I request the DMD to allow Andrew Joseph Mohamed to work in the Eli Weinburg photolaborat
ry

He had worked there before in the period. of 1981 - 1982 and proved a competent photo-
grapher.

. I have spoken to him and he is interested in working in our department, I feel that he
would be of greet asset to our lab.

In the Year of Advance to People's Power 1

Yours sincerely,

Nigel Dennis.
