**HONORARY GRADUAND
THE UNIVERSITY OF KWAZULU-NATAL**

Doctor of Social Science (*honoris causa*)

Dr Imtiaz Ismail Sooliman

Dr Imtiaz Sooliman is the founder of one of the most respected international humanitarian agencies – the Gift of the Givers Foundation. Set up in 1992, Gift of the Givers is the largest disaster response NGO of African origin, delivering R280 million of aid to millions of recipients in twenty three countries including South Africa. Dr Sooliman has served as its chairman and national co-ordinator since its inception.

Dr Sooliman qualified as a medical doctor at the former University of Natal Medical School in 1984. He served his internship at King Edward VIII Hospital in 1985, and commenced private practice in Pietermaritzburg in 1986, retiring from practice after eight years.

In 1993 Dr Sooliman was involved in the development of the world's first and largest containerised mobile hospital, delivered to Bosnia, and not replicated to date by any agency. This was followed in 1994 by the development of the world's first containerised primary health care clinic. In 2004 he innovated the world's first groundnut-Soya high energy and protein supplement called Sibusiso Ready Food Supplement.

Dr Sooliman has received awards from two successive South African presidents: the President's Order of the Star of South Africa (the highest civilian award in the country) from President FW De Klerk in 1993 and the Pietermaritzburg civic commendation award from President Nelson Mandela in 1997; and numerous personal and organisational awards. In July 2006 he received a Presidential Award from the Pakistan President, Pervez Musharraf, for his efforts in responding to an earthquake in Pakistan.

The University of KwaZulu-Natal honours Dr Sooliman with the award of Doctor of Social Science *honoris causa* for distinguished service to humanity.

The Graduation Ceremony

The graduation ceremony has a long history and is steeped in tradition. It dates back to the establishment of the first universities in Europe in the 12th century.

The Chancellor

“Chancellor” is an office that goes back to Roman times: the original chancellor or *cancellarius* (as the office was known), regulated access to the Roman Tribune. In medieval times, the office became associated with the heads of writing departments of the early kings. Because so few people were literate, a chancellor was necessarily learned. This is why the heads and spokespersons of the early universities were also accorded this title. More recently the office has become largely symbolic and the executive head of a university is its Vice-Chancellor. One of the Chancellor’s primary roles is to confer degrees at the graduation ceremonies.

Dr Zwelini Mkhize is the second Chancellor of the University of KwaZulu-Natal. His predecessor is Dr Frene Ginwala (2005-2009).

The Mace

The University of KwaZulu-Natal Mace was designed and executed by local sculptor Mr Zamokakhwe Gumede and is carved from an indigenous wood, Drakensberg bottlebrush (*umBande*), gathered from the artist’s home near Bergville.

The head of the Mace is made up of three opened book-like forms, suggestive of scholarship but also of the massive landscape forms of our province, onto each of which is placed a ruler, a pen and a pencil. These refer respectively to the scientific and computational, the text-based and the creative sides to the University’s work. Below this are an encircling set of heads, representing the diverse University community. The whole is surmounted by an alighting secretary bird (*iNtungunono*), an elegant and active bird found throughout the province and equally at home on land or in the air. At the foot of the Mace is a hoof-like shape, giving a sense of contact with the soil of Africa.

The carrying of the mace in procession symbolizes the University’s status as a degree awarding institution.

Academic Dress

The wearing of gowns by judges, ministers, teachers and scholars is an ancient and significant custom. By wearing a gown when receiving their degrees and diplomas, the graduating student participates in this long tradition and joins hands with students past and present.

The hood conveys the most amount of information with the addition of braid or coloured linings differentiating the different qualifications. The colour of the band or hood lining represents the Faculty, each of which has its own colour.

Convocation

After being capped by the Chancellor, each graduate moves across the stage and hands the hood to the Robing officer who represents the Convocation of the University. The Robing officer places the hood upon the graduate’s shoulders and, in so doing, symbolizes acceptance into the Convocation of the University of KwaZulu-Natal, the statutory body which links graduates of the University and through which graduates have the opportunity to play a continuing role in the affairs of the University.

