

Comrade Chief Representative,
JAOTI.CQ(SQAO),
NAWITO .

I am very perturbed by trend of events at the Matola transit camp since my arrival late October. Moral standards are so low that within six months I have handled four pregnancy cases and a near miss one, all from within the camps Swaziland and Maputo. I have tried to buy and supply protective devices to both male and female comrades, available at all times but this facility is ignored at the expense of the organisation. The mixing of new recruits Another worrying aspect is that with undisciplined trained cadres. This results in the recruits adopting wrong attitudes and impressions even before they go into their various fields of their choices, misled by the senior group

Signed: Qua M52;
F.E. Maleka.
