RE: NZA

The Dutch Foundation, NZA, will formally close 31-12-1999, unless the Foreign Ministry of The Netherlands, more particularly the Minister for Development Aid, decides to continue with the Foundation for another three years.

Several SA political parties have expressed the hope that the period will be extended. The

NZA funds are contributions to all SA political parties according to a basic sum for all parties with added funds based on electoral strength (the ANC, therefore, is the largest beneficiary).

The Board & Secretariat of NZA have made approaches to the Minister to extend the period. An additional factor to help persuade the Minister might well be the unanimous adoption of the attached resolution as proposed by the Freedom Front. Can you, please, request the Chief Whip and/or Caucus to give full support to this.
