Dear Stelios,

(i) ANC Circular on Khuphuka STEP

(ii) Premises for Khuphuka STEP

Herewith is the letter from the Treasurer-General of the ANC conveying the Organisations satisfaction with the establishment i of a volutary association governed by its own constitution and recommending donors to channel funds directly to the Project. (Two original copies will be posted to you today). May we wish Khuphuka every success. If there is anything further the ANC could do to assist in the future, please let us know.

Regarding premises for Khuphuka, you are requested to provide the following documments to facilitate our approach to Government:

a) a letter addressed to John Samuel requesting his assistance with the acquisition of premises; the letter should provide a short briefing on Khuphuka and stress its objective of providing training/employment for disadvantaged adults;

b) an annexure listing state facilities potentially available for the Project, stating who the present controlling authority is and indicating their suitability.

Please fax these to us and post the originals.

With regards,

/

MT
