Walk-about

SPECIALLY invited Cape Town gallery
owner Esther Rouso conducted a walk-
about of the Andrew Verster Retrospective
Exhibition at the Durban Art Gallery this
week. Unfortunately she made little impact.
on the 20 or so people present. *

A rather different picture is likely to be
_ | painted by Professor Barry Bierman in next
/ weekâ\200\231s Thursday lunch hour slot at the gal-
lery. i ; ne

Professor Bierman, formerly of the Natal
Universityâ\200\231s department of Architecture, is a
witty speaker, whose sharp observations and
questioning mind widen oneâ\200\231s own â\200\230perspec-
| | tive. His talk is likely to take Versterâ\200\231s work
beyond its accepted context to reveal a dif-
ferent component. ae
