tally already mentioned.

1st. Upper School, Day Boys and Jacques Prefects — 66 pts.

2nd. Jagger House, Wood House and Annexe — 55 pts.

TRIANGULAR BETWEEN RHODES UNDER 19, ST. ANDREW'S AND KINGSWOOD

The following is a critique of the teams performance:—

Walker surprised even himself in the 440 and is beginning to show some of the form that we have been expecting. *Webb's* 880 in 2 mins. 9 secs. reveals that all the half milers have not left Kingswood with Baines. Steady training will bring this time down still further. *Roy Masterson's* return to form is a big encouragement and we shall see better things from him too. We missed Hall from the mile, but this must not detract from the fine run that *Tyson* put in. He is not properly fit yet and will be a force to be reckoned with when he is. *Lowes* must concentrate on getting fit for one event, not two or three. He will find that being really fit for one will put the others within his reach as well. *Our Sprinters* must be congratulated. Only the day before I told them the sprint events (i.e. the 100 yds.) were the only events that so far this term had disappointed. With yesterday's laurels to their credit they have removed the disappointment completely. *Harty* has now won once, *Cornforth* once and *Wallace* once. This leaves only *Slabbert* to gain the distinction, and if he runs like he did in the relay (it was his sturdy run that gave us our lead) then he may well win before he finishes.

Roebert must keep within his "Faery-ring". He put the weight very well and threw over 36 ft. (Std.). But two mistakes cost him dearly and may cost him dearer still in future competitions. *Smith's* return to the Pole Vault is welcomed as we appear to be weakish in this event this year. He did well to jump into third place. His performance with the Shot was well up to standard and his distance will improve in the next six months. Especially must we congratulate him on his Discus throw. He has taken naturally to this event and the point he gained us in this event was an unexpected one. He was up against two teams which regularly include the Discus in their Sports Programmes. In the Hurdles the race was won in .3 secs. faster than any of our hurdlers have ever done, but I am sure that their times will improve before the end of the year. *Cadle* jumped better than was expected after his time off with an injured heel and to fail at 5ft. 6½ins. is no disgrace. *Southall* in his first Inter-Collegiate competition gained some useful experience that will stand him and also us in good stead before the year is out. *D. Meyer* strengthened the odds that he may yet be the fastest Kingswood boy ever to run the Two Miles. His time of 10 mins. 28.5 secs. for this distance places him only 1.6 secs. outside G. Haynes record of 1948. *Cragg* excelled himself. 10 mins. 42 secs. for the Two Miles from a boy who is still under 16 is a remarkable effort and his pluck whilst not gaining him a point gained him a Std. for this event. *Cornforth* did not get a fair chance to show us what he could do in the Long Jump, as, owing to the programme becoming sadly disorganised he found himself having to come straight off the 220 onto the Long Jump. He must, however, check up on his run up. Twice he jumped from nearly eighteen inches behind the board. *Harty* did not fulfil the usual promise in this event although he was responsible for getting us a tie with the Rhodian. His approach work is excellent and he hit the board every time, but he is not getting nearly enough height and must practice hard with the uprights and cross bar. *Van Tonder's* jump of 5ft. 2 ins. shows promise and *Ainslie* supported *Smith* well in the Discus.

THE INFORMAL SPORTS ON SATURDAY 12th APRIL ON GANE FIELD

After a threatening beginning the weather broke fine and clear for the Informals Day, and Gane field sporting more grass than ever before in its history (thanks to the combined efforts of the rain and the sprinkler plant) provided a colourful setting for what proved to be a very enjoyable days Athletics.

The standard of fitness was high. One record was bettered in the Junior 880 by R. Masterson who covered the distance in 2 mins. 12 secs. He also ran very well to win the Junior Mile. During the day the competition produced sixteen Standards, fifteen of which were registered in the Open events.

The Under Fourteen and Under Twelve revealed plenty of talent and Warner in the 80 yards Hurdles showed himself to be a natural hurdler. In the Open Long Jump Tucker jumped 20ft. 7ins. to become the third boy to have jumped over twenty feet this term. The other two being Cornforth and Harty. The 220 yards produced so close a finish that D. I. Wallace, Harty and Slabbert were all home in 24 secs.

The Eastern Province and Border team came out winners of the Inter-Provincial competition, Transvaal and Western Province second and Rhodesia and the Rest third. Mrs. Rich presented the respective team captains with large cakes as reward for their labours, and the Headmaster, Captain C. O. Rich, welcomed parents and friends thanking them for the interest in the school that their presence at the Informal Sports meeting showed.

The detailed results are as follows:—

NON INTER - PROVINCIAL

100 Under 11: 1. B. Littler, 2. C. Henderson, 3. J. Canepa.* Time: 13.35 secs.

80 yards Under 10: 1. G. Handley, 2. A. Bouwer, 3. I. McHendrie. Time: 11.7 secs.

60 yards Under 9: 1. B. Venter, 2. F. Haley, 3. A. Duncan. Time: 8.8 secs.

RESULTS OF THE INTER - PROVINCIAL COMPETITION

Over all Points:—

1. Eastern Province and Border	132 points
2. Transvaal and Western Province	83 points
3. Rhodesia and the Rest	61 points

In conclusion it may be of interest to know that as an experiment a new track event has been included in the normal sports day programme. It is the 220 yards Low Hurdles and this replaces the older 220 sprint aged 16 and 17. Whether it will eventually become a championship event or not depends upon the interest it creates. It is a very spectacular event and has the added advantage of requiring a high standard of fitness for successful competition.

AWARDS

The following awards were made at the end of the term:—

COLOURS:—Re-Awards. D. Meyer, D. I. Wallace, S. M. Harty.
New Awards. E. Slabbert, T. Cornforth.

TEAM BLAZESR:—J. Walker, G. Roebert, H. Hall, K. Cadle (Re-award), A. G. Smith, K. Williams, T. Webb, G. Cragg.

CADET NOTES

The corps is bigger this year than ever before, in spite of our limiting membership to the 4th, 5th and 6th forms. Training has continued steadily and Lt. Stuart Thompson showed great enthusiasm and determination wielding a very large and awkward recruit's squad into shape. The Band under Mr. Bennett Brown's guidance have acquired a completely new repertoire and continue to be the centre of attraction whenever they parade in full dress. Lt. D. R. Butler and his surveyors have finished the field work on our new map and Mr. K. Douglas has very skilfully reproduced it on silk tracing paper. This map, of the area north of Sugar Loaf, drawn very accurately to a scale of 1:2,400 will be invaluable for training cadets in map reading and compass work.

On Sunday, March 16th we had our usual foundation day Church Parade, which went off quite creditably. When the van Riebeeck Festival Coach passed through Grahamstown the band headed the procession from the Market Square to the Drosdy, which was quite a march, needless to say the striking uniforms and martial music almost stole the show. Some of the band also rendered Annie Laurie with the traditional mistake in the 7th bar when the opening of the Cape Parliament in the Shaw Hall, Grahamstown was re-enacted at the local festival pageant. Maj. R. Q. Tarr has worked very hard to raise the standard of shooting and his efforts were rewarded when the unit qualified to send both senior and junior teams to a cadet bisley at Port Elizabeth. A separate report on shooting will be found elsewhere in this magazine.

Capt. D. H. Thomson, after a number of years of most invaluable work as signalling instructor left us, much to our regret. His new unit is indeed lucky to get his hard work and technical ability. Lt. S. J. Thompson has taken over the signals section. Capt. C. Rooke, M.C. has kindly undertaken to join the corps and a very harassed C.O. who has been trying to combine the duties of drill instructor with field training instructor will very quickly put his military talents to good use.

On Wednesday evenings Mrs. Adams held Red Cross First Aid Classes. Doctors Heathcote and Nel examined 32 candidates in a marathon examination that started at 7 p.m. and ended just after midnight. Twenty-nine passed. Well done cadets and well done Mrs. Adams. Another class will be held during the winter term and a full list of successful candidates will be published later.

