Dear Sir/Madam,

STATEMENT OF REASONS. -II v

I, Tebogo Rankoe, would like to attend the International Summer School, and in particular, the Special Graduate Course in special Education. This is due to the fact that, as a professional in Physical Culture, I would like to combine my knowledge in sports, in particular, and Physical Culture, in general, with the knowledge I will acquire in the Summer School, to be able to develop physical education and sporting programmes for the people who have the different handicaps that shall be studied during the course. '

"In my particular case, I would gain a lot from the combination of my profession, and the knowledge I will acquire at the Summer School; This will provide me with a greater field of operation in my occupation. I would be in a position to intergrate the handicapped individuals into society through sporting and physical educational activities, which in my opinion, is one of most important and feasible ways of intergrating them into society and getting our society to accept them, not as the handicapped, but as full members of the society, who deserve and have a right to all amenities and social programmes that are held. In the general, it will also help our movement, the African National Congress, to develop these programmes for the handicapped we have at the present moment amongst our ranks, and that would give us a better and very important base for the reconstruction of a free, democratic and non racial South africa.

Yours Sincerely. Tebogo Rankoe H.A. Phys. Ed.
