SIR, â\200\224 The purpose of this letter is to urge
itionâ\200\235 voters not to believe that the NRP has
any resemblance to the old UP. :

IresignedfromtheNRPln1980becauseI
believed then that Vause Raw was leading the
party steadily to the right and closer to the NP.

Since then, two former colleagues have left
for basically the same reasons, Nigel Wood re-
signed because of the referendum issue and
Warwick Webber was evicted. This leaves the
platform and the party to Raw and Miller with
no moderating infl X 3

The UP consisted of a spectrum of
which has now disappeared and only
tremerightwingofMPsremain.Toequatethis
with the old UP is ludicrous; that party died in
1977,

Finally, Frank Martin sh ould stay right where
he is now. In Parliament he would be one of nine
in the fourth biggest (i.e. the smallest) party and
sitting in the most junior position on a back
bench; hardly a place of influence and one with

zaery'limited speaking opportunities in major de-

So tomorrow place your vote for reform by
voting PFP. Letâ\200\231s keep Pinetown an Opposition
seat with an MP dedicated to fighting apartheid

and racism. :