SHOOTING

The high lights of the term were two competitions, the first a preliminary Eastern Province and Border elimination competition held on our own range under the supervision of the local Permanent Force, the second a bisley held at Port Elizabeth.

The preliminary round consisted of a senior and a junior team, each consisting of ten members. The totals were good enough to gain Kingswood a place in the bisley, and we were duly instructed to select four seniors and four juniors to compete in the bisley to be held on the Buchanan Range at Port Elizabeth. After much practising and eliminating, the following were selected to represent the Corps:—

SENIORS:—K. Macdonald (Capt.), J. van Tonder, L. du Toit, R. Kennard.

JUNIORS:—H. A. Meintjes, H. G. Gush, B. G. Evans, A. Sonnenfeld.

The Kingswood and St. Andrew's teams travelled together in a lorry hired for the occasion, and were billeted at the Battery in Hume-wood, where they were comfortably housed and well fed. Teams from eight other detachments were also there.

The teams embussed for the Buchanan Range on Monday morning and completed the bisley in time for lunch at the Camp. Altogether the bisley was a grand experience for the boys, and the juniors, particularly, are looking forward to next year's competition.

After lunch, Colonel Tasker addressed the teams and distributed the awards. The winning senior team was St. Andrew's with a magnificent total. Kingswood's seniors came 6th out of eight; the juniors 4th out of six.

Bronze medals were gained by:—J. van Tonder, B. G. Evans, H. G. Gush and A. Sonnenfeld.

Range Monitors for the team were David de Villiers and William Watts, both of whom are turning into fairly steady shots.

A silver spoon has been donated by J. Ecclestone who left in 1950, to be competed for by the Junior Certificate class.

LIBRARY NOTES

A new system of controlling the issue and return of books has been tried with outstanding success. This happy state of affairs is largely due to the work of the Library Prefect W. S. Burnley and his assistant Library minitors M. Miller, M. F. Badings, B. Marsh and P. Stern.

During the first term of the year no fewer than seven hundred and fifty books were taken out and returned by members of the senior school. In addition there was the usual demand for National Geographic Magazines and illustrated books for perusal in the Library. We have not yet succeeded in finding a suitable method of securing the return of these books to their correct place. Is it possible that those who require pictorial entertainment can not yet read the titles and authors of their favourite literature?

The Library is over full of Victorian novels and translations from the classics which make little appeal to our jet-propelled generation. Our encyclopaedias are of the same mature vintage. A really good modern encyclopaedia is urgently required in the reference library upstairs.

A number of book donations have been received, including some thirty works of reference of a historical nature. If every user of the Library were to present one book that he has received as a present and enjoyed reading, each year, we should soon build up a really good collection of modern books and be in a position to dispose of at least one of our four complete sets of the Waverley Novels.

We are indebted to the following for book donations:—Mr. D. H. Thompson, W. S. Burnley, B. Marsh and M. W. Miller.

PHOTOGRAPHIC CLUB

There have been two major improvements carried out this term. Firstly, there is now a new switchboard for the enlarger, safelights, etc.; and secondly we have at long last had a sink installed. The benefit of this latter will probably be noticed most of all in the cleanliness of the developing dishes. At least we hope the dishes will be cleaner.

The Committee for 1952 is:

Hon. Secretary: M. Kelly.

Additional members: H. Gray, J. Sieberhagen and R. Masterson.

DRAMATIC SOCIETY NOTES

Dramatic activity was confined to producing one-act plays for the Drama Festival which was held in March. Three one-act plays were entered, one in each section. The performances were staged in the City Hall on March 19th before a packed house and a panel of adjudicators consisting of Mrs. Marjorie Wright, Miss Elizabeth Iliffe-Higgo and Mr. Griff Mullins.

The Drama Festival was run on different lines this year. Each school produced its plays in its own hall, and the panel of adjudicators visited each hall in turn. As Kingswood has no hall suitable for productions, our plays were produced in the City Hall. The performances were graded A, B, or C, and the nine best plays, three from each section, Juniors, Intermediate, and Senior, were given the privilege of repeating their performance for the general public. Although Kingswood received only one "A"—for the Junior play—the Senior play, "Cross Roads", was included among the finalists as the best "B".

Our grateful thanks go to Mr. Don Dowthwaite, who provided the lighting for all three plays, to Mrs. Butler and Mrs. Dowthwaite who did the attractive costuming for the senior play, to Miss Slater of V.G.H.S. for the loan of Geraldine's costume, and to all those who helped in so many ways to make the plays the success they were.

JACQUES HOUSE AND PREPARATORY NOTES

It is just 70 years ago since Jacques House with its "Queen Anne" front and its "Mary Ann" back saw its first gathering of parents and pupils on Opening Day. The pupils were mostly "only" girls then, many of whom came by cart and wagon from such distant outposts as Bedford, Adelaide and Cradock to the Wesleyan High School. Today the boys gather by car, train and plane from the four corners of the Union and the Rhodesias, some even from Leopoldville and Limbe.

* * * *

Hopes are always high and fresh at the beginning of a new year especially in a school like this. Parents, prefects, "new" boys, "old" boys, matrons and staff all share these expectations and feel the urge to set up new records in work and play and to achieve even better teamwork and greater dependability. And how high these hopes are as we gather for 1952, the second year in a half century that seems destined to stand out in History, not only of our own land but of both the East and the West.

* * * *

Well, we "Prep" chaps are not supposed to know much about Persian politics, Central African Federation, Gold Coast Independence or the Protectorates, and even we can't tell yet whether "vires" flows more really "ex-unitate" or "ex apartheid", but we have heard tell that there is now on "a New Race for Africa" and when it comes to racing we are all in.

* * * *

We are not any of us clear what it is all about, who want to race or for what. Some fellows think it has something to do with jet engines and atomic power; but it seems that during the last war General Smuts said that he thought the world was rapidly "approaching the end of

another era" and lots of the older people are beginning to see now that he was right and they are worried. They say that what they need most is "leadership." I suppose we'll have to help them again, but we would prefer to help lead the "beginning" of a New Age rather than at the burial of an Old one!

* * * *

What seems quite clear is that this year's programme of work and training is going to be more important than any other for a very long time. Suppose that will mean more Latin, more Arithmetic, more Geography, more toil and tests! Perhaps, but we'll certainly need to be more definite about the things we *really* believe are true and worth while, so that we can have more faith, more purpose, more courage, more fitness of mind and body. It will be just like a knight getting ready for the fray, burnishing his sword and armour, training his steed. The old Knights, though, in many respects would be rather out of place in this show for there will be new jobs, new gear, new speeds, new ideas, new dangers and risks, new and very difficult adjustments . . . What will be needed are supermen! Real men with super skill of hand and eye, super-brave, super-tough, super-unselfish and super-true.

Some programme!!! . . . You're telling me! But then you see they're in a real fix—and for leadership now nothing less will do.

* * * *

It was Edward, Duke of Windsor, who wrote in "A King's Story" "It is not that I fear change for I have never been a reactionary. What I fear is violent change, change that would sweep away fundamental and hard bought things."

* * * *

The sudden news of the death of King George VI came as a tremendous shock even though it was generally known that his strength had been seriously sapped by illness and operation. We shared the sense of loss with all his peoples as we listened to the sad and solemn broadcast music and proclamation and our thoughts and prayers turned often to the young Queen who had been called so early to shoulder such heavy responsibilities in a second Elizabethan Age.

* * * *

The Headmaster appointed the following senior boys as prefects in Jacques House:—T. Cornforth, R. Masterson, B. Osler and J. Rist. We shall be glad of their helpfull presence in the month's ahead.

* * * *

Andre Pons was one of the early visitors. He had just been appointed Personnel officer to a large factory at Brak River. Edwin was in charge of the new Presbyterian church at Welkom O.F.S. and Valdo after completing his M.Sc. at Cape Town was off to the London School of Economics for further study.

