Histor .

The chairperson has received a letter from Comrade Sindiso stating that the work as set out in the History outline was not appropriate for a secondary school. The chairperson has written to object to the method of rejecting this previously accepted work i.e. without reasons given, supplying what appears to be an alternate outline again without any comment or explanation. We AGREED to ask for clarification on the whole method of working: our remit, the procedure with other committees. We should point out how we have worked; that the history outline was discussed by a seminar and all comments from other 7 committees and individuals were taken into consideration; also that we do expect criticism and comment, but not an unexplained rejection of work. -

The History panel will continue to work as planned. Another seminar will be held as soon as possible.

Journalism

Draft paper read to the meeting: We AGREED to propose that the Panel should proceed with (0) Journalism and propaganda to be a separate subject. Laura to join the Panel and Tony Hall to be invited ' to do so.

LITERATURE

Outline syllabus received from Dar. We discussed it and commented as follows: (i) We strongly support the use of oral tradition. Point out the work of P.Jordan.

(ii) Literature and socialism - should be part of the syllabus itself, not just a guidance to teachers.

(iii) Note French realists eg Lola, Balzac. Russian eg Turgenev. (iv) Suggest that instead of dividing topics into 5 years of study, all topic per year. they be spread across the 5 years so that each year covers all aspects at varying levels. This would mean for instance that students in the first year would be made aware of people's struggle in other parts of the world.

Our members were asked to submit any other suggestions for books to the Chairperson within a few days. Also proposed that we ask the Research Committee whether they have suggestions.
