THE WORLD GUIDE, published regularly since 1979, has earned its place among the essential reference volumes that no outward-looking home, school or library can be without. It is highly informative, with easy-access A-Z listing of all countries and a wealth of development information unavailable elsewhere. **The World Guide** is researched and edited by the Third World Institute in Uruguay in collaboration with a range of development and campaigning organizations throughout the South.

Their view of the world carries the distinctive stamp of an institute operating in the South able to view the West and its Euro-centric perspective of the world in a refreshing and often challenging way. This book prioritises the facts and issues that are central to the lives of people in Africa, Asia, the Middle East, Latin America and the Caribbean. **It gives you everything you will find in a conventional reference work, plus a whole lot more.**

The World Guide contains more than 600 pages of global information with over 250 maps, 650 diagrams, 10,000 references and an easy-to-use index. It divides into 85 pages on special development themes accompanied by 520 pages with country-specific information.

What they say:

"THE WORLD GUIDE PROVIDES DETAILED INFORMATION ON ALL COUNTRIES AND A COMMITTED LATIN AMERICAN PERSPECTIVE ON VIRTUALLY EVERY THIRD WORLD ISSUE. AS A REFERENCE BOOK IT IS INDISPENSABLE FOR ALL CONCERNED WITH NORTH-SOUTH RELATIONS."
- **Willy Brandt**, former Chancellor of West Germany.

"IT CONTAINS THE NAKED PORTRAIT OF REALITY."
- **Eduardo Galeano**, author of the historical trilogy on Latin America, *Memory of Fire*.

"OFFERING A THIRD WORLD PERSPECTIVE, THIS AMAZING REFERENCE WORK OF 628 PAGES WOULD SIT WELL IN THE LIBRARIES OF SCHOOLS AND COLLEGES ... TO FIND SUCH A DIVERSITY OF OPINIONS AND WEALTH OF DATA ADDS MUCH ... YOU COULD READ THIS FOR HOURS."
- **Times Educational Supplement**, United Kingdom.

Discover

UP TO DATE INFORMATION ON 217 COUNTRIES, arranged alphabetically for easy reference, with supporting charts, statistics and maps. **Profile of each country** including its environment, history, politics, economics and social setting.