* * * *

We added our welcome to Rev. and Mrs. C. W. Moore and their two sons to Kingswood. They were still feeling very "new" down here

in the Eastern Province after a lengthy period in and around Johannesburg, but we hope they will soon all feel like real "old boys."

* * * *

Mrs. Peggy Swart returned to take charge of Std. III for the term and Mr. Tom Hartzenberg came into residence to help with supervision while continuing his U.E.D. course at Rhodes University. Mr. Brian Rooke who has once more been selected for the Eastern Province Tennis team to participate in the National Championships at Ellis Park, will be returning to Rhodes next term to complete his teaching diploma course. Mrs Webb, too, will be leaving us in April and it will be most difficult to find anyone to replace her in the Linen Room and Dispensary or to match her patience with and motherly care of the youngest fry.

* * * *

Mrs. Carol Tarr very kindly took charge once again of the Juniors for the Drama Festival. The playlet selected was "The Island of Sea-Dreams" by Eustace Hargrave. John Dunlop, Gerald Hirshon, Anthony Marriot, Wesley Shields, Harold Eltringham and Christopher Vadoros were chosen for the parts whilst Roland Darroll was prompter and Kenneth Payne understudy. Rehearsals started early and work proceeded so keenly and successfully that at the Festival the Adjudicators placed it in Grade A.

* * * *

Thanks to Mr. Dowthwaite's exertions our school cinema programmes have been kept well up to standard. Such films as "Command Decision", "Winchester 73" and the "Three Musketeers" have been a treat and even the "Educationals"—"Fellahin", "Roman Episode", "Development of Communications", "Len Hutton on Cricket", "The River" and "Mark Hamberg"—have been appreciated.

Some classes have been seeing short films for some time as part of normal teaching. This unfortunately stops at end of March as the Education Department is unable at present to continue the service. We are starting to build up our own film-library.

* * * *

Trevor Fancutt is entered at Wimbleton and David Fernley and Peter Copeland—also old-prepites—were selected to represent W.P. schools in the Nuffield Tournament. David Kelly carried "black and red" to victory in the Prentice Tournament—the E.P. Junior Golf Championship at P.E.

David and Christopher Henderson, however, distinguished themselves in a quite different field. They jointly 'spotted' and delivered to the P.E. Museum a quaint-looking fish which Prof. J. L. B. Smith of Rhodes University later declared to be an oddity of the ocean—a frogfish that croaks when out of water. As this apparently was a new species he rewarded the boys' interest and initiative by naming it after them, "Tharbacus Hendersoni".

The sudden passing of James Morris Beaufort, Dean of Grahams-town, has left town and district very much the poorer; he was so understanding, strong and true. He will be missed most by the children whom he loved, and who without exception loved him.

* * * *

The end of February saw the arrival of the 'Festival' Stage Coach "SETTLERS" on its jolly, jolting way to Cape Town. Floats in the procession were designed to illustrate important events down the years in Albany and Bathurst. A model of Van Riebeeck's ship; A Settler family on wagon with Afrikaner driver; A trade wagon laden with elephant tusks, hides and ostrich feathers; A canon used in the Battle of Grahamstown. All created much interest as did a Sea Cadet detachment from St. Andrew's College and the Kingswood Band. Further Kingswoodian contributions were a brief but original and interesting history of the town by D. H. Thomson and an artistic and informative map showing old landmarks by Mary Rose Dold. In the evening a series of historical tableaux, colourful folk dances and songs rounded off an altogether enjoyable day.

* * * *

Half-term saw three bus loads to Port Alfred again. Swims, picnics, and excellent lunch at the Lagoon Café and a trip up the Kowie River filled in the time there.

* * * *

Form Orders at the end of the first term showed the following in the lead:—

Form IIIa: 1 C. Moore, 2 T. Masterson, 3 R. Swan.

Form IIIb: 1 W. Shields, 2 E. Smith, 3 Persson.

Form IIa: 1 J. Fleming and A. Wellington, 3 K. Partridge.

Form IIb: 1 H. Jackson, 2 J. Fold, 3 Phillips.

Std. 4: 1 J. Bannister, 2 R. Warner, 3 A. Anderson.

Std. 3: 1 R. Blair, 2 I. McHendrie, 3 A. Bouwer.

Std. 2: 1 N. Holland, 2 P. Slee, 3 B. du Toit.

Std. 1: 1 W. Meinesz, 2 C. Gault, 3 N. Turner.

* * * *

Over thirty juniors have turned out for Boxing and they have shown keen interest and have appeared to enjoy themselves. Time seems very short after gloves have been fitted on but the majority have had a chance to perform in the ring. Mr. Stuart-Thompson has been glad to see so many new boys coming along and would like to congratulate A. Hilton-Green, R. Woodward, E. Keast, C. Handley, D. Brigham, and E. Kaplan on their keenness and progress.

JUNIOR TENNIS

This has had a fair share of attention from most of those who handed in their names and progress and keenness, as always, have gone hand in hand. Here are a few from each division who are perhaps a little above their fellows in promise and ability.

UNDER 14.

C. de Haes—Has a good sense of courtcraft but is inclined to be a little too easy going.

D. Cobden—Has shown improvement and is very keen.

N. Perkins—shows promise but does not always give of his best.

UNDER 13.

R. Lakfloski—Shows good promise and is very keen. Has probably the hardest service in the Prep.

C. Vadoros—Has not quite lived up to last years' promise, but would do better with more practice.

N. Schuddink—Very keen and has a good eye. Best stroke is his forehand drive.

S. Hochschild—Strokes are all sound but must learn to use his feet and show more determination.

L. Wicks—A steady player.

UNDER 12.

N. Purdon—Has good ball sense and with more practice could develop into a really good player.

A. Wellington—Has improved considerably and shows very good promise.

UNDER 11.

J. Dyer and A. W. Anderson are both keen and determined. Together they are a good bit above the rest of this division.

UNDER 14 "A" CRICKET

This Division consists of the fifteen most promising Under 14 cricketers, boys who we hope may in the not too far distant future play for the Kingswood 1st XI.

We were left with only one of last year's side, but those who have come up from last year's Under 13 side have proved to be most satisfactory. As a team there is, however, one major criticism. They must display a greater interest in fielding. The whole essence of good fielding lies in close co-operation between the players, mental and physical alertness and above all—effort. Only by putting all you have into fielding can you really reach a point where fielding becomes enjoyable.

A. Behrmann has captained the side well, and shows promise of being a very good leader of the future. He is a very good bat, and his concentration could be a good lesson to others.

D. Rahpael is perhaps our best natural cricketer. His batting has great facility and he possesses a wide range of good scoring shots. He can be a very good wicket-keeper if only he will concentrate more and become a little more agile. J. A. Reid has also made good runs and bowled well.

Other players such as C. de Haes, J. Dunlop and R Letcher have all done well, as indeed have the others. Rain spoilt several practices, and due to the fact that St. Aidan's were stricken with virus 'flu our matches were not many in number. There was a particularly exciting match against St. Andrew's Under 14 which ended in a well deserved victory for them by 1 run. Letcher bowled particularly well in this game, and all but won the match for us with his bowling. He has been the most successful bowler.

On the whole, a pleasing term's cricket with the promise of much more to come at the end of the year.

vs. Graeme

Drawn. D. Raphael batted well to make 34 and Behrmann led the side ably.

vs. St. Andrew's under 14

Kingswood all out 51 (Perkins 13. Johnston 5 for 18).

St. Andrew's all out 52 (Johnston 29. Letcher 5 for 17).

The rest of the Under 14 Division have been divided into two field sections and have had fairly regular practices on Little and Dold pitches. They had four games against St. Andrew's Prep losing two and winning two, but they were beaten both times by the Under 13a whose bowlers proved a bit too fiery for them.

