3. Marius, Sherry McClean and child will move into Finn Flenstead's room

Evodia Magubane and Monica Phambo are O.K.
Constance can live in empty room at Unit 4 vacated by Ann Flazer
Glory and Pul can share a room at Double-Up 22
Mary and Thembi still have to be found accommodation
6. The following ^{new} double rooms being occupied by single people or with one child will have to be reviewed:-
 - a. That occupied by Joyce M. Mohammed
 - b. " " " M'Afrika Mkhonza
 - c. " " " Beauty and daughter
 - d. " " " Farieda Musajee (presently sharing with Dr. Williams who should be leaving soon?)
 - e. " " " Mrs. Mohlate and three children. But she does not work and has not worked for a very long time.

7. What is going to happen to Odessa? There should be room for at least 4 people in this house if it can be used for living accommodation.
8. Finally, Cd. Makgothi maintains that post matric students working on the complex and awaiting scholarships are technically students until they go and should be staying in the student dormitories. If this could be effected, a number of rooms could become available.
