Visit to Maiinbu by Comrade Hintsa Tshume

During his recent visit to the area, Comrade Hintsa requested the education sectors, and I presume other departments. to submit their long-term requirements. The four (4) education sectors met and drew up the enclosed list. which was then given to Comrade Hintsa.

We would like to draw ybur particular attention to items 4 and 10. The importance of these items to SOMAFCO as a whole need not be over emphasised. We would also like to point out that the items under 4 are estimates since we have no records whatsoever of monthly statistics under the present distribution of school needs. The health of our children is paramount.