UNDER 13.

This Division was especially keen and constant practice and coaching soon produced a fine team spirit and improved play all round.

T. Masterson was captain and M. Moffett vice, the others who had games were D. Brotherton, D. A. Evans, C. Vandoros, P. Marsh (wicket keeper), M. Beaumont, N. Schuddink, W. van Schalkwyk, J. Hayward, G. Hirshon, C. Breen and J. Abell. Most of the bowling fell to C. Vandoros, D. Brotherton, T. Masterson and M. Moffett.

They won two of the three games with St. Andrew's one by only one run, lost one to Graeme and beat the Rhodes University Ladies XI.

UNDER 12.

Three matches were played during the half-season. The A team, captained by N. Purdon with A. Wellington as Vice, played one match against St. Andrew's Prep which they won by 30 runs and one against Graeme which was drawn (Purdon 39). Wellington took 6 wickets for 18. Hiscock made 20 runs in the first game and Partridge took 3 for 11.

The B team captained by A. Oxenham played and lost one game. St. Andrew's B 54, K.C. 22.

Keenest in the field were D. Hiscock, N. Purdon, A. Wellington, J. Malherbe, A. Hilton-Green.

J. Fleming has not yet sufficient confidence to 'open' but will improve. S. Hockschild was the most improved player—a forceful bat who scores rapidly and is hard to dislodge when his eye is in. The batting generally will improve considerably when players learn to be patient and to concentrate. D. Fold in mentioned for his improved bowling and W. McCarter for all-round keenness and dependability.

UNDER 11.

Five groups had regular net practice and fielding but no matches yet as most of them are beginners and are still learning to hold and swing a bat and bowl the ball roughly where they aim. Most of them show that they have cricket in them and will be gaining their places in teams before long.

DEATHS

Vernon Ross Gardner (1896-1904), passed away at Spadona, Alexandria, after a painful illness nobly borne.

Lawrence Gane (1895 - 1900), passed away at Johannesburg on 3rd September, 1951.

Laurence Walter Parsonson (1936 - 1938), reported missing, believed killed, in Korea.

OBITUARIES

LAWRENCE GANE (1895—1900)

Lawrence Gane, a former chief magistrate at Grahamstown, Germiston and Durban, and chairman of the Central Rent Board, Johannesburg, died in Johannesburg on 3rd September, 1951, at the age of 69.

Lawrence Gane came to South African from England in 1895. His early education was received at Kingswood, Bath, and soon after his arrival in South African he came to Kingswood College to complete his schooling. He was one of the earliest Kingswoodians, and had, as he once said of himself, "the unique and rather unfortunate experience of being a scholar at Kingswood while my brother (E. G. Gane) was Headmaster!" In the field of sport he represented Kingswood at cricket and rugger.

In 1900, after leaving Kingswood, he joined the Cape Civil Service, and at the same time studied for and gained his B.A. degree. He was a magistrate in Pretoria from 1928 to 1935; chief magistrate in Grahams-town from 1935 to 1938; chief magistrate in Germiston, 1938 to 1941; and chief magistrate in Durban until he retired in 1942. During his stay in Grahamstown he served on the Kingswood College Council and sent his son, Peter, to Kingswood.

During the 1914-1918 war, he served with the South African forces in East Africa, and during the Second World War he served on the staff of the Adjutant General, with the rank of major, in the Inland Area Headquarters, Courtsmartial section. He was later transferred to the Witwatersrand Command. After demobilization, he became chairman of the Central Rent Board in Johannesburg, a position he held until the time of his death.

To his widow and his daughter, and to his son Peter, we extend our deepest sympathy.

LAURENCE WALTER PARSONSON (1936—1938)

Lieut. Laurence Walter Parsonson, or "Jimmy" as he was affectionately known to his friends, has been reported missing, believed killed, in Korea. He was flying in a six-aircraft flight on an interdiction mission when he was shot down. He called up after his second straffing attack on the target at Pang and said his aircraft had been hit by ground fire. He

climbed towards friendly lines at 800 feet. He called again to say his aircraft had caught fire. Immediately after that his aircraft started to spin in flames till it crashed. His No. 2 followed him down, but Jimmy was not seen to bail out.

Jimmy came to Kingswood in 1936 from Queen's College, Queens-town. He gained a 1st Class J.C. that year, and in 1938 matriculated in the 2nd class. He was a corporal in the Cadet Corps.

When war broke out in 1939, Jimmy joined the Rand Light Infantry and served through the Abyssinian and North African campaigns, and took part in the battles of Bardia, Halfaya, Sidi Rezegh and, later, El Alamein, where he was specially mentioned in dispatches. In 1943 he returned to the Union with the First Division and transferred to the South African Air Force, whereupon he underwent training as a pilot. On the successful conclusion of this course, he was posted to No. 21 Medium Bomber Squadron (Marauders) and had almost completed a full operational tour with them by the end of the war in Italy. He was thus one of the few South Africans to serve his country on land and in the air, on active service.

After the war, Jimmy was granted a commission in the Permanent Force of the S.A.A.F. as a lieutenant. When the war broke out in Korea and the S.A.A.F. called for volunteers, Jimmy was among the first to volunteer. In July he began his operational training for Korea, and left from Palmietfontein at the end of October.

To his wife, formerly Miss Merle Stephen of Thaba Nchu, and her two small children, and to his brother, Major Parsonson of Roberts Heights, we extend our deepest sympathy.

GENERAL

W. J. Rock writes: "I have never lost interest in the School, and very often come across boys who where at Kingswood during the two short years I spent there. I am a Director of the company 'Palm Industries (Pty.) Ltd.' which manufactures squashes and fruit drinks, and soon will be making pharmaceutical lines. Until the sugar shortage hit the country, we were exporting our squashes, etc. to different parts of the World, and are supplying towns outside Durban."

J. T. ("Shoes") Greenwood, writing from Durban, says: "Trevor Haynes and I have met many Old Kingswoodians here in Durban at the monthly 'get-together'. Unfortunately Trevor has given up Varsity and gone to work on the Mufulira Copper Mine in Northern Rhodesia as a surveyor. While he was here he was elected secretary of the Varsity Athletic Club. My brother Oswald, having completed his temporary post at Grey High School in Port Elizabeth, has joined the ever-increasing flow into Rhodesia, and has taken up the post of gym. master at Churchill High School in Salisbury."

Tony Roberts (A.G.T.) has left the Durban Deep mine, and is now with Thos. Barlow & Sons in Johannesburg, agents for caterpillar tractors and engines. "So far I find the job very interesting," he writes. "Our present premises have been sold, and by August we shall have moved lock, stock and barrel to Germiston. About two weeks ago I bumped into Noel Edkins who was at School House with me in 1947. He was able to give me some news of Old Boys who were at K.C. during the period that I was there. As he has invited me to spend a week-end with him, I hope to renew acquaintance with a few more O.K.s."

Hugh Forsyth, who was with Special Signals during the War, and who continued with the Permanent Force after the War, was sent over to England in 1949 to attend the Royal Signals Long Telecommunications Course at Catterick Camp in Yorkshire. He writes: "As it is an 18-months course, my family was able to accompany me, and we spent a very interesting time in the United Kingdom. After twelve months petrol came off the ration, and we acquired a small car by means of which we were able to see quite a bit of the country which we would otherwise have missed. Despite our liking for England, we were not sorry when we finally returned to South Africa in December 1950—South Africa and the sun. Since our return I have been stationed at Potchefstroom on the Staff of the Signals Wing of the School of Artillery and Armour, and it is likely that I shall be there for some time. Should any O.K.s pass through the camp at any time, I'll be very pleased to see them."

