1982 - Year of unity in action

The Principal,  
SOMAFCO,  
Mazimbu.

18/10/82

Dear Cde. Tim,

Your letter dated 8/10/82 requesting basic stationery for the June/September 1983 period has reached me.

We can probably find donors for this purpose but it is useless asking for goods without stating quantities. And you surely do not expect me to assess the quantities for the school when all of you are on the spot. I would be absolutely unable to do so.

I therefore suggest that you calculate the quantities of all these goods and send me a firm requisition for these goods needed for the year.

Kindly do this as soon as you can so that we can get these requisitions off to the various sponsors.

I hear that there has been a complete turnabout as far as the number of teachers are concerned. This is a remarkable state of affairs and one which must ease that side of things for you.

In addition I am sure that Cde. Ticley's great experience in the teaching field must be of great help to everybody.

Here is hoping that I will be able to come round to Mazimbu shortly. In the meantime I await the requisition from you for that stationery order.

Regards to Cde. Mohammed, Ossie and all others there in Mazimbu.

Frtaernally,

*Wolfie Kodesh*