The University Logo

The University Logo is a powerful visual symbol through which the University projects an image of excellence. In addition, it emphasises the University's standing and integrity within the province of KwaZulu-Natal and within the academic and business communities, at home and abroad and provides an identity around which internal stakeholders – staff and students – unite.

The African shield symbolises the protection of our most valuable assets, namely, education, culture and, by extension, African Scholarship. The globe with multi-coloured rays epitomises a rising sun, a new beginning and acts as a symbol of enlightenment.

Further, the globe represents the University as a global player, producing world-class graduates, while the multi-coloured rays embody diversity – race, culture, language – as well as social values. The book/wave/wings, which underscore the visual, represent the foundation of knowledge, the spirit of the eastern seaboard, and soaring to new heights.

The circular format of the Centenary Logo suggests unity and simulates a globe, representing UKZN as a world class university. The entire structure mirrors a coat of arms. Coats of arms are used to identify a community/family. The University is a community and 'family' within itself.

The University logo represents a University that is rooted in and responsive to Africa's unique qualities, challenges, diversities and strengths, while, at the same time, nurturing and protecting African Scholarship.

Celebrating 100 years of Academic Excellence

The University of KwaZulu-Natal (UKZN) will be celebrating 2010 as the centenary of academic excellence in the province of KwaZulu-Natal.

This marks the rich tapestry of varied history from the University College, Bechet College, Salisbury Island-University College, Medical School, Edgewood College, Pietermaritzburg, Howard College and later the University of Durban-Westville.

In January 1910, the Natal University College in Pietermaritzburg was established with 57 students – 49 men and 8 women operating from Maritzburg College.

Eight professors formed the staff of the College in 1910: Professors of Classics; Chemistry and Physics; Botany and Geology; English and Philosophy; Pure and Applied Mathematics; Zoology; Modern Languages and History; and Law. Undergraduates in 1910 paid R3.00 per month for tuition.

UKZN celebrates 100 years of consolidation of academia – we are celebrating a history of mergers, consolidations, reconfiguration and the present that we now enjoy – a university that stands out as one of South Africa's prominent universities and is one of three African universities ranked amongst the top 500 universities in the world.

UKZN Graduation Anthem: IHELE

(written and composed by Phelelani Mnomiya)

Obani labo?
Baphi?
Ngibona beza beyikazela
Bathwel' ongiyane
Bavela kuphi na?
Obani labo?
Ongqondongqondo, oSibakhulu
Yibo Laba
Yini na leyo
Ihele, ihele lezingwazi zakithi
Udwendwe lwezingwele zakithi
Nant' ihele loNgqondongqondo
Nant' ihele loSibakhulu
Udwendwe lwezingwele zakithi
Dedani bangene; kodwa nathi siyeza
Dedani badlule; nathi siyalandela
Sithi: halala, halala
Halala maqhawe esizwe sethu
Unwel' olude, inkonzo enhle
Sithi: halala!

GAUDEAMUS IGITUR

Gaudeamus igitur, juvenes dum sumus;
Gaudeamus igitur, juvenes dum sumus;
Post jucundam juventutem,
Post molestam senectutem,
Nos habebit humus, nos habebit humus.

Ubi sunt qui ante nos in mundo fuere?
Ubi sunt qui ante nos in mundo fuere?
Vadite ad superos, transite ad inferos,
Ubi jam fuere, ubi jam fuere.

Vita nostra brevis est, brevi finietur;
Vita nostra brevis est, brevi finietur;
Venit mors velociter, rapit nos atrociter,
Nemini parcetur, nemini parcetur.

Vivat Academia, vivant Professores,
Vivat Academia, vivant Professores,
Vivat membrum quodlibet,
Vivant membra quaelibet,
Semper sint in flore, semper sint in flore.