Bill Vorster of Graaff-Reinet wrote: "In August, Neil Moss motored round this way and picked me up to attend Bob Cawood's wedding in Colesberg, with Don Pearson as chief stooge and myself as an extra. We bumped into Dan Scott and Oscar van Zyl. The latter is farming, the former was at Colesberg with the G.P.O. Bob married Naomi van Zyl of Buffelsvlei, Colesberg. Tony Hobson also attended, as well as F. W. (Bill) Kingwill. I see him regularly, as well as A. M. Kingwill and Trevor Kingwill. I have bumped into Ken Watson on some of my many week-ends to Stellenbosch during the past year. He is as fit as ever, and considerably larger."

L. O. Transfeld, who visited Kinswood a year or two ago, his first visit for 40 years, is farming near Mahalapye in Bechuanaland. After leaving Kinswood in 1909, he went to Potchefstroom to the School of Agriculture. While there he played for Potchefstroom in both cricket and rugby, and in 1910 played for Transvaal Districts against the British team. He was invited to play for Transvaal in the Currie Cup, and was offered a job on the mines, but he turned down both offers. He was invited to the Springbok trials, but could not participate. He would undoubtedly have made the 1912 Springbok side. After two years of farming, he joined the Railways, and in 1928 was transferred to Cape Town. He resigned in 1931 and returned to Mafeking. He saw service in World War I, married after

his demobilisation, and his family consists of five daughters and a son. His daughters have all turned out Inter-Provincial hockey players. Transfeld played his last game of rugger at the age of 42, as fly-half, and scored the only try of the match!

East London Old Kingswoodians held their Annual General Meeting on 25th February, when the following office bearers were elected:—Rex Smale, chairman; Jock Brown, hon. secretary-treasurer; and John Shingler, Gurth Hughes, W. E. Carey, E. A. Collett, and Stanley Thwaits. The Annual Dinner was held at Deals Hotel on March 22nd.

Salisbury Old Kingswoodians celebrated Foundation Day on March 14th, with an attendance of 26 O.K.s. The Annual General Meeting preceded the dinner, and the following were elected to the committee:—

Dr. Noel C. Gane, chairman; John Derry, secretary-treasurer; and D. W. Waddingham, Bevis A. Barker, Jack Startup, and M. C. Mossop.

The most important business item discussed was Dr. Gane's proposal of a Bursary to enable Rhodesian boys to attend Kingswood. Details will be discussed by the committee later in the year.

Those present were:—T. J. Mossop (1898-1902); J. H. Grant (1899-1902); A. Davies (1900-1902); Ron Vice (1902-1903); Noel C. Gane (1906-1917); M. C. Mossop (1911-1914); J. Carruthers (1918-22); K. W. K. Wood (1919-27); S. Meller (1919-25); Jack Startup (1920-23); Jack Dunlop (1922-23); C. A. G. Paver (1923-26); B. A. Barker (1927-30); L. A. Burmeister (1933-40); T. P. Robinson (1934-35); D. W. Waddingham (1934-36); D. G. Swingle (1935-36); Ken Wilman (1936-38); O. H. Greenwood (1939-44); D. J. du Toit (1939-45); J. H. Derry (1940-46); D. M. Colahan (1942-45); G. A. Haynes (1942-49); I. N. McKenzie (1943-45); Alistair Ross (1943-49); Christopher Ross (1947-50).

Piet Booysen, of Graaff Reinet and also of Natal University, was chosen to represent Natal in a friendly inter-provincial rugger match at Potchefstroom. And here is the other side of the picture. Peter de Villiers Booysen was awarded a special prize for all-round ability and progress at the University.

News of the Pons family has come to hand. Rev. and Mrs. Pons, parents of the three boys sent to Kingswood, are in Cape Town, on the slopes of Devil's Peak near Tamboers Kloof. Edwin Pons, also in the ministry has been moved to Welkom, O.F.S. Andre Pons has just started in a new job—personnel officer at Searle's, Ltd., in Great Brak River. Valdo Pons, after taking his M.Soc.Sci. at U.C.T., studied with the London School of Economics, and is now busy on his M.A. thesis.

C. Parsonson and P. D. L. Botha, a medical student at U.C.T., last year spent two weeks covering much ground. "We made the Falls comfortably in five days," wrote Parsonson, "and wandered back via Zimbabwe and Lourenco Marques—all this in a Morris Minor! At L-M. we met Brian Bertish out from England on his way to Cape Town. He had somehow managed to contract a combination of malaria and pneumonia, and spent four of the seven weeks' voyage in bed. Latest news is that he has fully recovered and has put on 30lbs. in as many days."

Bobby Baines, who left last year, and who is now doing an actuarial course at Cape Town with the S.A. Mutual, writes: "I see Rev. Stephenson fairly often, and have been out for several trots with him, not to mention a trip up the Mountain. I have met Du Preez on several occasions, Tiltman at the office, Droomer at Paarl, Neil White at the Stadium, and Colin Fletcher, who was down here with his father to see the Festival. On Friday 28th March I went to the Festival with Colin Fletcher, and again on Saturday. Michael Strange was competing in the high jump: I spotted him by the K.C. track suit he was wearing. On March 14th I attended the O.K. dinner at the Hotel Metropole and thoroughly enjoyed it, in spite of having to make a speech as the youngest O.K. there!"

Alan MacDonald, writing from St. Bartholomew's Hospital, says that he hopes to take his finals in a couple of years. He is still an active athlete, and has been putting in many hours of training on the track.

Max Stern, after trying a year of work plus part-time B.Com. lectures at U.C.T. has given up the job and has become a full-time Commerce student.

John Derry, who has taken on the Branch Secretaryship of the Salisbury O.K. Club, has sent some news of O.K.s whom he has met or with whom he has corresponded. "Gordon Haynes," he writes, "has left the Gwebi Agricultural College and is now in the Veterinary Department. O. H. Greenwood has been teaching at Churchill School in Salisbury since the end of January. The other day I bumped into Ian McKenzie (1945) who is in Salisbury for several months on business. I believe that Pat Murray (1940) is up here for a Conservation Conference. I want to contact him to find out in what part of Rhodesia he is working."

Peter Riley, who for a while was overseas studying with the Vauxhall Motor Works, returned last November in time for his 21st birthday.

Ossie Osborne (R.E., son of E.A.) says in a recent letter: "I wrote my supplementary exam. in March '51 and managed to get through. After that I started work and am now in Goldby, Panchaud & Webber, one of the biggest accountant firms in town. We have to do a part-time course at Wits for a certificate in the theory of

Accountancy. I like the work as we frequently go away on audits. I have been lucky enough to go down to Escourt, Witbank, Swaziland and Taungs. During lunch hours, Kidger Tucker, who is doing Law, 'Cugie' Piguet, who is watchmaking, Mike Barnes, who is starting Architecture this year, and Denis Zipp, another prospective accountant, meet for a chat. Cordingley has also started accountancy but is not sure whether he likes it or not yet. Johnny Allam is with an engineering firm. I do not see much of him because of his long working hours and short lunch period. John Fuller came down here in September and called in to see me. He is tobacco farming, and must be doing very well as he is running a Morris Minor. Ted Lombard has done a year as a learner-miner and is going to Wits. this year to start his B.Sc. (Mining Engineering). My cricket has gone off a good bit as I don't get a chance to practise."

L. H. Collett, in answer to the recent appeal, has hastened to "restore communications". He regrets that he has not visited the school since 1917 when he called to say goodbye to his two brothers, Douglas and Aubrey, before he sailed for France with the S.A.H.A. At that time he had just returned from East Africa. He writes: "I was probably the first Collett at Kingswood, but believe there have been quite a few since then."

Barry van Niekerk writes that he hopes to become a civil engineer. Since leaving Kingswood he has been working in the City Engineer's Dept. and studying at the Technical College. He writes his first A.M.I.C.E. exam. this year. "A new Methodist Church has been opened in Walmer," he writes, "and I have been organist there for the last fifteen month. There is a choir there as well, and as most of the members are young people, there is more laughter than serious singing."

