African National Congress

Toronto.

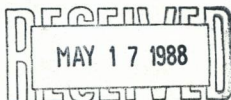

Dear Comrade Kotane,

Your recent letter of membership acceptance was much appreciated. It did bring back memories of my days back in the late 1950's with my work with the congress movement in Natal, and as a student leader in the 1960's working closely with the late Chief Luthali and then being detained, Banned and House Arrested and then continuing the struggle as an anti apartheid activist in England. The note seems to complete a circle.

I am going to be in Toronto for the AGM of the International Defence and Aid Fund on the 3<sup>rd</sup> of June when I hope to contact the office and work out some plans for Montreale. In the meantime we will keep you posted of developments here.

With warm greetings

Chengiah Ragaven.