Leon Vosloo writes: "When I left Kingswood I went to Stellenbosch for a year to take B.Sc. (Agric.) but dad soon found out he was wasting his time trying to make me learn, so he let me have my own way and farm. I love the farm life, only it is very lonely at times, as I am on my own here. I have seen very few O.K.s since I left Kingswood, but I spent last week-end down at Somerset East with Willie du Plessis, and I also saw Lawrie Turner in town.

The new manager of the Standard Bank in Barkly East is an O.K.—a Mr. Tarr. (Ivan Tarr, recently of Tarkstad—Ed.)

George Thomas, who was farming near Grahamsown, writes that they sold their farm about a year ago, and that he went to Rhodesia to farm, but was taken ill. He has just undergone a major operation—kidney—in Johannesburg.

Julian Carter, who is at present at Kearsney College in the Junior Certificate form, rode in the commando which met and accompanied the Van Riebeeck coach from Greytown. The coach made a halt at

Kearsney—probably the only school on the itinerary of any of the coaches. Julian hopes to go to an Agricultural School next year.

Denis Trotter, who has been in the Standard Bank in Limbe, Nyasaland, for several months, writing from Blantyre, says "I am relieving in Blantyre until the middle of January (have been here since 9th November) and find the town very pleasant. Believe me, it gets very hot here! Two of us are flying over to East Africa in six weeks time for a 22-day vac. Places which we intend visiting include Nairobi, Mombasa, Tanga, Zanzibar, Dar-es-Salaam and Lindi."

R. D. Pilson, who until recently was a Soil Conservation officer with the Overseas Food Corporation, now has a post with the East African Tsetse Research. "My work takes me into all three East African territories," he writes, "and I am working at the moment on an experiment in the Tabora area of T.T. In August I hope to go to Ankole in Uganda to do similar ecological work up there. I met Aubrey Webb, who was engaged in geophysical work, up in Kongwa in 1949. Gordon Burnie is now horticulturist at Nachingwea, Southern Province, T.T. Life in the bush is very pleasant, and the longer I can keep out of H.Q.s and offices the better!"

Peter Manley, farming in Edenburg, O.F.S., writes: "For the last two (January) I am off to Glen College for a three-months' course in sheep and wool. When I have finished that I may be able to call months I have been busy classing wool. At the end of this month myself a farmer!"

Tom Drake is now managing his father's farm in the Chisambe flats, about 25 miles out of Lusaka.

Roy Watkinson, who is at Engcobo, wrote in December: "A few weeks ago I played for the Engcobo XI when there were a few of their regular players absent. But my favourite sport is golf. I have worked my handicap down to 14, and in September during our Club Championships, I managed to pull off the junior, and a cup for the bogey event."

Roderick Clarke, who left Kingswood before reaching the senior school, completed his J.C. last year, and has since been working in a bank in Johannesburg.

Eustace Parker is farming in the Mortimer area. He writes: "I have not paid the College a visit for a considerable time, but have been busy raising a small family. Our eldest is a boy aged five, who is a future Kingswood forward I hope. He should be along in 1954, but I hope he won't follow in his father's footsteps as far as academic successes are concerned!"

G. J. Swart of Robertson writes: "As requested in Cappy Rich's Christmas Greetings, I enclose the questionnaire and some information which may add to the collection already in your possession. The only Old Boys in Robertson, to my knowledge, are a Mr. van der Riet, the manager of Barclays Bank here, and a Mr. Richard Bell, a farmer of Goree, Robertson. I have met quite a few Old Boys here in Robertson already, old friends such as W.A. "Bill" van Niekerk of Bedford who came down here to attend one of our Agricultural Shows; Billy King, Bull Warner and George Osler. The latter I have met on several occasions as George was the architect of a big winery which was erected in our district. As George attended to the building in a supervisory capacity, he usually touched in here at my place, no doubt to quench a bad thirst after a busy day. I also met "Duke" Wellington (Ralph), in Oudtshoorn during May last year while I was down there with my unit, the Regiment Suid Westelike Distrikte, doing our annual training. Duke is one of the Staff Officers there in the Training Depot, and I was able to see quite a lot of him. I have now arrived at the stage where I do not participate in active rugger any more—my age and figure do not allow me that privilege. I am still very keen on golf. In 1949 I was lucky enough to win the Robertson Golf Championship cup, while I was Captain of the Club. I have even started bowls, and I find that an excellent tonic for my 'beery' waistline."

J. H. Bell ("Tinkle") is an engineer, with Haggie, Son & Love in Johannesburg.

Jack Putterill is with the Rand Mutual Assurance Company in Holland Street in Johannesburg. His brother Ken is in Pretoria with the Department of Civil Aviation.

E. B. Cradick in in Vereeniging with the Cornelia Colliery.

G. G. Hobbs, who left Kingswood in 1936, is in the S.A. Mutual at Bloemfontein where he says there are five Old Kingswoodians on the Staff, all eager to obtain news of Kingswoodian activities.

Arnold Vosloo, writing in December after his return from a trip to the Continent, says: "I met Peter Riley in Holland. We were crossing the Yselsmeer from Monnitum Island when I noticed someone staring at me. His face was familiar, but I thought he had taken an objection to the smoked eels I was eating until he came up and introduced himself. We had a very interesting talk. He was the first South African I had seen for more than six weeks."

John Langley, writing from Uganda, says: "After leaving Varsity, I took on a job at the fabulous Williamson's Diamond Mine in Tanganyika, where I stayed for five months before the wander-bug bit again. Williamson treats his employees extremely well, with free fully-

furnished house, free personal servant and free cook. There is an excellent club where the Scotch never seems to run out in spite of the vast quantities consumed, and a pretty good golf course. The place is also lousy with diamonds. I decided to leave Williamson's and wander around East Africa, both to see the country and to look for a job. While in Nairobi I ran into Mike Wilson in the street. We got together for a long chat at the Muthaiga Golf Club. Mike is an architect with some private firm in Nairobi, and seems to be enjoying life to the full. Leaving Nairobi, I took the plane to Kisumu, lake steamer across Lake Vic. to Entebbe, and plane to Kilembe Mine where I managed to get a job just as the cents had petered out. This place has been in the news lately, but any reports you may have read have to be taken with a grain of salt. It will be two years at least before it is in production, and is not as rich as reputed. The mine is situated in the foothills of the Ruwenzori (Mountains of the Moon) at about 4,000 feet. In spite of the fact that it is only about four miles from the Equator, it enjoys a very healthy climate, a rainfall of about 70 inches a year, and is remarkably free of insects and mosquitoes and other poisonous insects expected in tropical climes. Three of us have wangled a week's leave and are climbing to the base of the peaks, starting next Saturday. We intend to climb Mount Speke, the smallest and most accessible of the peaks. Mount Baker (16,500) and Marghuerita (16,800) are beyond our capabilities.

Kilembe is situated almost on the edge of a Game Reserve where any number of elephant and buffalo may be seen. Many a day has been spent fishing in lakes George and Edward, or watching hundreds of hippo. Strangely enough there are no crocs in these two lakes, although they are both joined to Lake Albert by the Sunliki Valley where crocs abound. I expect to be leaving here in two or three months' time and going to Canada, but these plans are indefinite. It looks as though I shall not be attending another Reunion for some time!"

Michael Kimberley has been working in the Southern Rhodesian Government (Customs) for a year. He has now gone to Wits. University to work for his B.A., LL.B.

Ian Nicol is one of the two science masters at the "Hill High School" in one of the southern suburbs of Johannesburg.

Errol Paynter has left Germiston and is now at Botha's Hill, Natal.

John Slater, son of Jack, is at Port Elizabeth with one of the big oil companies. He is playing rugger for the Crusaders, and should do well.

John Gregory in February wrote: "I am leaving for the United Kingdom this month. Once in England, a friend and I are going to set forth

to see the world. There is one obstacle in our way to entering America—one has to pay a deposit of £200 before one may enter the country. We hope to save that much during our travels. We intend to work our way round the world as farm-hands, porters, lorry-drivers—any job that will keep us in the open and bring in the £ s. d. I have been engaged just on a year now, to Miss J. Odendaal of Pietermaritzburg. We plan to get married soon after I return."

Owen Booyesen, in the Diplomatic Service, is 3rd Secretary for the Union Legation in Washington.

Eric Bennett of East London has left the province for Rhodesia.

Douglas Gray, who is now at Cambridge, writes from St. John's College: "After a brief Christmas at Knysna, I left for home in Broken Hill and spent the next five months working on the local lead, zinc and vanadium mine. I took over the job I started with, from Ken Watson who has been making a bit of vacation pocket money, and I had an interesting time as a 'handyman', repairing roads, laying rails and pipelines, and doing odd jobs like these. After a while the man in charge of the mine brick-making plant was fired and I was told off to take over the double shift of 149 Africans for the remainder of my time. In the meantime I was lucky enough to be awarded one of the four Northern Rhodesian Scholarships, along with Chatham Dechow—which gave K.C. a good representation. Now that financial conditions allowed, I was able to carry on with the dreamed of plan of coming to Cambridge, and sailed from the Cape in August last year. Before leaving I had lunch at U.C.T. with Pitt Fennell, and Mr. Stephenson put me up for a night in Plumstead and drove me practically all over the Cape showing me some of the sights worth seeing. The voyage was grand. The Michaelmas term began in October, and Cambridge soon took a hold on me. It is a wonderful place, and there is such a wide variety of interests that time is more valuable than money—and that's saying a good deal. There are several Old Andreans here, and dozens of Old Bishopites, but I have only met one O.K. so far. He is John Senior, at Pembroke College. I decided to try my hand at rowing, since I am at the best place in England to learn it. The St. John's club is the 'Lady Margaret Boat Club' that won the Grand Challenge event at Henley last year. Rowing is not as easy as it looks, but it is good exercise and grand fun. I have got on quite well, and rowed for Lady Margaret III crew in the recent Bumping Races—we had eight crews racing. The snag about rowing is that it leaves no time for rugger or cricket, and very little for work. Last vac. 'Lady Luck' smiled my way once again and I got a chance to join three chaps on a car trip to Vienna. The trip took the full month and included nearly a week in Paris en route. We went through France and Switzerland, and returned through Germany back to France. We

were able to see five operas in Vienna. Apart from one or two awkward moments when our grey passes to leave the Russian zone in Austria were queried at the border, we enjoyed every bit of the trip. Cambridge breaks up again for the Easter vac. on Saturday and I have got a three-week job in London with a razor-blade manufacturing firm, in their advertising department. It will give me a chance to get to know a bit of London, and will help to pay for my last vacation. Having survived an English winter, I am convinced it was colder in Grahamstown some years, but perhaps this was only because I expected to be frigid here. Since I left K.C. I have heard from Bill Kirkham, 'Shoes' Greenwood, Alistair Ross, Harold Guest and Pitt Fennell. In eight weeks' time I have to write my finals in the part 1 of the Economics Tripos.

Winston Cordingley is now principal of the Cathcart High School.

Stephen Swinford of East London has also left for Rhodesia.

Roy Lilienfeld, who is in business in Johannesburg, visited Grahamstown and called in for a chat.

Bill Roderick, on his way southwards, also called in. He has booked his son to come to Kingswood in a few years' time.

Ted Lombard, on holiday, called in at the Masters' Common Room for a chat over a cup of tea. He is attending Wits. this year, doing a mining course.

Trevor Fancutt, 17-year old left-hander, won the Boys Singles title when he beat Ian Vermaak in straight sets, 6-3, 6-3. Ian Vermaak had recently won the National Trials tournament at Ellis Park. In a Johannesburg paper Damar Millet, professional tennis coach, writes: "To sum up, I consider those possessing the best prospects are Trevor Fancutt (17 years) and Ian Vermaak (18 years). Both have a generous share of all the essential qualifications required by potential champions, namely: (a) Concentration; (b) good technique; (c) footwork; (d) courage; (e) tactical ability; (f) match temperament. I feel confident that if some of these youngsters are sent to Europe in 1952 for the purpose of gaining experience, one or two of them will merit selection for the South African Davis Cup in 1953."

Frank Long of Clumber, and his wife, flew to America in April.

Ralph Wellington hitch-hiked in February's heat from Oudtshoorn to Hogsback.

Dr. Evan Judge has left East London and is now at Great Ormand Street Hospital in London, the famous children's hospital.

Walter Judge, an accountant in Grahamstown, has just left for England to attend a conference.

Merrill Pike, in his final year at Wits. (accounting), plays on the wing for the Varsity XV. In the recent University game with Cape Town he kept the interest alive with a magnificent try. U.C.T won 19-8. Pike plans to go to London for a year or two after qualifying.

Gavin Pike, his brother, after matriculating last year, has just entered university.

Jimmy Elliott continues to hit the news in the boxing world. At Cradock recently he won the C.H.M. Trophy for the best boxer of the day. He knocked out R. Birch of the Free State in the first round, after disposing of Beneke of Johannesburg in the second round. A. C. Parker, the Port Elizabeth sports correspondent has this to say of Elliott's recent bouts in Johannesburg. Under the heading "ELLIOTT SURPRISED EMPIRE CHAMPION", he writes: "According to all reports, by far the most popular—and talented—loser at the recent Olympic boxing trials in Johannesburg was the curly-haired Port Elizabeth light-middle, Jimmy Elliot. So impressed were Saba officials by Jimmy's showing against the Empire champion, Teuns van Schalkwyk, that they asked for his particulars. Which could mean that if anything happened to prevent Teuns going to Helsinki, Elliott might be called upon to deputise. Elliott's performance earned the biggest ovation of the tournament. Though we in the Eastern Province are well aware of Jimmy's ability, the Transvaalers didn't give him a hope of extending the rugged, hard-punching Empire champion—not even after Elliott's workmanlike job in stopping the Free Stater, Steyn. In the first round against Van Schalkwyk, Elliott, I'm told, boxed on the defensive. He had rather the worst of the second round, but in what sports writer Eric Shore described as "a fierce blood-tingling final round", the E.P. boy with the Freddie Mills features carried the fight to his opponent and actually outpunched him. Trainer Jack Minnie, in Jimmy's corner, had visions of a knock-out win and Rand critics agree that Van Schalkwyk, bleeding freely from cuts, was in real trouble. "Van Schalkwyk shaken by Cape opponent", ran one double-column headline. A Rand boxing fan, J. Skirving, in an unsolicited letter to Scotty Dikeos, says that Elliott would have beaten Van Schalkwyk had he adopted aggressive tactics sooner. I think the three-round amateur bouts are too short for Jimmy, who, incidentally, would have turned professional long ago but for his wife's opposition. Given the benefit of the sharp amateur competition prevailing on the Rand, I'm pretty certain Elliott today would be a South African champion. As the national championships are being held in Port Elizabeth this year, this clean-living youngster who loves boxing—he has, incidentally, twice won a trophy for the best abdominal muscles in a physical culture contest—may yet achieve what to him is a burning ambition.

Noel Longhurst is proudly and justly acclaimed as the champion of rugger in Southern Rhodesia. Under the heading "NOEL LONG-

HURST'S SERVICE TO SPORT", a Salisbury paper carries the following article:—

Rugby players in Matabeleland who play for the love of the game have a champion in Noel Longhurst—chairman of the Matabeleland Rugby Board for the last five seasons and, as far as I know, the youngest chairman the Board has ever had. His motto: "Sport for the masses, rather than for the star players only."

We had lunch together at Bulawayo last week and he took the opportunity of developing his pet theory for me. "In building up any sport," he said, "your plan should be based on the pyramid. It will give you strength in depth."

The broad base should be composed of lower league teams, tapering off to inter-provincial teams, with the national team at the apex. The star players, Noel feels, have the incentive to look after themselves; it is the second and third league players who need encouragement.

But Noel Longhurst is no clubhouse theorist. He sees that his ideas, developed over the last 25 years are put into practice. Since he took the Matabeleland Rugby Board chair shortly after the war the number of league teams has more than doubled.

Rugby in Rhodesia was for many years "a tale of two cities or boards"—Bulawayo and Salisbury, Matabeleland and Mashonaland. Believing this to be bad for the game Mr. Longhurst gave his full support to reviving the Rugby Union.

And it might almost be said that Frank Rosselli and Noel Longhurst breathed new life into it.

Money and representative matches are now distributed where they will do the most good. Last season both Northern Rhodesia and Manicaland had representative fixtures on their home grounds.

Noel Longhurst opposed playing off Russell Cup fixtures on a knock-out basis because he felt it was detrimental to the weaker centres. It is now played on a league basis and each centre has a match against the others.

Similarly he successfully pressed for the Van der Byl Shield to be competed for on the same basis.

Noel Henry Bing Longhurst was born in 1909. "It annoys me to think that although my people lived at Selukwe I was born while they were on holiday in South Africa," he says.

the only thing about his life which does not satisfy him is that he refused a university education.

The family returned to Selukwe while he was a few months old and in 1918 moved to Shabani. Noel was educated first at Plumtree and later, when his people move to Port Alfred, at Kingswood College, Grahamstown, 1926-1928.

At Kingswood he achieved the rare distinction of being awarded an Honours Cap as an outstanding rugger player. He played Rugby

for Eastern Province schoolboys and captained the school athletic team.

In the Eastern Province Athletic Championships he was beaten in the half-mile only by Ken Hall, who was later South African champion.

So anxious was Noel to return to Rhodesia that in 1929 he left home without permission and joined a bank at Bulawayo. He turned down his father's offer of a few years at a university but was persuaded to return to school for a final year.

He went to Milton, where he was awarded another Rugby Honours Cap.

He left Milton in 1930 to join Rhodesia Railways. He is now chief clerk of the African Affairs Department and is the youngest chief clerk on the Railways.

Though Old Miltonians fielded only a second league Rugby side Noel Longhurst joined them in that year and it speaks well for the selectors, even then, that he was picked to play for Matabeleland as a flank forward.

He continued to play for Matabeleland for the next eight years. He has every reason to believe that had he not been injured he would have been selected to play for Rhodesia against the Wallabies in 1933.

He captained Old Miltonians from 1932 to 1938 and Matabeleland in 1933 and 1935. When he was transferred to Livingstone in 1939 he captained the town side.

Though it has no bearing on his Service to Sport is is interesting to record that during the war Mr. Longhurst rose from the rank of sergeant through all the intervening ranks to major (1943) in the same company of the Northern Rhodesia Regiment. When the battalion sailed for Burma Major Longhurst remained behind because of attacks of blackwater fever and dysentery.

It was during his service in East Africa that he played his last game of Rugby. It was a match in which South Africa challenged the rest and shared in the 16-6 defeat.

With the exception of the war years and the year which he spent at Livingstone Noel Longhurst has been associated with Rugby administration.

In 1934 he was Old Miltonians' representative on the Matabeleland Board and was also elected a delegate to the Rhodesia Rugby Union.

CONSTITUTION OF THE OLD KINGSWOODIAN CLUB

REVISED AND AMENDED AS AT 14th MARCH, 1952.

1. NAME.—The name of the Club shall be "The Old Kingswoodian Club".

10/- per annum entitles the receipt of the magazine for the year of payment, and this annual subscription may accumulate to the Life Subscription.

- (b) *Honorary Members* may be elected at the Annual General Meeting on the nomination of any two Active Members. Names of nominees must, however, be submitted to the Executive Committee at least three months before the Annual General Meeting for their consideration and recommendation. Honorary Members shall be entitled to all the privileges of Active Members.

5. The financial year of the Club shall end on the last day of January.

6. The ordinary business of the Club shall be conducted by an EXECUTIVE COMMITTEE consisting of the President of the Old Kingswoodian Club, the Headmaster, the Honorary Secretary, the Hon. Assistant Secretary, the Hon. Branch Secretaries, the Hon. Treasurer, and not more than 9 (nine) other members, of whom at least 5 (five) must be resident in Grahamstown.

Non-resident members shall have the power of appointing representatives. At every annual meeting of the Club, all members of the Executive Committee (except *ex-officio* members) shall retire but shall be eligible for re-election.

Should any vacancy occur on the Executive Committee, through resignation or otherwise, this may be filled for the remaining term of the current year by the Executive Committee.

7. The Executive Committee shall meet at least once a term, and at other times as the Chairman, Headmaster and Secretary may deem necessary. Five members shall form a quorum.

8. The Executive Committee may delegate any of their functions and powers to sub-committee.

9. **POWERS OF THE EXECUTIVE.**—The management of the business, and the control of the Club, shall be vested in the Executive Committee, who, in addition to the powers and authorities by this Constitution expressly conferred upon them, may exercise all such powers as may be exercised by the Club.

10. **ACCOUNTS.**—The Executive Committee shall cause true accounts to be kept of the monies received and expended by the Club, and of the Assets, credits and balances of the Club; these accounts shall be audited by auditors duly appointed by the Executive Committee.

11. The Annual General Meeting shall be held at Kingswood College on Foundation Day; if Foundation Day falls on a Sunday, then on the

Saturday preceding; except in Reunion years, when the Annual General Meeting shall be held during reunion at such time as is arranged by the Executive Committee.

12. (a) Resolutions at a General Meeting shall be decided by a majority of the votes of those present, and if the demand is made, only Active Members shall have the right to vote.
(b) Active Members may vote by proxy, provided the Hon. Secretary is notified of such delegation of authority before the General Meeting.
(c) A general poll of Active Members shall be taken on any subject should at least 10 (ten) Active Members demand this at a General Meeting.
13. **PROPERTY.**—All property or effects belonging to or acquired by the Club shall be vested in trust with the Chairman of the Executive Committee and the Treasurer; all cheques paid on behalf of the Club must bear the signature of the Treasurer, countersigned by a member of the Executive Committee.
14. **LEGAL PROCEEDINGS.**—All suits at law by or against the Club shall be instituted or defended in the name of the Chairman and Honorary Secretary of the Executive Committee.
All powers of attorney, deeds and other documents shall be executed by the Chairman and the Honorary Secretary under the authority of a resolution of the Executive Committee.
15. **FUNDS.**—The funds of the Club shall be administered in the name of the Old Kingswoodian Club, and shall be operated upon in such manner as the Executive Committee from time to time decides.
16. **LIQUIDATION.**—The Club may be dissolved or wound up by resolution of not less than two-thirds of the votes at a meeting called specially for that purpose and of which one month's notice shall have been given to all Active Members. The Meeting shall also decide in what manner the surplus assets of the Club, after the satisfaction of debts, shall be applied.
17. **ALTERATION OF THE CONSTITUTION.** — The Constitution shall not be altered or amended save at an Annual General Meeting where two-thirds of the votes of the members in good standing shall be in favour of the alteration or amendment.
18. Notice of any amendment to the Constitution must be given at least 3 months before a General Meeting, such notice to be published in the College Magazine.
19. Branches may be established in any place provided the constitution thereof does not in any way conflict with the Constitution of the Club. The Executive shall rule whether a Branch has been properly constituted or not.

20. All resolutions adopted at an Annual General Meeting, Special Meeting or Reunion General Meeting shall be printed in the first College magazine published thereafter.
21. Club Colours shall be the College Colours.

NOTE 1: The present arrangements are:—

- (i) *Blazers* of black material with an Old Kingswoodian badge on breast pocket, and with buttons engraved with College Badge.
- (ii) *Cap* of black material, peaked, with raised badge.
